PART I.

Lists of Candidates eligible for posts of over Rs. 50 in the Revenue Department.

No. R. 8978-87—L. R. 173-14-19, dated 20th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 7004, dated 4th December 1915, from the Revenue Commissioner in Mysore, regarding the preparation, under Government Order No. R. 6701-10—L. R. 173-14-1, dated 3rd February 1915, of a list of candidates eligible for posts of over Rs. 50 per mensem in the Revenue Department.

Order No. R. 8978-87—L. R. 173-14-19, dated 20th March 1916.

The following further instructions are issued for the preparation, etc., of the list referred to above:—

(i) Each Deputy Commissioner may be requested to send up to the Revenue Commissioner before the end of January and July of each year, three lists showing,

(*a*) Officials in the district eligible for the post of District Sheristedar,
(*b*) " " " Head Clerk, and
(*c*) " " " other posts of over Rs. 50

giving full particulars regarding the official's pay, service, qualifications, character, etc.

(ii) On receipt of the above lists, the Revenue Commissioner will prepare three corresponding consolidated lists, the names being arranged in the order of seniority as determined by the length of total service of the officials and send them up to Government for approval, before the end of February and August of each year.

(iii) After the consolidated lists are approved by Government, they may be circulated among the Deputy Commissioners for selecting therefrom suitable candidates for appointment as vacancies arise.

(iv) The names of Sub-Registrars need not be included in these lists.

The Deputy Commissioners of Districts.

Duties of the District Maramat Establishment.

No. R. 9066-75—L. R. 332-15-2, DATED 22ND MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Para 7 of Government Order No. R 8164-74—L. R. 193-13-2, dated 28th April 1914, laying down the programme of work to be entrusted to the Maramat establishment.

2. Para 2 of Government Order No R. 10843-52—L. R 477 11 3, dated 26th May 1915, passing orders regarding the periodical inspection of restored tanks, both major and minor and the responsibility for the due maintenance thereof after they have been handed over to the Revenue Department for up-keep.

3. Letter No. 5107, dated 27th October 1915, from the Revenue Commissioner in Mysore, forwarding with his observations copy of letter No. 209, dated 6th September 1915, from the Deputy Commissioner, Shimoga District, soliciting instructions as to whether the Government Order dated 26th May 1915 should be interpreted to mean that the Maramat establishment should not ordinarily be employed on the supervision of the execution of maintenance works to restored major and minor tanks, and stating that in his opinion such work also should devolve on the Maramat agency.

Order No. R. 9066-75—L. R. 332-15-2, dated 22nd March 1916.

The rules laid down for the maintenance of restored tanks (major and minor) (*vide* para ix of Government Proceedings, dated 15th December 1904, on pages 699-701 of the Revenue Manual) prescribe that the maintenance work should be got done by the Patel, Shekdar and Amildar and in special cases by the officers of the Public Works Department. These rules read in conjunction with para 7 of Government Order, dated 28th April 1914, and para 2 of Government Order, dated 26th May 1915, leave no doubt as to the agency to be employed in such cases. The Tank Inspectors and Sub-Overseers who constitute the subordinate staff of the Maramat agency are expected to help the Amildar and the Sub-Divisional Assistant Commissioner in the execution of the above maintenance work in the case of *major* tanks so long as their primary duty of supervising the construction, restoration and maintenance of *minor* tanks is not interfered with.

Exd.—C.R.

No. R. 9090—L. R. 1-14-432, DATED 23RD MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ –

Government Order No. R. 3634—L. R. 258-13-6, dated 18th November 1914, declining to recognize the claim of the raiyats of Nosenoor village, Anekal Taluk, to graze their cattle on the gomal lands of the adjacent village of Kadajakkanahalli in the same taluk, on the ground that there was nothing in the survey or other records to show that such a right had been conceded to them at the time of Survey and Settlement of the taluk.

2. Petition dated 16th June 1915, from the raiyats of Nosenoor village, stating that the gomal land of their village is quite insufficient for their own cattle while that of the Kadajakkanahalli village is much in excess of the requirements of its cattle and praying for a reconsideration of the order and for permission to graze their cattle in the gomal lands of Kadajakkanahalli.

3. Unofficial opinion dated 12th August 1915 of the Revenue Commissioner in the matter of the interpretation of Section 39 of the Land Revenue Code so as to empower him to set apart gomal lands already assigned to one village for the use of another village.

Order No. R. 9090—L. R. 1-14-432, dated 23rd March 1916.

It is clear from the records that the extent of gomal land assigned to Nosenoor is quite insufficient for its cattle, while that assigned to Kadajakkanahalli is far in excess of the requirements of its cattle. It is therefore necessary to distribute the gomal lands equitably between the two villages.

2. Government are of opinion that, under Section 39 of the Land Revenue Code, the Revenue Commissioner has himself the authority to set apart gomal land already assigned for one village for the use of another village. He is therefore requested to dispose of the above case accordingly.

P. G. D'SOUZA,
Secy. to Govt., in charge, Rev. Dept

Calendar for Village Improvement Scheme Work, 1916-17.

No. R. 9232-42—L. R. 15-15-135, DATED 28TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 9232-42—L. R. 15-15-135, dated 28th March 1916.

The accompanying calendar showing the dates on which the several important items of work in connection with the Village Improvement Scheme should be attended to during the year 1916-17 is forwarded to the Revenue Commissioner and the Deputy Commissioners of Districts for guidance.

2. The Village Statistics for 1915-16 should be collected in the same way as in the last year, timely arrangements being made by the Deputy Commissioners to obtain and supply the Village Committees or the village officers as the case may be by the 15th of May next with copies of the form of village statistics in Kannada at the rate of two copies for each village, one for being kept in the village for reference and the other being sent to the Taluk Progress Committee or Amildar after being duly filled up. The Superintendent, Government Press, is requested to supply the Deputy Commissioners with the requisite number of copies of the form.

3. The Superintendent, Government Press, is also requested to supply copies of the consolidated return of Village Statistics both in English and Kannada as indicated in the annexed list by the 15th June 1916.

4. The formation of new Village Committees in accordance with Government Circular No. R. 4497-505—L. R. 15-15-63, dated the 4th November 1915, should be completed by the end of June 1916.

5. The Sub-Division Officers should take the necessary action in the matter of appointing new members to the Village Committees for the year 1916-17 in accordance with the instructions contained in Government Order No. 6058-107—L. R. 430-13-1, dated the 6th February 1914. This work should be completed by the 15th July 1916 and arrangements made to get the record of progress for June 1916 from each Village Committee by the 5th July 1916.

No. R. 8587-95—AGRI. 9-15-8, DATED 8TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 10111, dated 4th February 1916, from the Revenue Commissioner in Mysore, submitting the statement showing the losses in cattle of various kinds in the State, during the quarter ended 30th September 1915, together with a copy of his review thereon

Order No. R. 8587-95—Agri. 9-15-8, dated 8th March 1916.

Recorded.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

REVENUE COMMISSIONER'S REVIEW.

Recorded.

The accompanying statement shows the extent of cattle mortality in the several districts during the quarter under review as compared with the corresponding period of the previous year. It is satisfactory to note that there has been a noticeable fall in the number of deaths due to accidents and other causes which has led to an appreciable decrease in the aggregate mortality during the period in question.

Statement showing the losses in cattle of various kinds in the State for the quarter ending the 30th September 1915.

No. R. 8792-801—AGRI. 46-15-2, DATED 14TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 9721, dated 28th January 1916, from the Revenue Commissioner in Mysore, forwarding the report of the Superintendent of the Civil Veterinary Department in Mysore, on the working of the Department during the year 1914-15.

(Printed as Accompaniment.)

Order No. R. 8792-801—Agri. 46-15-2, dated 14th March 1916.

Recorded.

2. There was a slight fall in the total number of fresh admissions and the number of cases treated daily, from 18,632 and 66,934 last year to 16,937 and 61,488 respectively during the year under review. Government are however glad to hear that the work done during the year under review was of a higher quality and that the Department is becoming more and more popular.

3. The question of improving the existing Veterinary Hospitals and Dispensaries and of opening new ones is under the consideration of Government and the Revenue Commissioner is requested to expedite his proposals as promised in his letter.

4. The Revenue Commissioner's attention is invited to para 2 of Government Order No. R. 7656—Agri. 61-14-2, dated the 5th March 1915, and he is requested to furnish in future reports, statistics throwing light on the prophylactic value of inoculation in arresting the spread of cattle diseases.

5. A separate reference may be addressed to Government regarding the Superintendent's recommendations for the appointment of Veterinary Inspectors as members of local Municipal Councils and similar bodies and for the introduction into Bangalore District of the rules for the inspection of tonga and jutka ponies.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Director of Agriculture in Mysore.
The Deputy Commissioners of Districts.

No. R. 8792-801—AGRI. 46-15-2, DATED 14TH MARCH 1916.

Letter No. 9721 –1, dated 28th January 1916, from the Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to forward herewith a copy of the report on the working of the Civil Veterinary Department for the year 1914-15, and to state as follows :—

All the Veterinary Hospitals and Dispensaries continued to do good work during the year under report. The total number of fresh admissions and the number of cases treated every day in all the Veterinary Institutions was 16,937 and 61,843 respectively. The number of fresh admissions and the number of cases treated every day was, as in the previous year, the largest in the Mysore Veterinary Hospital being 3,180 and 10,976 respectively. An additional establishment of four Assistant Veterinary Inspectors and four Salustris was sanctioned for a period of three years for campaigning against rinderpest in the frontier taluks. For want of qualified hands only one Assistant Veterinary Inspector was entertained and he was employed mainly on inoculation work in infected areas. The total number of cattle inoculated was 3,570 as against 2,058 in the previous year. Preventive inoculation was resorted to in almost all the districts and it is satisfactory to note that this method of treatment is becoming more and more popular among cattle owners.

The itineration of the Superintendent, Civil Veterinary Department, was satisfactory. He inspected all the Veterinary Institutions twice during the year and attended to other useful miscellaneous work. The Assistant Veterinary Inspectors toured within their respective Districts and gave useful instructions to cattle owners regarding preventive and curative treatment of cattle diseases.

The Superintendent again urges the need for the opening of additional dispensaries and represents that the entertainment of four extra hands does not enable the Department to bring under control cattle epidemics in time. In the matter of his representation for better buildings and equipment separate proposals will be submitted.

Report on the working of the Civil Veterinary Department in Mysore during the year 1914-15.

Though the prospects of the season were fair the condition of cattle was not so very satisfactory and frequent complaints of insufficiency of fodder and water were made from various parts of the State.

Foot and mouth disease had broken out as usual throughout the State from January 1915 to April 1915, but unfortunately rinderpest the most destructive of the bovine scourges had again broken out in an epidemic form in parts of Mysore, Shimoga and Chitaldrug Districts and in an endemic form in parts of Bangalore, Tumkur and Hassan Districts. A few cases of Black-quarter were also reported from one or two villages in Mysore and Kolar Districts, while sporadic form of Septicæmia Hæmorrhagica and Anthrax was confined only to parts of Hassan, Kolar and Kadur Districts.

Treatment of diseases.—There were eight Veterinary Hospitals and Dispensaries one at the headquarters of each district under an Assistant Veterinary Inspector and an extra assistant was also attached to each of the Districts of Mysore, Bangalore and Shimoga, where the work both in the headquarters and in the districts was very heavy. The total number of fresh admissions during the year was 16,937 as against 18,622 in the previous year while the total number of cases treated daily was 61,843 while it was 66,934 in 1913-14. (This fall is due to the absence of foot and mouth disease during certain parts of the year in malnad tracts.)

Investigation and research.—Report of the outbreak of peculiar diseases known as ಹಂಗಿ ರೋಗ in Talaguppa and ಜಳಪರೋಗ in Kanle villages in Sagar Taluk, were received and the Assistant Veterinary Inspector in charge of the Shimoga District could not arrive at a satisfactory diagnosis. I visited the villages with the Assistant Veterinary Inspector in November 1914 and made a thorough investigation of the diseases and made out that ಹಂಗಿ ರೋಗ was nothing but Anthrax ನಂಜುರೋಗ (as spleen is known as ಹಂಗಿ) ಜಳಪರೋಗ was Black-quarter ಜಪ್ಪಿರೋಗ, (as the animals suffering from the disease were very lame and could not walk ಜಳವ (unable to walk) and gave the cattle owners the necessary instructions regarding the curative and preventive treatment of those diseases and the Assistant Veterinary Inspector was also instructed to inoculate cattle whenever the diseases broke out in those places.

No. R. 8792-801—AGRI. 46-15-2, DATED 14TH MARCH 1916.

VETERINARY HOSPITALS AND DISPENSARIES.

(a) *Bangalore Veterinary Hospital.*—The Superintendent, Civil Veterinary Department, was in charge throughout and was assisted by Assistant Veterinary Inspector Messrs. G. Subramanya Iyer, G.B.V.C. and L. V. Sallamiengar, G.B.V.C., Mr. K. N. Srinivasan who was on leave till the end of January 1915 was transferred to Shimoga. The total number of cases treated daily was 10,676. There were 43 in-patients. There were 141 major and minor operations of which 34 were cases of castration. The Junior Assistant Veterinary Inspector Mr. L. V. Sallamiengar was on tour for fifteen days, travelled 136 miles by road and 145 by railway and inoculated 205 cattle against rinderpest. He also attended the cattle shows at Ghati Subramanya and Kabbal. The shoeing work is carried on very satisfactorily.

(b) *Mysore Veterinary Hospital.*—Mr. R. M. Patankar, G.M.V.C., was in charge till the end of October 1914 and his place was taken by Mr. K. Krishniengar, G.B.V.C. of Chikmagalur. Mr. M. R. Kenchiah, G.B.V.C., Extra Assistant Veterinary Inspector, was also attached to the Hospital for the necessary practical training in hospital and inoculation work. The total number of cases treated daily was 10,976. There were 24 in-patients. The number of major and minor operations was 339, of which 35 were cases of castration. The Assistant Veterinary Inspectors itinerated 73 days and travelled 739 miles by road and 1,100 by railway. They inoculated 1,549 cases against rinderpest and 112 against Black-quarter. The Senior Assistant Veterinary Inspector Mr. K. Krishnaiengar, attended the cattle shows in Chunchankatte. Chikarasinakere, Maddur, Nanjangud and Chamrajnagar. Though a farrier was appointed no shoeing work was done in the Veterinary Hospital. The Hospital was inspected by me from 1st to 4th October 1914 from 5th to 6th March 1915 and from 14th to 15th June 1915.

(c) *Chikmagalur Veterinary Hospital.*—Mr. K. Krishna Iyengar, G.B.V.C., was in charge till 17th November 1914; and was then transferred to Mysore District. He was relieved by Mr. C. Narayana Iyengar, G.B.V.C. of Kolar. The total number of cases treated daily was 8636. There were 56 in-patients. The number of major and minor operations was 246 of which 25 were cases of castration. The Assistant Veterinary Inspector itinerated fifty days and travelled 930 miles by road and 303 miles by railway. Mr. C. Narayana Iyengar, Assistant Veterinary Inspector attended the cattle show at Antharkatte. The shoeing department is doing very good work. The Hospital was inspected by me from the 18th to 22nd December 1914, and from 28th to 30th May 1915.

(d) *Shimoga Veterinary Hospital.*—Mr. N. R. Srinivasa Iyengar, G.B.V.C., was in charge till 15th February 1915, and his place was taken by Mr. K. N. Srinivasan, G.B.V.C. An extra Assistant was also attached to the Hospital, where the work was very heavy. The total number of cases treated daily was 7,921 and the number of in-patients was 6. The number of major and minor operations performed was 126, of which 50 were cases of castration. The Veterinary Assistant itinerated 99 days, travelled 1,568 miles by road and 736 miles by railway and inoculated 902 cattle against rinderpest. Mr. N. R. Srinivasiengar attended the cattle shows at Rampur and Kudlu. The shoeing department is doing good work. The Hospital was inspected by me from the 29th to 31st August 1914, and from 19th to 20th November 1914, and from 29th to 30th April 1915.

(e) *Tumkur Veterinary Dispensary.*—Mr. N. Krishniengar, G.B.V.C., was in charge till 23rd February 1915, and his place was taken by Mr. B. V. Venkatachari, G.M.V.C. of Hassan. The total number of cases treated daily was 6,045. There were 27 in-patients. The total number of operations performed was 187, of which 65 were cases of castration. They itinerated fifty-five days, travelled 674 miles by road and 153 miles by railway and inoculated 242 cases against rinderpest and 12 against Black-quarter and also treated 12 cases during itineration. They attended the cattle shows at Nagalmadike, Yedeyur Kyamenahalli, Maddagiri, Gubbi and Chiknayakanhalli. The Shoeing Department is doing good work. The Dispensary was inspected by me on the 5th July 1914, on the 9th October 1914, and from 26th to 28th April 1915.

(f) *Kolar Veterinary Dispensary.*—Mr. C. Narayana Iyengar, G.B.V.C., was in charge till the end of October 1914, and his place was taken by Mr. N. R. Srinivasiengar, G.B.V.C. The total number of cases treated daily was 6,695. There were 8 in-patients. The number of major and minor operations was 212, of which 55 were cases of castration. Mr. N. R. Srinivasiengar itinerated eighty days and travelled 766 miles by road 685 miles by railway and inoculated 24 cases against Anthrax and also treated 150 cases during itineration. He also attended the cattle shows at Vokkaleri, Vanarasi and Avani. The Dispensary was inspected by me from 30th to 31st March 1915, and from 22nd to 23rd June 1915

(*g*) *Hassan Veterinary Dispensary.*—Mr. B. V. Venkatachari, G.M.V.C., was in charge till 14th November 1914, and his place was taken by Mr. K. G. Ranga'.na, G.B.V.C., of Chitaldrug. The total number of cases treated daily was 6,219 and the number of in-patients was 24. The number of operations performed was 99. The Veterinary Assistant itinerated fifty-eight days and travelled 921 miles by road and inoculated 70 cases against rinderpest and also treated 88 cases during itineration. They also attended the cattle shows at Hassan, Ramnathpur and Sravanabelagola. The Dispensary was inspected by me from 17th to 19th January 1915, and from 24th to 26th May 1915.

(*h*) *Chitaldrug Veterinary Dispensary.*—Mr. K. G. Ranganna, G.B.V.C., was in charge till the end of October 1914, and his place was taken by Mr. R. M. Patankar, G.M.V.C., of Mysore. The total number of cases treated daily was 4,675 and the number of in-patients was only 5. The number of major and minor operations performed was 44, of which 7 were cases of castration. The Veterinary Assistants itinerated one hundred and eight days travelled 1,602 miles by road and 1,053 miles by railway and inoculated 454 cattle against rinderpest. Mr. R. M. Patankar attended the cattle show at Harihar. The Dispensary was inspected by me from 24th to 25th September 1914, and from 29th to 30th June 1915.

The following statement shows the number, kinds of animals and the diseases for which they were treated in the Veterinary Hospitals and Dispensaries during the year 1914-15.

No. R. 8792-801—AGRI. 46-15-2, DATED 14TH MARCH

1914-15.

7	Hassan	do	235	1,193	203	55	91	116	696	132	27	13	14	231	559		1,897	1,725	2,199	6,219	5,423	7,582
8	Chitaldrug	do	195	657	29	78	2	197	274	33	11	9	...	75	421		961	982	1,469	4,675	7,369	6,741
		Total	2,121	11,108	2,645	718	345	661	5,243	1,093	426	301	108	2,638	6,467		16,937	18,672	17,761	61,843	66,964	65,636

The above statement fully explains that though the number of cases treated during the year was somewhat less than that of last year the nature of the work done was of a higher quality and that all the Assistant Veterinary Inspectors had shown better work both in their Hospitals and in the districts. Public confidence has also increased and the demand for the services of the Veterinary Officers has also been increased enormously.

Preventive inoculation.—Last year Black-quarter had broken out in a severe form but in 1914-15, there was a recrudescense of rinderpest which necessitated inoculation on a larger scale. Preventive inoculation has become so popular that cattle owners in infected areas have been urging for inoculation against all contagious diseases and the indifference and opposition on the part of the raiyats have been completely removed.

District	Rinderpest	Black-quarter	Anthrax
Bangalore	205	...	...
Mysore	1,549	112	...
Kadur	...	...	..
Shimoga	902	...	...
Tumkur	242	12	...
Kolar	...	...	24
Hassan	70	...	...
Chitaldrug	454	...	...
Total ...	3,422	124	24

Cattle shows.—Cattle shows were held as usual at Mysore, Chunchankatte, Hemagiri, Himathgopalabetta, Kotebetta, Kurighatta, Maddur, Nanjangud, Mudakatore and Chikkarasinkere (Mysore District) Ghati Subramanya and Kabbaldurga (Bangalore District) Gubbi, Maddagiri, Nagalmadike, Kyamenahalli and Chiknayakanhalli (Tumkur District) Vokkaleri, Avani and Vanarasi (Kolar District) Hassan, Ramnathpur and Sravanbelagola (Hassan District) Anthargatte (Kadur District), Rampur, Kudli and Channagiri (Shimoga District), Haribar and Anegod (Chitaldrug District). Of the shows those at Ghati Subramanya Chunchankatte and Hemagiri were not well attended and the collection of cattle was not very good and the demand for good cattle was not also as great as in the previous year. As the Haribar cattle show was held during the jatra time the collection of cattle was one of record and the traffic in cattle was also very good.

Cattle breeding.—The Civil Veterinary Department has under its supervision four Hallikar breeding bulls one in Bangalore (maintained by the Agricultural Committee) two in Hassan and one in Shimoga District. Two hundred and seven cows were covered during the year with very good results. As the demand for superior breed is very great in other districts also it would be better if other districts are also supplied with good breeding bulls.

Itineration.—The Superintendent, Civil Veterinary Department, spent 116 days in itineration, travelled 4,993 miles by railway and 1,101 by road and inspected all the Veterinary Hospitals and Dispensaries twice during the year and also visited the bordering taluks of Mysore, Shimoga, Tumkur, Chitaldrug and Kadur Districts for investigation and inoculation. He also treated 156 cases of contagious diseases such as foot and mouth diseases, rinderpest and various other constitutional diseases. He attended the cattle shows at Ghati Subramanya, Hemagiri, Haribar and Mysore and delivered lectures on cattle diseases. He also attended the various meetings of the Dairy Farm Committee and gave them the necessary help regarding the formation and supervision of Dairy Farms. The Assistant Veterinary Inspectors itinerated in their respective Districts, travelled 7,336 miles by road and 5,552 miles by railway and gave useful instructions to cattle owners regarding treatment of cattle in health and diseases. They also treated during itineration 250 cattle for various complaints and castrated 271 animals. They also attended the various cattle shows in their districts and were of much help to the Judging Committee. The Assistant Veterinary Inspectors also inspected all the Tonga and Jutka ponies plying for hire or carrying mail bags throughout the Province, except in the Bangalore District, where the Act has not been brought into force. As Bangalore District has got the largest number of Jutka ponies I would strongly recommend that the rules should be enforced at once.

Lectures and demonstrations.—The Veterinary Library is now thoroughly equipped and contains all the books available for reference in English language. The Civil Veterinary Department is supplied with all the Veterinary Journals in English language and I regret that though these have been regularly circulated among the District Veterinary Inspectors very few only have taken the trouble to make intelligent use of them. The Superintendent

of the Civil Veterinary Department delivered lectures on important veterinary matters during the cattle shows. During the year he had to take charge of the veterinary class of the Hebbal Agricultural School and delivered lectures in Veterinary anatomy, Physiology and Veterinary medicines and surgery. He also supervised and examined the students of the special agricultural class attached to the Training College at Mysore. As suggested by the Inspector-General of Education in Mysore he also wrote a book on cattle diseases for the use of the village schools. Some of the Assistant Veterinary Inspectors have also delivered lectures on veterinary subjects during the cattle shows held in their districts and some of them have even been published by the District Boards.

Formation of a Mobile Corps.—To prevent and to bring under control the various epidemics breaking out in the bordering taluks of Mysore and Madras Presidency, Government were pleased to sanction in their Order No. R. 7016-17—Agri. 36-14-8, dated 16th February 1915, the formation of a Mobile Corps consisting at present of 4 extra Assistant Veterinary Inspectors and four Salustris. These are to be attached to the bigger districts and whenever any necessity arises to organize a regular inoculation campaign these had to form into a mobile party and work with the Veterinary officers in charge of the bordering districts of Madras Presidency. I do not think that the entertainment of four extra hands could bring the cattle epidemic under control in time. These Veterinary Assistants have been attached to important districts and they could hardly have chances of knowing people and their surroundings to infuse confidence in other districts which they visit only when an epidemic breaks out but on the other hand if Veterinary Dispensaries are opened in every Sub-Division the Veterinary Inspectors will have frequent chances of visiting the taluks in their Sub-Divisions either on inoculation work or for treatment of cattle for various constitutional diseases and will have enlisted the sympathy and co-operation of cattle owners who would gladly avail of the services of the Sub-Division Veterinary Inspectors. As the Veterinary Department exists primarily for the benefits of the Agricultural community on whose prosperity the welfare of the country depends it has strong claims on the public purse and I am hopeful that Government would be pleased to build model Hospitals in the District Headquarters and to equip them better but at the same time Government would also be pleased to sanction the opening of some more dispensaries in important Sub-Divisions so that there may not be any paucity for veterinary help near at hand.

As we are on the eve of great sanitary reforms it is necessary that the veterinarian should take a large share in the preservation of the health of the general public. Experience has sufficiently proved that the health of the public is constantly menaced by danger of a double origin, not only may disease and death have a human source but they have an animal source as well. Many diseases such as Glanders, Anthrax and Tuberculasis may be conveyed from animal to man. With his intimate knowledge of the various phases of animal diseases he is well fitted to assist in the safe-guarding of man from diseases of an animal origin. Under these circumstances I beg to strongly recommend that the Veterinary Inspectors should be made members of the local Municipal Councils, the District Sanitary Boards and of the District Agricultural Conferences.

I may be permitted to state that the Veterinary Department has received every help from the various Revenue Officers and the Imperial Bacteriologist and beg to offer them all the hearty thanks of the Department.

Narasimhaparvata State Forest.

No. R. 8426-29—Ft. 94-15-4, dated 1st March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Notification No. R. 8059—Ft. 139-06-3, dated 6th March 1907, declaring, under Section 4 of the Forest Regulation, the proposal to constitute certain lands in the Koppa Taluk as a State Forest as Narasimhaparvata block and appointing a Forest Settlement Officer to conduct the enquiries, etc.

2. Letter No. 6184, dated 19th November 1915, from the Revenue Commissioner in Mysore, submitting the report* of the Forest Settlement Officer on the settlement of the block together with the papers relating to the settlement.

3. Letter No. 7212, dated 12th January 1916, from the Conservator of Forests in Mysore, stating that he is agreeable to the settlement effected.

* (Printed as accompaniment with Encs. B and C Registers.)

Order No. R. 8426-29—Ft. 94-15-4, dated 1st March 1916.

Government approve of the settlement effected by the Forest Settlement Officer. The notification under Section 17 of the Forest Regulation declaring the block a State Forest with effect from the 1st May 1916 will be published in the Gazette.

2. The Deputy Commissioner, Kadur District, is requested to duly promulgate the boundaries of the forest in the localities in which they are situated.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent, Mysore Revenue Survey and Settlements.
The Deputy Commissioner, Kadur District, with the map and the B and C Registers.

Exd.—S.R.

No. R. 8426-29—Ft. 94-15-4, dated 1st March 1916.

NOTIFICATION

No R 8430—Ft. 94-15-5, dated 1st March 1916.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st May 1916, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof —

SCHEDULE

District	Taluk, hobli and village	Approximate area	Name of block	Boundaries
Kadur	KOPPA. *Kigga hobli* 1. Asanbalu. 2 Masigi. 3. Kigga. 4 Yedadalli 5 Balikodi 6 Kere. 7 Gulganjimane. 8. Muduba. 9 Karakki Coffee Estate	26 16 square miles.	Narasimhaparvata.	*Situation*—The forest of the western ghat range in the Koppa Taluk lying between Koppa-Agumbi road and the river Tunga to the west of the Sringeri Jahgir. *North*—Starting from the north-west corner of Survey No 27 of Masigi, the line runs north-east along its north side to its easternmost corner, which is also the trijunction of Balehalli village in the Tirthahalli Taluk, and Asanbalu and Masigi villages of the Koppa Taluk, then in the same direction along the west side of Survey No 76 of Asanbalu to the south-west corner of Survey No. 89 of the same village, then south-east through the said Survey No 76 for about 53 chains to meet its east side at a point about 11 chains west from the north-west corner of Survey No 74, then south for 5 chains along the said east side to the northernmost corner of Survey No 75, then south-east for about 2 chains along its north side to its north-east corner, then south-east through Survey No 72 of the same village for about 56 chains to the junction of two hallas about 5 chains west from the south-west corner of Survey No 71 then south through Survey No 72 for about 25 chains to meet the north side of Survey No 1 of Masigi at a point about 19 chains east from its north-west corner, then south-east through the same survey number for about 55 chains to the south-west corner of Survey No 21 of the said village, then north-east along its south side to its south-east corner *East*.—Thence south along the western boundary of the Migga village for about 68 chains (east side of Survey No 18 of Masigi) to the north-east corner of Survey No 12 of Masigi, then west along its north side to its north-west corner, then south-west along its west side to its westernmost corner, then south-east along its west side to its south-west corner, then south-west through Survey Nos 49 and 45 of Kigga for about 60 chains to meet the west side of the latter survey No where a halla crosses it at a point about 18 chains west from the northernmost corner of Survey No. 47, then south-east through Survey No. 45 in a straight line for about 43 chains to a point about 16 chains west from the westernmost corner of Survey No 52 of Kigga, then in the same direction through the said Survey No. 45 in a straight line for about 42 chains till it meets a ridge at a point about 43 chains south from the south-east corner of Survey No. 52, then south through the same Survey No 45 for about 106 chains to the south-west corner of Survey No. 38, then south-west along the west side of Survey No. 119 of Yedadalli for about 15 chains till it meets a big halla, then across it, then south through the said Survey No. 119 for about 60 chains to a point on its south side about 5 chains west from the north-east corner of Survey No. 113, then south through Survey No. 106 for about 63 chains to a point on its south side, about 16 chains north-west from the north-west corner of Survey No. 103, then in the same direction through Survey No. 99 for about 22 chains till its meets a halla, then south-east through the said Survey No. 99 for about 44 chains meeting its south side at a point about 34 chains east from its south-west corner, then north-east along the said south side for about 68 chains to the south-east corner of Survey No 88, then south-east along the west side of Survey No. 42 of Yedadalli for about 22 chains to the trijunction bandhs of Sunkadamakki, Yedadalli and Balikadi villages, then south-east along the western boundary of Sunkadamakki to the northernmost corner of Survey No. 1 of Karakki Coffee estate, then south-east along its east side to its south-east corner on the bank of the Tunga river, then along the said bank in a south-westerly direction to the south-west corner of the said Survey No 1 of the Karakki Coffee estate, then north-west through Survey No 51 of Balikadi in a straight line for about 58 chains to the junction of two hallas at a point about 13 chains

No. R. 8426-29—Ft. 94-15-4, dated 1st March 1916.

(17) Foot-path from Heggan to South Canara, 6 feet wide and about 33 chains long open for men and cattle. It begins in the Heggan enclosure at a point about 15 chains nort from the south-west corner of Survey No. 40 of Mudaba, runs south-west through Surve No. 12 and quits the forest in its southern boundary.

(18) Foot-path from Heggan to Mandasara and from there to South Canara, 6 fee wide and about 186 chains long, open for men and cattle. It begins in the Heggan enclo sure at a point about 16 chains south-east from the northernmost corner of Survey No. 40 c Mudaba, and reaches the Mandasaru, then again it enters the forest in its eastern boundary at point about 28 chains south-west from the northernmost corner of Survey No. 27 of th same village runs north-west through Survey Nos. 30, 31 and 44 and quits the forest in it western boundary.

B. The following concessions are admitted in the block :—

(i) Survey Nos. 75, 120, 121, 77, 78, 79, 80, 81 and 82 of Asanbalu are clubbed to gether and treated as an enclosure with a margin of 5 chains all round.

(ii) The hamlet of Tharavalli and Hattimadike in the Masigi village are formed int an enclosure with the following boundary:—

Starting from a point about 5 chains north-west from the north-west corner of Surve No. 6 of Masigi, the line runs due east for about 70 chains to a point about 8 chains nortl east from the north-east corner of Survey No. 4, than south for about 73 chains to a point o the north side of Survey No. 11 about 27 chains east from the southernmost corner of Surve No. 7, then west along the north side of Survey No. 11 to its north-west corner, then nortl west for about 59 chains through Survey No. 9 to a point about 5 chains west from the nortl west corner of Survey No. 8, then north for about 27 chains through Survey, Nos. 9 and to the starting point.

(iii) The hamlet of Kithlemanekodagi and its cultivated lands are clubbed togethe and treated as an enclosure with the following boundary:—

Starting from a point 16 chains north from the northernmost corner of Survey No. 42 th line runs south-east for about 50 chins to the junction of two hallas, then west for about 4 chains to the junction of two hallas again, then north-west for about 44 chains to the junctio of two halls, and then north-east for about 40 chains to the starting point.

(iv) The premises where the idol of Narasimhadevaru on the hill of that name stand are treated as an enclosure having the following boundary:—

Starting from the southernmost corner of Survey No. 201, the line runs north-east fc about 35 chains to a point on the halla about 6 chains from a pond on the hill, then nortl west for about 38 chains meeting the pahani stone put up at the western bend of Surve No. 201 and the bandhs on the South Canara frontier.

(vii) The raiyats of Kigga are permitted to put up sheds in Survey No. 44 (gomal) fc cattle when they stop there for grazing.

(viii) Survey Nos. 22, 23 and 48 of Balikadi are treated as enclosures in the bloc with a margin of 5 chains around Survey Nos. 22 and 23.

(ix) The hamlets of Dyavantu Vadamakarke and Koogatamane are clubbed togethe and treated as an enclosure with the following boundary:—

Starting from the south-east corner of Survey No. 38, the line runs south for about 7 chains till it meets the halla, then south for about 50 chains to a point about 5 chains eas from the south-east corner of Survey No. 25, then south-west for about 30 chains to a poir about 7 chains east from the south-east corner of Survey No. 28, then west for about 2 chains to a point about 5 chains south-west from the south-west corner of Survey No. 2 then north-west for about 45 chains to a point about 5 chains west from the north-wes corner of Survey No. 35, then north-east for about 40 chains to the south-east corner of Surve No. 36 then north for about 57 chains till it meets the junction of two hallas, and the north-east for about 40 chains to the starting point.

(ix) The Majre village of Ajarath in the Kere village is treated as an enclosure havin the following boundary:—

Starting from a point about 10 chains north from the north-west corner of Survey N 41 of Kere, the line runs south-east for about 25 chains as far as the east side of Survey N 43, then along the said east side for about 50 chains to the southernmost corner of Surve No. 43 then north for about 56 chains to a point on the right bank of the halla and the north for about 12 chains to the starting point.

(x) The hamlet of Karacharu in the Kere village is treated as an enclosure with th following boundary :—

No. R 8426-29 -Ft. 94-15-4, dated 1st March 1916.

at a point about 16 chains west from the westernmost corner of Survey No 52 of Kigga, goes south-west through Survey Nos. 45, 44 and 201 of the same village and reaches Narasimha parvata which is treated as an enclosure.

(7) Foot-path from Kigga to Narasimhaparvata, 6 feet wide and about 79 chains long, open for men and cattle It enters the forest in its eastern boundary at a point about 40 chains south from the south-west corner of Survey 52 of Kigga, runs south-west through Survey Nos. 45 and 44 of the said village and reaches Narasimhaparvata treated as an enclosure.

(8) Foot-path from Kithlemane Kodagi to Narasimhaparvata, 6 feet wide and about 77 chains long, open for men and cattle It begins in the Kithlemane enclosure at a point about 7 chains north from the northernmost corner of Survey No 43, runs north-west through Survey Nos. 40 and 44 and reaches the enclosure

(9) Foot-path from Yedadalli to Balikadi, 6 feet wide and about 71 chains long, open for men and cattle It enters the forest in its eastern boundary at a point about 15 chains south-west from the south-west corner of Survey No. 197 of Yedadalli, runs south-west through Survey Nos. 106 and 99 and reaches the Dyavantu enclosure.

(10) Cart-track from Kere to Sunkadamakki, 15 feet wide and about 169 chains long open for men and cattle and carts. It enters the forest in its eastern boundary at a point about 12 chains north-west from the southernmost corner of Survey No. 43 of Kere, runs north-west through Survey No. 40 of the same village, and reaches the enclosure (Ajarath), and again it begins in the said enclosure at a point about 7 chains north-east from the north-east corner of Survey No. 41, runs north-east through Survey No. 43 of Kere and Survey Nos 21, 27 and 39 of Balikadi and quits the forest in its eastern boundary at a point 10 chains north-west from the north-west corner of Survey No 20 and again it enters the forest in its eastern boundary at a point about 15 chains south-east from the north-east corner of Survey No. 50, runs north-east through Survey No. 51 of Balikadi and Survey No 1 of Karakki Coffee estate, and quits the forest at the south-east corner of the latter survey number

(11) Foot-path from Balikadi to Vadamakarke enclosure, 6 feet wide and about 32 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 22 chains north-west from the north-east corner of Survey No 20 of Balikadi, runs north-west through Survey Nos. 39 and 18 (enclosure) and reaches the Vadamakarke enclosure.

(12) Foot-path from Vadamakarke enclosure to Karacharu enclosure, 6 feet wide and about 80 chains long, open for men and cattle It begins in the Vadamakarke enclosure at a point about 5 chains south from the south-west corner of Survey No 32, runs south-west, west and south and again south-west through Survey No. 27 of Balikadi and Survey No. 10 of Kere and reaches the Karacharu enclosure.

(13) Foot-path from Gulgangimane to Balikadi, 6 feet wide and about 62 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 20 chains south-west from the southernmost corner of Survey No. 16 of Balikadi, goes north-east through Survey No. 10 of Gulgangimane and Survey No. 16 of Balikadi and quits the forest in its eastern boundary at a point about 20 chains south-west from the south-west corner of Survey No. 18.

(14) Foot-path from Mensinkodigi (hamlet of Kere) to Karacharu enclosure and on to South Canara, 6 feet wide and about 100 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 14 chains north-west from the north-west corner of Survey No. 46 of Kere, runs across the demarcation line and reaches the Karacharu enclosure and again it begins in the said enclosure at a point about 12 chains north-west from the nothernmost corner of Survey No. 37 of Kere, runs north-west and north through Survey Nos. 33 and 34 of the same village and quits the forest in its western boundary.

(15) Foot-path from Halamakki to Karacharu enclosure, 6 feet wide and about a chain long, open for men and cattle. It enters the forest in its eastern boundary at a point about 5 chains north west from the north-west corner of Survey No 47 of Kere, and reaches the enclosure crossing the demarcation line.

(15) (*a*) Foot-path from Yedadalli to Balikadi, 6 feet wide and about 27 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 30 chains south from the southern most corner of Survey No. 100 of Yedadalli, runs south through Survey No 51 of Balikadi, and quits the forest in its eastern boundary at a point about 14 chains north-west from the northernmost corner of Survey No. 52 of Balikadi.

(16) Foot-path from Halamakki to Ajarath, 6 feet wide and about 26 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about a chain north-west from the northernmost corner of Survey No. 64 of Kere, runs east through Survey No 40 to the enclosure.

No. R. 8426-29—Ft. 94-15-4, dated 1st March 1916.

(17) Foot-path from Heggan to South Canara, 6 feet wide and about 33 chains long, open for men and cattle. It begins in the Heggan enclosure at a point about 15 chains north from the south-west corner of Survey No. 40 of Mudaba, runs south-west through Survey No. 12 and quits the forest in its southern boundary.

(18) Foot-path from Heggan to Mandasara and from there to South Canara, 6 feet wide and about 186 chains long, open for men and cattle. It begins in the Heggan enclosure at a point about 16 chains south-east from the northernmost corner of Survey No. 40 of Mudaba, and reaches the Mandasara, then again it enters the forest in its eastern boundary at a point about 28 chains south-west from the northernmost corner of Survey No. 27 of the same village runs north-west through Survey Nos. 30, 31 and 44 and quits the forest in its western boundary.

B. The following concessions are admitted in the block :—

(i) Survey Nos. 75, 120, 121, 77, 78, 79, 80, 81 and 82 of Asanbalu are clubbed together and treated as an enclosure with a margin of 5 chains all round.

(ii) The hamlet of Tharavalli and Hattimadike in the Masigi village are formed into an enclosure with the following boundary:—

Starting from a point about 5 chains north-west from the north-west corner of Survey No. 6 of Masigi, the line runs due east for about 70 chains to a point about 8 chains north-east from the north-east corner of Survey No. 4, than south for about 73 chains to a point on the north side of Survey No. 11 about 27 chains east from the southernmost corner of Survey No. 7, then west along the north side of Survey No. 11 to its north-west corner, then north-west for about 59 chains through Survey No. 9 to a point about 5 chains west from the north-west corner of Survey No. 8, then north for about 27 chains through Survey Nos. 9 and 7 to the starting point.

(iii) The hamlet of Kithlemanekodagi and its cultivated lands are clubbed together and treated as an enclosure with the following boundary:—

Starting from a point 16 chains north from the northernmost corner of Survey No. 42 the line runs south-east for about 50 chins to the junction of two hallas, then west for about 44 chains to the junction of two hallas again, then north-west for about 44 chains to the junction of two halls, and then north-east for about 40 chains to the starting point.

(iv) The premises where the idol of Narasimhadevaru on the hill of that name stands are treated as an enclosure having the following boundary:—

Starting from the southernmost corner of Survey No. 201, the line runs north-east for about 35 chains to a point on the halla about 6 chains from a pond on the hill, then north-west for about 38 chains meeting the pahani stone put up at the western bend of Survey No. 201 and the bandhs on the South Canara frontier.

(vii) The raiyats of Kigga are permitted to put up sheds in Survey No. 44 (gomal) for cattle when they stop there for grazing.

(viii) Survey Nos. 22, 23 and 48 of Balikadi are treated as enclosures in the block with a margin of 5 chains around Survey Nos. 22 and 23.

(ix) The hamlets of Dyavantu Vadamakarke and Koogatamane are clubbed together and treated as an enclosure with the following boundary:—

Starting from the south-east corner of Survey No. 38, the line runs south for about 74 chains till it meets the halla, then south for about 50 chains to a point about 5 chains east from the south-east corner of Survey No. 25, then south-west for about 30 chains to a point about 7 chains east from the south-east corner of Survey No. 28, then west for about 26 chains to a point about 5 chains south-west from the south-west corner of Survey No. 28, then north-west for about 45 chains to a point about 5 chains west from the north-west corner of Survey No. 35, then north-east for about 40 chains to the south-east corner of Survey No. 36 then north for about 57 chains till it meets the junction of two hallas, and then north-east for about 40 chains to the starting point.

(ix) The Majre village of Ajarath in the Kere village is treated as an enclosure having the following boundary:—

Starting from a point about 10 chains north from the north-west corner of Survey No. 41 of Kere, the line runs south-east for about 25 chains as far as the east side of Survey No. 43, then along the said east side for about 50 chains to the southernmost corner of Survey No. 43 then north for about 56 chains to a point on the right bank of the halla and then north for about 12 chains to the starting point.

(x) The hamlet of Karacharu in the Kere village is treated as an enclosure with the following boundary:—

No. R. 8426-29—Ft. 94-15-4, dated 1st March 1916.

Starting from a point about 5 chains north from the north-west corner of Survey No. 35 of Kere, the line runs east for about 15 chains to a point on the north side of Survey No. 33, then along the said side for about 60 chains to its north-east corner, then along its east side for about 70 chains to the south-east corner of Survey No. 33. Its western boundary will begin from the south-west corner of Survey No. 33 and run north for about 55 chains to a point on the north side of Survey No. 33 and then north-east for about 22 chains to the starting point.

(xi) Survey Nos. 40 and 41 of Mudaba are clubbed together and treated as an enclosure and Survey No. 118 of Yedadalli is also treated as an enclosure with a margin of 5 chains all round, access being along a foot-path leading from Survey No. 195.

(xii) The raiyats of the following villages are permitted to graze their cattle in the reserve on payment of a lump sum grazing fee noted against each of them, annually:—

		Cattle.			Rs.
1. Asanbalu	...	540	...	..	5
2. Masigi	...	107	...	...	2
3. Kigga	...	843	...	...	8
4. Balikadi	...	271	...	...	5
5. Kere	...	214	...	...	6

(xiii) The raiyats of the undermentioned villages are entitled to remove from the reserve for each family, per annum wate, cane and the creeper called "beelu" to the extent noted against each of them:—

1.	Asanbalu	Cane	4	head loads	Wate 4	head loads.
2.	Masigi	,,	2	,,	,, 4	,,
3.	Kigga	,,	10	,,	,, 10	,,
	and 2 head loads of beelu for each acre of land under cultivation.					
4.	Kigga temple	Cane	150	head loads	Wate 100	,,
5.	*Hamlets of Kere situated within the reserve and wate 4 head loads and cane 4 head loads.*					

By Order,

V. R. THYAGARAJA IYER,

Secretary to Government,

Revenue Department.

To—The Compiler, *Mysore Gazette.*

Letter No. 58, dated Bangalore, the 31st October 1911, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer, now Vice-President, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore.

I have the honor to report on the conclusion of the settlement of the Narasimhaparvata Block in the Koppa Taluk of the Kadur District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest appeared on pages 345, 346 and 347 of the English issue of the *Mysore Gazette*, Part I, dated the 15th March 1907 and the proclamation under Section 5 of the said Regulation was published on pages 728, 729,730 and 731 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 17th April 1907.

The proclamatory notices were got served on the villagers through the Amildar of the Koppa Taluk.

3. The locality was inspected and perambulated by me in company with the Amildar of Koppa and the Range Officer of the Koppa Range, on the 26th April 1912. The lands of some of the villages affected by the proposed reserve were inspected by me a few days previously in connection with the settlement of the adjoining Thungabhadra block.

4. The following 28 claims were preferred to me during the enquiry:—

(i) Four claims to right of free-grazing.
(ii) Nine claims to right of way.
(iii) One claim to right to water.
& (iv) Fourteen claims to miscellaneous rights.

Of the four claims in (i) three were partly admitted, and one rejected. All the claims in (ii), (iii) and (iv) were admitted and recorded in the 'B' Register.

No. R. 8426-29—Ft. 94-15-4, dated 1st March 1916.

5. The Deputy Commissioner has intimated in his letter No. 2752, dated the 31st March 1914 and 1st April 1914, that no appeals have been preferred to him against my settlement decision.

6. The undermentioned records are herewith submitted.

1. 'B' Register.
2. 'C' Register.
3. Sketch map.
4. Boundary notification.
& 5. Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Narasimhaparvata State Forest.

No.	Name of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of Claims	Brief summary of the Forest Officer's agreements and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Seshagiri Bhatta, patel of Masigi.	25th April 1912	States that as the whole village is included in the proposed reserve, sufficient extent of lands round each enclosure of cultivated land may be excluded for purposes of obtaining soppu and other requirements of the raiyats and that right of free grazing to his village cattle may be conceded and that the raiyats of Hagurdi, Bettageie and Shankergoppa take their soppu, fuel, wate and cane from the lands of Masigi.	.....	The scattered bits of land included in the reserve are being cultivated by a wild tribe; and therefore every concession which they are enjoying may be given to preserve this specimen of humanity.	The hamlet of Balagodu Kodagi will be excluded with sufficient lands for the exercise of the raiyats' privileges by shifting the line to the hotte bandhs on the north side of Survey No. 1. It will run south-east for about 55 chains to the south-east corner of the same survey number, then north-east for about 55 chains to the north-east corner of Survey No. 18, then along the east side of the said survey number to its south-east corner, then along the north side of Survey No. 12 for about 52 chains and then along the west side of the same survey number, for about 38 chains to its westernmost corner, and then south-east along the village boundary for about 50 chains to the bandhs at the bend. The hamlets of Thavavalli and Hattimadike will be formed into an enclosure with the following boundary :— Starting from the point about 5 chains north-west from the north-west corner of Survey No 6, the line runs due east for 70 chains to a point about 8 chains north-east from the north-east corner of Survey No 4, then south for about 73 chains to a point on the north side of Survey No. 11 about 27 chains east from the southernmost corner of Survey No 7, then west along the north side of Survey No. 11 to its north-west corner, then north-west for about 59 chains to point about 5 chains west from the north-west corner of Survey No. 8, then north for about 27 chains through Survey Nos. 9 and 7 to the starting point. Right of grazing for 107 head of cattle will be conceded on payment of a lumpsum fee of Rs. 2 per annum. The raiyats of Masigi will be entitled to remove every year wate and cane from the Reserve at the rate of 4 head-loads and	.....	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Narasimhaparvata State Forest—*contd*

No.	Name of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlements	Remarks
1	2	3	4	5	6	7	8	9
						two head-loads, respectively, for agricultural purposes for each family in the village. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.		
2	Sesha Bhatta, patel of Masigi.	25th April 1912	Requests that right of way to the foot-path shown in the village map and to those leading to Hagurdi and Migga may be recognised.	.....	.....	Right of way to the foot-path from Balagodukodagi to Thalavantikodagi, and to those leading to Hagurdi and Migga will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.	.....	
3	Sesha Bhatta, patel of Migga.	do	States that as the extent of lands under cultivation is large, the raiyats of Migga go to the jungle of Masigi for obtaining their requirements and that the cattle also graze there, as the pasture lands are inaccessable during the rainy season, owing to the Malthi river being in floods, and prays therefore that the cattle may be allowed to graze free in the reserve.	Supported by the statement of the shanbhog	.....	The raiyats of the adjoining village of Migga have set up a claim for free grazing and for obtaining other requirements from the jungle lands of the Masagi village. From the shanbhog's statement it is in evidence that in addition to common pasture lands on the other side of the Malthi river there are the Survey Nos. 66 and 81 with an aggregate extent of about 980 acres wherein they can exercise their rights regarding the raiyats' requirements. Besides, the village of Migga has not contributed even an acre of land towards the formation of the reserve. For these reasons, I reject the claim advanced by the villagers of Migga. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.	.....	

No. R. 8426-29—Ft. 94-15-4, dated 1st March 1916.

... patel of Ashtbalu.	...	Requests that as the preliminary demarcation line runs close to Shuntlhakkalu and Kolagi hamlets abutting on the edge of cultivation, it may be shifted to a distance, that right of free grazing, right to remove soppu and fuel and right to remove canes and wate for agricultural purposes may be admitted.	.....	The only hamlet of Attivatti within the reserve may be treated as an enclosure and the line retained as it is.	As the preliminary demarcation line runs touching Shuntlhakkalu and Kolagi, it will be deviated at the north-west corner of Survey No. 76 and made to run south-east for about 53 chains to a point about 5 chains north from the north-east corner of Survey No. 75, then south-east for about 66 chains to a point about 5 chains south-west from the south-west corner of Survey No. 71, and then for about 25 chains due south till it meets the south side of Survey No. 72 at the hatte bandhs. Survey Nos. 75, 120, 121, 77, 78, 79, 80, 81 and 82 will be treated as an enclosure in the block with a margin of 6 chains all round. As the growth of grass under trees in the Malnad is scanty, the raiyats are compelled to take their cattle to the distant hillocks which in some cases from very good pasture lands, though they do not contain any trees. It behoves us to grant the right of grazing to the villagers at moderate rates instead of levying bulbanni on each head of cattle. I decide that the raiyats be entitled to graze their cattle (540) during the prescribed season in the reserve on payment of a lump sum grazing fee of Rs. 5 per annum. As it is in evidence that the raiyats have been obtaining their supply of wate and cane from the Musigi jungle where alone they are available, I concede to them that right to the extent of 4 head-loads of cane and 1 head-load of wate for agricultural purposes for each family, per annum. C. VENKATA RAO, Forest Settlement Officer.
Do	...	Do	...	.....	29th April 1912.	
Do	...	Requests that right of way to the foot-paths leading from Kolagi to Tharavalli and from Shuntlhakkalu to Tharavalli may be admitted.	.....	.....	Right of way to the foot-paths from Shuntlhakkalu to Tharavalli, *viz.*, Kolagi and from Kolagi to Musigi will be admitted for men and cattle through Survey Nos. 72 and 76, throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer.	.....

1	2	3	4	5	6	7	8	9
6	Linganna, patel of Kigga.	25th April 1912.	States that the preliminary demarcation line runs close to the hamlets of *Magodu, Chettiguni* and Hallagar bail and that it separates the first two hamlets. Prays therefore that it may be so shifted as to exclude Attigere hamlet.	.....	Sufficient land has been left already for the Asli village and the hamlets of Magod and Athgere and the line as it is may be retained. The two hamlets may be treated as enclosures.	The alteration of the line in the Masigi village involves the shifting of the same westwards to a point about 42 chains distant from its present position. This shifting of the line will also result in obviating the inconvenience complained of by the village patel, *viz*, that the line separates the hamlets of Magodu and Chettiguni. The line will accordingly be made to run from the point described above in a south-westerly direction till it meets the intersection of the east side of Survey No 44 by a halla, then south-east for about 87 chains to a point on the ridge, then due south for about 106 chains till it meets the junction baudhs of Survey Nos. 38, 45 and 44.	.....	
	Do ...	Do ...	Requests that a wide margin of lands around the hamlet of Kithlemane Kodagi proposed to be treated as enclosure, be left for obtaining soppu and other requirements for the raiyats thereof.	.....	.....	The hamlet of Kithlemane Kodagi and its cultivated lands will be formed into an enclosure having the following boundary:- Starting from a point about 16 chains north from the northernmost corner of Survey No. 42, the line runs southeast for about 50 chains to the junction of two hallas, then west for about 44 chains to the junction of two hallas again, then northwest for about 44 chains to the junction of two hallas, and then north-east for about 40 chains to the starting point. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.	.. ..	
	Do ...	Do ...	States that the hill known as Narsimhaparvata is resorted to by the villagers for offering worship, as also by the Sringeriswamigalavaru, and requests that it may be excluded or treated as an enclosure in the block with sufficient margin.	.. ...	.....	The premises where the idol of Narasimhadevaru on the hill of that name stands are resorted to by pilgrims who go there for offering worship to that deity. Besides, His Holiness the Sringeriswami visits the place and stops there with his retinue for some time in the hot weather and for that purpose about 10 sheds are constructed in the said locality. I would	.....	...

No. R. 8426-29—Ft. 94-15-4, dated 1st March 1916.

				therefore cuts this block of land into an enclosure for the use of visitors and no condition direct that it be demarcated free from reservation Its boundary will be as follows — Starting from the southernmost corner of Survey No 201 the line runs northwest for about 45 chains to a point on the hills about 6 chains southwest from a pond on the hill, then north west for about 28 chains meeting the patam stone put up at the eastern bend of Survey No 201 and the bunds on the South Canara frontier The area of the said enclosure will come to about 62 acres which is quite sufficient for the large concourse of people who assemble there occasionally This entire extent included within the enclosure is devoid of tree growth and is well suited for a common pasture for the village cattle C VENKATA RAO Forest Settlement Officer 26th April 1912	
10	Immadi, patel of Kloga	15th April 1912	States that Survey No 11 as assigned as village ground and the lands put up for pasturage sheds in the locality known as Athimahalu in the said Survey No 20 and also their earth thereabout the use and rights that this pasturage may be recognized and the right of free grazing may be conceded	The village patel has set up a claim for putting up sheds for cattle in Survey No 11 (ground which are kept there for several months in the year) owing to pasturage being unavailable there I recognize this right of constructing sheds in the above survey number and also grant the carters concerned the right to graze their cattle (fish in the reserve on payment of Jump sum grazing fee of Rs 8 per annum C VENKATA RAO Forest Settlement Officer 26th April 1912	
	Do	Do	Requests that water at the rate of 10 head loads and one to 10 head loads per acre of land under cultivation (either he may at will may be allowed to be removed annually from the reserve	As wattle and cane are available in the lands included in the reserve and these are very necessary for agricultural purposes particularly in the malnad, where they have been enjoying the right of removing the same from the district jungles I decide that the ryots of Kaga be entitled, remove from the reserve at the rate of 10 head loads of cane and 10 head loads of wattle per annum for every acre of either wet or garden land under cultivation C VENKATA RAO, Forest Settlement Officer 26th April 1912	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Narasimhaparvata State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
11	Liganna, patel of Kigga.	25th April 1912	Requests that 100 head-loads of wate and 150 head-loads of cane per annum may be allowed to be removed from the reserve for the car of the Kigga temple, as usual and that creepers known as beelu for preparing baskets and for agricultural purposes may be allowed to be removed from the reserve at two head-loads for each acre under occupancy.	.....	.....	It is in evidence that 100 head-loads of wate and 150 head-loads of cane being annually supplied to the Kigga temple from the Kigga lands, in connection with the car procession I accordingly recognize this right. The last claim of the raiyats of this village refers to the taking of certain creeper called "beelu" from the reserve for preparing baskets for carrying manure to their fields, at the rate of two head-loads for each acre of land under cultivation. I admit this claim as well. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.		
12	Do	Do ...	Requests that right of way to the foot-paths leading to Narasimhaparvata, from Kigga, Kithlemane Kodagi, and Magodu may be admitted.	.....		Right of way to the foot-paths leading to Narasimhaparvata from Kigga, Kithlemane Kodagi and Magodu will be admitted for men and cattle throughout the year. Width to be 6 feet. C VENKATA RAO, Forest Settlement Officer. 26th April 1912.		
13	Bellanna heggade, patel of Yedadalli.	Do ..	Requests that the preliminary demarcation it may be shifted farther away from Hunimakki, Malasampige and Maggibail, as it runs close to them so as to exclude some lands for soppu, etc.	.....	The line may be shifted to a distance of 5 chains wherever it touches the edge of cultivation. Chittemane may be treated as enclosure.	The line runs close to the hamlets of Hanimakki, Malasampige and Chittemane which contain arecanut gardens. It is therefore necessary to shift it from there and exclude a sufficient margin of jungle for soppu and other purposes. Besides, the preliminary demarcation line here runs zig-zag and therefore requires deviation. I accordingly direct that it be shifted to the right bank of the halla by about 15 chains and made to run straight south for about 145 chains to a point about 8 chains		

						west from the westernmost corner of Survey No. 102 and then south-east for about 44 chains till it meets the gadi of the Balkadi village. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.
14	Bellanna heggade, patel of Yedadalli	25th April 1912	Requests that right of way to the foot-path leading from Yedadalli to Balkadi may be admitted.			Survey No. 118 will be treated as an enclosure with a margin of 5 chains all round. Right of way to the foot-path leading from Yedadalli to Balkadi will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.
15	Ascertained by the Forest Settlement Officer.	25th April 1912	Requests that right of way to the cart track leading from Kere to Sunkadamakki *via* Balkadi may be admitted.	.....	.....	As Karakki Coffee estate is a bechirak village, the line as laid out now is hereby confirmed. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912. Right of way to the cart-tract (fifteen feet wide) leading from Kere to Sunkadamakki *via* Balkadi village will be admitted for men, cattle and carts throughout the year C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.
16	Nagappa, patel of Balkadi.	Do ...	Represents that as the line runs on both sides of the village, it may be shifted to a distance so as to include adequate lands for communal purposes.	.....	The village is hemmed in on all sides by high hills. Then cattle may be allowed to graze in the reserve on payment of fuldhanni.	The forest boundary line runs on three sides of the village and on the remaining side there is the Thunga river. As the raiyats are thus hemmed in on all sides their case requires a sympathetic treatment I accordingly direct that the preliminary demarcation line be deviated at the south-east corner of Survey No. 51, then made to run north-west for about 58 chains to the junction of two ballas, then south-west for about 32 chains to the junction bandhs of Survey Nos. 51, 56 and 12, then south-west for about 65 chains to a point about 10 chains east from the easternmost corner of Survey No 48, then in the same direction for about 29 chains to the south-east corner of Survey No. 27, then south for about

I grant the ryots concerned the right to graze their cattle (271) in the reserve on payment of a lumpsum of fee Rs 5 per annum. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.	
Do	Do	Requests that right of way to the foot-paths shown in the village map may be admitted.	...	Do	...	...	...	Right of way in the foot-paths leading from (1) Bulkadi to Vadamalaripe, and (2) from there to Kanchanur will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer 26th April 1912.	
Nagappa, patel of Gulgunjinaare.	Do	States that as the demarcation line runs close to the cultivated lands, it may be shifted so as to exclude adequate extent of lands for communal purposes.	...	As a small extent of land has been proposed for the Reserve as margin of 5 chains at the edge of cultivation may be left.				As the village has contributed a very large area for the adjoining Tunga Bhadra Block, it is necessary to give it more lands to the north of the village for the use of the ryots. I accordingly direct that it be deviated at the north-east corner of Survey No. 10 and made to run south-west for about 60 chains till it meets the western boundary of the village at a point about 5 chains north from the halla (vimala). C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Narasimhaparvata State Forest—*contd*

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
22	Nagappa, patel of Gulganjimane	25th April 1912	Requests that right of way to the foot-path leading to Balikadi may be admitted			Right of way to the foot-path (6 feet wide) from Gulganjimane to Balikadi will be admitted for men and cattle throughout the year C VENKATA RAO, Forest Settlement Officer 26th April 1912		
23	Nagappa, patel of Kere	Do .	States that as the preliminary demarcation line abuts on the Majre village of Karacharu, it may be shifted to the centre between Karacharu and Mensinkodagu	. .	The line may be retained as it is and a margin of 5 chains may be left all round cultivated lands	The alteration of the boundary line in the Gulganjimane village necessitates the shifting of the line at Kere by about 35 chains to the north of the former position thereof As the other end of the line runs rather close to Mensinkodagi, I direct it be deviated at the north-west corner of Survey No 33, and then made to run south west for 43 chains to a point on the Mudabagadi The Majre village of Ajarath will be treated as an enclosure with the following boundary — Starting at a point about 10 chains north from the north-west corner of Survey No 41, the line runs south-east for about 25 chains as far as the east side of Survey No 43, then along the said east side for about 70 chains to the southernmost corner of Survey No 43, then north for about 56 chains to a point on the right bank of the halla, then north east for about 12 chains to the starting point C VENKATA RAO, Forest Settlement Officer 26th April 1912 The hamlet of Karacharu will be treated as an enclosure having the following boundary — Starting at a point about 5 chains north from the north-west corner of Survey No 35, the line runs east for about 15 chains to a point on the north side of Survey No 33, then		

No. R. 8426-29—FT. 94-15-4, DATED 1ST MARCH 1916.

								along the said side for about 60 chains to its north-east corner, then along its east side for about 70 chains to the south-east corner of Survey No. 33. Its western boundary will begin from the south-west corner of Survey No. 33 and run north for about 55 chains to a point on the north side of Survey No 33 and then north-east for about 22 chains to the starting point. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.
24	Nagappa, patel of Kere.	25th Apl. 1912	Do ...	States that the village consists more of bare hills than thick jungle and prays that the cattle may be allowed to graze free in the reserve.	.....	Grazing may be allowed on payment of a lump sum fee, say at one anna per head.		Right of grazing in the reserve on a lump sum payment of Rs. 6 per annum will be conceded to the raiyats of Kere. (cattle 214)) C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.
25	Ascertained by the Forest Settlement Officer.	Do	...	Requests that right to remove from the reserve wate and cane, may be conceded to the raiyats of Kere also.	.....	... ...		The raiyats of the hamlet of Kere will also be entitled to remove 4 head-loads of wate and 4 head-loads of cane for each family, per annum. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.
26	Nagappa, patel of Kere.	Do	...	Requests that right of way to the foot-paths from (1) Mensinkodagi to Karacharu, (2) Halmakki to Karacharu and (3) to Ajaruth and (4) from Karachara to South Canara may be admitted.	.....	.....		Right of way to the foot-paths leading (1) from Mensinkodagi to Karachara and on to South Canara, (2) from Halmakki to Karachara (3) from Halmakki to Ajaruth will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 26th April 1912.
27	Nagappa, patel of Mudaba.	Do	...	States that as the preliminary demarcation line runs close to some cultivated survey numbers, it may be shifted further.	.....	Sufficient forest land has been left for Mudaba Ash village already Heggan may be treated as enclosure.		Mudaba village has also contributed an extent of 980 acres for the adjoining Tunga Bhadra Block. The line will be shifted to the north by about 50 chains on the eastern boundary of the village, then made to run south along the west side of Survey No. 39 for about 30 chains

B —Register of claims to lands, rights to forest produce or easements in the proposed Narasimhaparvata State Forest, etc.—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	[Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks

Inspection Report of the Bangalore District Forest Office.

No. R. 8444—FT. 108-15-4, DATED 4TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 5181, dated 27th November 1915, from the Conservator of Forests in Mysore, submitting the *report of his inspection of the District Forest Office, Bangalore, conducted on the 4th October 1915.

*(Printed as an accompaniment.)

Order No. R. 8444—Ft. 108-15-4, dated 4th March 1916.

Paras 1, 3, 4, 8, 9, 21, 26, 34, 49, 50 and 53 of the report.—It is satisfactory to note that there has been some improvement in the maintenance of many of the prescribed registers. The registers that are not maintained properly should be correctly and duly kept.

2. *Para 34 of the report.*—Large amounts have been outstanding against the Amildars and Range Officers. In case it is necessary to write off any dues as observed by the Conservator, he is requested to submit detailed reports in the matter fixing the responsibility on the officers concerned.

3. *Para 44 of the report.*—The number of old references, pending in the District Forest office, is very large. Every attempt should be made for their early disposal.

4. Now that an extra hand has been sanctioned for the sorting of records, the Conservator is requested to see that the records which are reported to be in a mess are properly arranged.

5. *Para 14 of the report.*—Government regret to observe that the half-yearly inspection of the Range Offices and Sale Depots by the District Forest Officers have not been conducted regularly as required by Articles 177 and 178 of the Forest Code.

6. *Para 2 of the report.*—Early action should be taken for the supply of Forest survey maps.

V. R. THYAGARAJA IYER,
Secretary to Government, Revenue Department.

To—The Conservator of Forests in Mysore.

No. R. 8444—Ft. 108-15-4, dated 4th March 1916.

Accompaniment.

INSPECTION REPORT OF THE DISTRICT FOREST OFFCE, BANGALORE.

Date of inspection.—4th October 1915.

Date of previous inspection.—24th July 1913.

Office building.—As referred to in the previous report, the accommodation is insufficient. At least two additional rooms are quite necessary.

Furniture.—The following articles of furniture are necessary and will be supplied shortly.

1 table
1 Pigeon case
1 chair
} For the use of the clerk temporarily sanctioned for preparing classified abstracts.

2. *Record racks.*—For arranging records.

I. RECORDS.

Management and Working of Forests.

1. *Register of State Forests.*—The old register has now been replaced by a new one, in which notifications relating to all the State Forests with the exception of Bantal and Saslapur have been filed in chronological order. Instructions have been issued to the District Forest Officer to have also the missing notifications attached, getting them, if necessary, from the Conservator's office.

Of the plantations referred to in Government Notification No. 10407—Ft. 153-95, dated the 29th May 1896, the following do not find a place in Form No. 37, as also the Athingere sandal reserve notified under Section 35 in 1901. (*Vide* Notification No. 399-2188, dated the 13th December 1901.)

1. Agrahar.
2. Huskur.
3. Syapanahalli.

There are 18 small plantations known as "Revenue Plantations" on the list (Form No. 37) with an aggregate area of about 5 square miles. Steps must be taken to notify these areas as "State Forests" *pro forma*, at an early date. The Ganganuthanahalli Plantation is included in the Bettukote Block, the reservation proposal of which has been, along with 6 other proposals, returned to the District Forest Officer with the Conservator's No. 10358, dated 13th April 1915, with observations which should be attended to and the proposal resubmitted very early.

2. *Maps of State Forests.*—Forest survey maps have yet to be supplied for 16 State Forests of the district and for all the plantations.

3. *Control books.—1. Register of yield and outturn and Record of Works of Improvement.*—The District Registers have been maintained and posted up to the end of 1912-13. Necessary information has been received recently from the Range Officers relating to the subsequent period and the registers are now being posted up. The District Forest Officer has been instructed to complete them and report the fact to the Conservator within two weeks.

4. *Forest journal.*—Maintained only for the following forests. These have not been posted up-to-date.

1.	Hultar	...	...	...	1911-12
2.	Tengenkal	...	...	...	do
3.	Kabbal	...	...	...	1910-11
4.	Basavanbetta	...	...	...	do
5.	Handigundi	...	...	...	1911-12
6.	Makli	...	...	...	do
7.	Chilandadi	...	...	...	1910-11

Plantation journal.—Not maintained. The journals available in the office in respect of the Kadgodi, Jadagenahalli, Nellal and Appasandra Plantations belong to the Bangalore Range Office. The District Forest Officer's attention has once again been drawn to Conservator's communication No. 7259 of the 23rd January last.

No. R. 8444—Ft. 108-15-4, dated 4th March 1916.

5. *Register of receipts and issues of timber and other produce in depots—Form No. 6*,—Maintained up to the end of July 1915. Transactions relating to the "Sale" and "Jungle" Depots are being shown separately as previously instructed. In the case of timber utilized for departmental purposes, authority has not been quoted. (*Vide* Form No. 6 for June, November and December 1913; and March, April and June 1914.) The original returns (Form No. 6) of the Bangalore Range for July, August 1913, April and May 1914 are not available in the District Forest Office. The balances shown in the Range returns do not agree with those in the District return. The question of reconciling these differences is engaging the attention of the present District Forest Officer and correspondence on the subject with the Range Officers concerned, is in a well advanced stage.

6. *Register of sales of timber and other produce collected by Government agency.—Form No. 7.*—Maintained up to the end of July 1915. The disposals shown in Form No. 6, have been accounted for. The original returns (Form No. 7) of the Bangalore Range for August 1913 and May 1914 are not forthcoming the period during which the defalcations largely occurred.

7. *Register of sales of timber and other produce cut and collected by consumers and purchasers—Form No. 9.*—Maintained and posted up to the end of July 1915. Compared the entries with the original returns. The District return has been prepared with due care only from October 1914.

8. *Register of outstandings on account of revenue—Form No. 10.*—Maintained and posted up to the end of July 1915. Checked with Forms 7 and 9, and found to agree. As per Conservator's order No. 1308, dated the 31st July 1915, the balances on account of the Tangadi leases which had been omitted to be taken to demand in previous years, have been brought to Form No. 10 in July 1915. The several items of money defalcated in the Bangalore Range have not as yet appeared in District Accounts. It is necessary that the total amount in question should also be classified under each budget head and brought on to account so that it may not be lost sight of. As it is, the items are kept entirely out of account.

The following are the particulars of outstandings as shown in Form No. 10 at the end of July 1915.

			Rs.	a.	p.
1.	Supply of plague shed materials	... (old)	2,593	6	8
2.	Tangadi lease.—				
	(*a*) Old		16,159	12	1
	(*b*) Current		30,193	12	0
3.	Sandal current		7,172	4	0
4.	Minor Forest Produce.—				
	(*a*) Old		792	14	0
	(*b*) Current 2,429		3,221	14	0
5.	Military Grass Farm Department		2,098	0	0
6.	Other minor items		989	4	0
	(of this Rs. 426-4-11 have since been recovered)				
	Total ...		62,428	4	9

As regards No. 1, the matter is under correspondence with the Deputy Commissioner. Item No. 2 (*a*) represents the amount brought to demand in July 1915 on account of arrears of Tangadi leases, referred to elsewhere. Item No. 2(*b*) is only current lease amount to be recovered in instalments. The amount of Rs. 7,172-4-0 under "Sandal" has already been recovered and kept under Revenue deposit. Item No. 4(*a*) pertains chiefly to items kept out of account in the Bangalore Range in connection with which criminal proceedings were taken against the Ex Ranger, A. S. Konar. As regards 4(*b*), Rs. 2,400 have since been recovered. For item No. 5, a bill has been sent up to the officer concerned for acceptance. A detailed lease register has been opened only from 1st July 1915. The previous register contains entries for 1914-15, but is not in the prescribed form.

9. *Account of drift timber operations—Form No. 8.*—**Not maintained. If there are no** operations, a nil return should be maintained.

10. *Register of free grants—Form No. 11.*—Maintained. No transaction since the date of last inspection.

11. *Bill Book Form 12.*—Maintained.

12 *Receipt in Form No. 13 A.*—Checked with the cash book.

No. R. 8444—Ft. 108-15-4, dated 4th March 1916.

The amounts of the receipts noted below, have not been brought to the cash book on the dates of receipt

Receipt No.	Amount	When taken to cash book
2/7-2-13	421 13-6	10 2-13
3/14-2-13	189- 4-2	15-9-13
7/14-5-13	421-13-9	13-5-13
8/14-5-13	100- 0-0	13-5-13
12/13-6-13	2,257-13-0	12-6-13
13/16-6-13	796-14-0	11-6-13
17/21-6-13	351-15-3	7-6-13
19/2-8-13	131-15-9	4-8-13

II STOCK

13. *Register of stores, tools etc.*—Maintained in Form No. 14 and in the newly prescribed form for recording daily transactions

14. Dates of last inspection and stock-taking by the District Forest Officer are noted below:—

1.	Kankanhalli Range Office	13/14th March 1913
2.	Satnur	25/28th April 1915
3.	Closepet	10/13th April 1915
4.	Bangalore	18/19th June 1912
5.	Bangalore Sandal Koti	1st February 1913

15. *Equipment of stores, whether sufficient or excessive.*—Sufficient.

III. CASH ACCOUNT

16. *Cash book*—Maintained and posted up-to-date. Checked in detail with the subsidiary accounts and found correct

17. *Latest date to which the Headquarter entries have been made.*—2nd October 1915.

18. *Latest date to which subordinates' returns have been received and written up*—August 1915.

19. *Cash balance on 4th October 1915*—Rs 11-11-0. Checked and found correct.

20 *Measures taken for safe custody of cash*—Cash is kept in an iron safe.

21. *Record of sanctioned works—Form No. 28*—Maintained. The register is still very incomplete, although a few entries have been added on since.

22. *Register of license books—Forms B and C.*—Maintained and posted up-to-date. The number of books in stock is 41 as detailed below:—

Reserved...	10
Unreserved	10
Minor Forest Produce	13
Miscellaneous	8

The number of used up license books with the Range Officers is very large, no recoveries have been recorded since a very long time.

23. *Register of permit books, pass books, etc.*—Maintained. Since 1st July 1915.

24. *Copies of establishment pay bills*—Maintained.

25. *Copies of travelling allowance bills.*—Maintained.

26. *Acquittance roll.*—Maintained. Slight omissions noticed here and there have been noted in the register for the information and guidance of the District Forest Officer.

27. *Cheque books.*—These are kept in the personal custody of the District Forest Officer and written up by himself.

28. *Account current—Form No. 18.*—Maintained and posted up-to-date.

No. R. 8444—Ft. 103-15-4, dated 4th March 1916.

29. *Register of cheques.—Form No. 19.*—Maintained and posted up-to-date. Checked the entries with Form No. 18, counterfoils of cheques and cash book and found to agree.

30. *Names of Treasuries at which separate accounts are opened.*—

1. Bangalore District Treasury.
2. Channapatna Taluk Treasury.
3. Kankanhalli Taluk Treasury.

31. *Latest quarter to which Form No. 18 has been balanced.*—For the quarter ending 30th September 1915.

32. *Date to which the register of cheques, Form No. 19, is written up.*—2nd October 1915.

33. *Contractors' and disburser's ledger.*—Maintained and posted up to-date. Checked in detail with the cash book entries, and found to agree.

34. *Abstract ledger.—Form No. 25.*—Maintained and posted up to the end of August 1915. The reconciliation of the differences between the District and Range returns is receiving attention. The District Forest Officer will bring this important piece of work to a close at an early date. It is reported that the balances against the Amildars admit of settlement only by way of writing them off the accounts. A report in the matter has been submitted by the District Forest Officer to the Conservator.

The following is a list of outstandings at the end of August 1915:—

	Rs.	a.	p.
Amildars	1,215	11	5
Range Officer, Bangalore	1,358	11	9
Do Closepet	766	0	3
Do Kankanhalli	637	6	10
Do Satnur	287	11	11
Deputy Ranger, Sandalkoti	69	6	2
Camp clerk	2	9	0
Total ...	4,339	9	4

35. *Schedule of remittances.*—Maintained and posted up-to-date. The return due from the Treasury is not being received in time. The return prepared in the District Forest Office prior to October 1914 contains no details and to this must be attributed chiefly the many frauds discovered in the Bangalore Range Accounts.

36. *Objection statements.*—No objection statements are pending with the exception of a further objection statement of the Comptroller received on 29th July 1915.

37. *Register of disallowances, fines, etc.*—Maintained.

IV. Office Business.

38. *Keeping of documents.*—In "cases" and "files." The records of past years are in a mess and require to be sorted.

39. *Register of books and maps.*—Maintained.

40. *Register of receipts and issues of correspondence.*—Written up-to-date.

41. *Other registers.*—Tappal book and attendance register. Maintained.

42. *Destruction of useless documents.*—No list has yet been prepared.

43. *Neatness in keeping Office.*—Fair.

44. *Punctuality in correspondence.*—The accompanying statement shows the number of pending references:—

Pending from 8 years	3
Do 6 ,, ...	1
Do 5 ,, ...	2
Do 4 ,, ...	5
Do 3 ,, ...	17
Do 2 ,, ...	23
Do 1 ,, ...	34
Do from 1st June 1915	46
Total ...	131

No. R. 8414—Ft. 108-15-4, dated 4th March 1916.

45. *Custody of stationery.*—In the charge of the first clerk. Necessary registers in this connection have been correctly maintained.

46. *Departmental Code and Mysore Service Regulations.*—Kept corrected up-to-date.

47. *Forest Rules and Regulations.*—Corrected up-to-date.

48. *Register of sandal damages.*—Maintained.

49. *Register of forest offences.*—Maintained very indifferently. The present District Forest Officer's attention has been drawn to the fact that the columns now left blank should be filled up and the compensation amounts that are overdue, recovered very early.

50. *Service registers.*—All the available service registers have been duly verified for the past year. Out of 136 hands, acting individuals number 20 and of the rest, service registers are available for 92 officials. Five are due from other districts and 19 registers remain yet to be opened.

51. *Circular files.*—Maintained.

52. *Gazette files.*—Bound up to the end of June 1915.

53. *District Forest Officer's diaries.*—Bound up to the end of December 1910.

54. *General state of discipline.*—Fair.

55. *Efficiency of the staff.*—Fair. There has been improvement in all directions and the District Forest Officer has to devote his attention to Form No. 10, Control Books and ledger and bring them up-to-date.

No. R. 8449-57—Ft. 131-15-2, dated 4th March 1916.

Read—

Government Order No. R. 10554-5—Ft. 189-14-1, dated 21st May 1915, directing the strict observance of rules on the subject of security deposits from the Rangers and other subordinates of the Forest Department, and requesting the Conservator to submit a statement of cases showing the amounts falling short of the prescribed amount of the deposits.

2. Letter No. 5554, dated 6th December 1915, from the Conservator of Forests, submitting the statement called for above and stating that instructions have been issued to all the District Forest Officers for strict observance of the rules regarding the recovery of the deposits.

Order No. R. 8449-57—Ft. 131-15-2, dated 4th March 1916.

Recorded with the observation that the irregularities which were pointed out in the Government Order of 21st May 1915, read above, are still allowed to continue.

2. The Conservator is requested to issue strict injunctions to his subordinates and see that all outstanding instalments are adjusted before the end of the current official year and submit a report to Government to that effect before the 10th July 1916.

Notes of inspection of the Dewan's tour in the Kolar District in January 1914, remarking that the request of the people of the Bagepalli Taluk for the grant of fuel at the concession rate of four annas per cart load for boiling sugar-cane juice may receive due consideration.

2. Correspondence ending with letter No. 7961, dated the 4th February 1916, from the Conservator of Forests in Mysore, stating that, according to the Government Order No. 319-26—2502-9, dated the 11th November 1902, no seigniorage is leviable on fuel removed from District Forests for jaggory boiling, but that only in the case of State Forests of the taluk, a fee of eight annas on green and six annas on dry fuel per cart load is levied for the purpose, that he considers it inexpedient for reasons given to grant the concession prayed for, generally, but that he has no objection to reduce the rate of seigniorage on dry fuel in the Bagepalli State Forests to four annas a cart load; and adding that there is hardly any dry fuel therein except dry and fallen twigs which are of no use for jaggory boiling.

Order No. R. 8841-9—Ft. 171-14-15, dated 16th March 1916.

Government are pleased to direct that the rate of seigniorage on dry fuel required for jaggory boiling in the Bagepalli Taluk be reduced to four annas a cart load in respect of the State Forests of the taluk.

2. The Deputy Commissioner, Kolar District, is requested to bring to the notice of the people in his district the following extract from the Conservator's letter dated the 13th December 1915 about the present uneconomical method of jaggory boiling.

"At present, a lot of fuel is being wasted in jaggory boiling and if the raiyats only take to improved methods of constructing hearths for conserving heat, they would not only find the bagasse fuel more than sufficient for the purpose, but also save a lot of money which they now waste over fuel.

Government Order No. R. 10775-6—Ft. 81-08-5, dated 21st June 1909, laying down rules for the grant of licenses for prospecting and mining in State and District Forests and for the recovery of compensation for injury caused to the forests by the mining operations.

2. Correspondence ending with letter No. 4570, dated 31st October 1914, from the Conservator of Forests in Mysore stating that the rates of license fees fixed in the Government order read above are too low considering the injury caused to the forests generally and the present market rates for timber and suggesting a revision of the rates as noted below :—

(1) A lump sum of Rs. 100 per acre for the use of the land and for damage done to forests, the trees standing or felled becoming the property of the Forest Department.

(2) An annual rental of Rs. 2 per acre in addition.

3. The marginally noted letters from the Deputy Commissioners of Districts expressing their opinion in the matter.

1.	Deputy Commissioner,	Kadur No. 496, dated 1st May 1915.
2.	Do	Kolar No. 422, dated 4th May 1915
3.	Do	Bangalore 717, dated 11th May 1915.
4.	Do	Chitaldrug No. 706, dated 25th June 1915.
5.	Do	Tumkur No. 26, dated 19th July 1915.
6.	Do	Shimoga No. 18—It 25, dated 21st July 1915.
7.	Do	Mysore No. 39, dated 15th July 1915.
8.	Do	Hassan No. 138—S., dated 31st May 1915.

4. Unofficial note No. 5, dated 1st February 1915, by the Secretary to Government, Geological Department, giving his opinion in the matter and stating that, as it is very hard to get money for prospecting, the conditions should be made as little irksome as possible.

Order No. R. 9038-47—Ft. 43-14-14, dated 22nd March 1916.

On a careful consideration of the subject Government are pleased to direct that Rs. 100 per acre be levied as compensation for high and pole forests and Rs. 50 per acre for all other forests, that no ground rent need be levied and that trees felled by licensees should become the property of Government, and that the appended notification amending accordingly Rule 9 of the Rules contained in the Government Order of 21st June 1909 read above, be issued.

V. R. THYAGARAJA IYER,

To—The Conservator of Forests in Mysore.
The Director of Geology and Mines.
The Deputy Commissioners of Districts.

Notification No. R. 9048—Ft. 43-14-14, dated 22nd March 1916.

The Government of His Highness the Maharaja of Mysore are pleased to direct that the following be substituted for Rule 9 of the Rules issued with Government Order No. R. 10775-6—Ft. 81-08-5, dated 21st June 1909, for the conduct of prospecting and mining operations in State Forests and the District Forests.

No R. 9038-47—Ft. 43-14-14, dated 22nd March 1915.

Rule 9 The licensee or lessee shall —

(*a*) pay a lump sum compensation for damage and disfigurement of the surface on all areas operated upon or cleared, at the following rates—

(1) In State Forests, reserved lands or in District Forests which have been specially brought within the scope of these rules.	(i) Rs 100 per acre for high and pole forests (ii) Other forests including scrub Rs 50 per acre.

(2) For railways and tramways, and for roads on which traction engines are used, at the foregoing rates

(3) For ordinary cart-tracks and foot-paths, at the rate of Rs 25 per mile

(*b*) undertake not to cut sandalwood except with the permission of the Forest Department and on payment of an extra charge to be fixed by the Conservator and

(*c*) make over to the Forest Department all the trees felled in the area operated upon.

N B —The decision of the Conservator of Forests as to whether any particular forest is high, pole or scrub shall be final

By Order,

Planting of Trees.

No. R. 8898-8909—Ft. 64-15-7, dated 18th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 4725, dated the 17th November 1915, from the Conservator of Forests in Mysore, submitting his views in the matter of encouraging tree planting in the maidan parts of the State.

Order No. R. 8898-8909—Ft. 64-15-7, dated 18th March 1916.

The Conservator of Forests is requested to arrange for the establishment of nurseries in each district, except Shimoga and Kadur, at convenient centres, for raising seedlings of the most suitable trees selected out of the appended list. The seedlings should be distributed free of charge to village committees and patels of villages applying for the same through the Amildar or Deputy Amildar concerned.

2. Government consider that the Conservator's estimate of the annual cost, *viz.*, Rs. 20,000 for the purpose is too high. He is requested to submit details of absolute requirements to begin with. Pending final orders on this point, the Conservator is authorised to incur expenditure not exceeding Rs. 40 per mensem each in the Districts of Bangalore, Kolar, Tumkur and Chitaldrug and Rs. 25 per mensem each in Mysore and Hassan Districts.

3. The cost will be met by reappropriation from the savings expected under I (*b*) controlling staff in the Forest Budget. The Conservator is requested to submit a reappropriation statement in this behalf before beginning to incur the charges.

4. The Conservator of Forests is requested to report in consultation with the Chairman of the Agricultural Committee of the Economic Conference on the desirability of issuing in Kannada a brief pamphlet on Arboriculture. The manual of Arboriculture published by the Bombay Government may be taken as a sample of what can be done in this line.

5. In the Chitaldrug District, a printed leaflet in Kannada giving the names and uses of trees suited to that district was issued in 1914, by the District Committee of the Economic Conference and the Conservator may ascertain if any practical action has been taken in that district since then.

LIST OF TREES.

1. Bevu—Melia indica. Very useful timber tree, yields valuable oil seed, and leaf fodder. It is fast growing and can be propagated easily either by direct seed sowing or by planting. It thrives in all soils.

2. Hutchu-bevu. Turukabevu—Melia axedarach. Very fast growing useful timber tree. Yields useful oil seed and fodder leaves. Coppices well and sends up root-suckers in large numbers. Thrives well in all soils. It can be raised easily both by direct sowing and planting.

3. Hunase—Tamarindus indica. Valuable for its fruits and fodder leaves. Thrives well in all soils. It can be raised easily by direct sowing. Useful for fuel.

4. Ippe—Bassia longifolia. Valuable for its seeds and corollas. It is a good shady tree. Can be raised by direct showing. Useful both as a timber and fuel tree.

5. Honge—Pongamia glabra. Valuable for its seeds, manure leaves and firewood. It can be easily raised by direct seed sowing. It thrives well in loamy moist places.

6. Mavu—Mangifera indica. Valuable for its fruits and it is a useful timber tree. Thrives well in all soils. Can be easily raised either by direct sowing or by planting.

7. Halasu—Artocarpus integrifolia. Valuable for its fruits and leaves, and it is a useful timber tree, but requires a deep red loamy soil. Can be easily raised either by direct sowing or by transplanting in baskets.

8. Nerlu—Eugenia Jambolana. Valuable for its fruits and timber. Good shady tree. Can be raised by direct sowing or planting.

9. Aladamara—Ficus bengalensis. Valuable for fodder leaves and fruits. Thrives well in all soils and particularly in deep moist places. Can be easily raised by cuttings.

10. Gonimara—Ficus mysorensis. do do

11. Basarimara—Ficus Tsiela. do do

12. Attimara—Ficus glaborata. do do

13. Huvarsi—Thespesia populuea. Can be raised by cuttings. Thrives well in deep soils. Useful timber tree.

14. Niranja-Saliz tetrasperna. Very fast growing. Thrives well along water courses and in swampy places below tanks. It coppices and pollards well. Yields moderately good timber and fuel.

15. Mugali—Acacia Suma. Very fast growing. Thrives well in swampy and water logged places. Coppices and pollards well. Valuable for firewood.

16. Karijali—Acacia arabica. Moderately fast growing. Thrives well in clayey soils and in tank beds. Useful as a timber tree. Yields valuable fodder leaves and pods for goats. It yields valuable fuel and tan bark.

17. Bage—Albezzia Lebbock. Moderately fast growing. Thrives well in any soil. Yields valuable timber and fodder.

18. Kyasarike—Casuarina equisetifolia. Fast growing. Can be raised by either basket or tile planting. Thrives well in deep moist soils in plantation. Valuable for firewood and is useful for poles.

19. Rain tree—Pithecolobium Saman. Very fast growing, but thrives well only in deep rich soils. Yields fodder leaves and pods. The wood is not much reputed even for firewood.

20. Biridi or Bindi Dalbergia Sissoo. Moderately fast growing and yields valuable timber. Stony, gravelly and sandy soils are most suitable for its growth."

NOTIFICATION.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st May 1916, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of block
Kadur ...	Tarikere, Lakvalli hobli— 1. Karakuchi 2. Bhavikere. 3. Ranganahalli. 4. Arsikere. 5. Santapur. 6. Gurupur. 7. Haruvanahalli. 8. Vaddarabiranahalli. *Kasba hobli.* 9. Duggalapur. 10. Siddarahalli.	8·29 sq. miles.	Gurupur

BOUNDARIES.

Situation.—A belt of forest land situated to the north of the Lakvalli State Forest.

North.—Starting from the trijunction of Sidlipur, Karakuchi and Gopala villages, the line runs north-east and south-east along the southern boundary of the said Gopala village to the trijunction of Gopala, Karakuchi and Yerebile villages, then south along the western boundary of Yerebile for about 28 chains to the trijunction of Yerebile, Karakuchi and Bhavikere villages.

East.—Thence south-west and south-east along a big halla (Kushi halla) which is the common boundary of Bhavikere and Duggalapur to the trijunction of Bhavikere, Arsikere and Duggalapur; then south-east along the said halla till it meets the west side of Survey No. 19 of Siddarahalli, then south-west along the said west side to its south-west corner; then south-west along the demarcation line of the Thyagadabagi State Forest to the trijunction of Santapur, Gurupur and Vaddarabiranahalli.

South.—Thence south-west along the north side of Survey No. 18 of Vaddarabiranahalli to the northernmost corner of Survey No. 17 of the said village, then south and south-west along its west side to its westernmost corner, then south through Survey No. 3 in a straight line for about 76 chains to the south-west corner of the tank adjoining the village site, then in the same direction through the said Survey No. 3 for about 48 chains to the trijunction of Thandubitara, Vaddarabiranahalli and Lakvalli State Forest, then west and noth-west along the demarcation line of the Lakvalli State Forest, to the trijunction of Lakvalli State Forest, Vaddarabiranahalli and Kundur kaval.

West.—Thence north-east along the eastern boundary of the Kundur kaval to the trijunction of Kundur kaval, Gurupur and Viddarabiranahalli, then west and north-west along the north side of Survey No. 1 of the said Kundur kaval for about 109 chains to a point about 27 chains south-west from the south-west corner of Survey No. 14 of Haruvanahalli; then north-east through Survey No. 31 of the said village for about 55 chains to a point on its east side about 19 chains south-east from the south-east corner of Survey No. 11, then north-west along the said east side of the said Survey No. 31 for about 25 chains to a point about 6 chains east from the north-east corner of Survey No. 11, then east along the southern boundary of the Baregenahalli village to a trijunction of Baregenahalli, Gurupur and Santapur villages, then north-east through Survey No. 26 of Santapur for about 83 chains to a point on its north side about 20 chains south-east from the south-east corner of Survey No. 33 of the said village, then north for about 30 chains through Survey No. 21 of the same village to a point about 20 chains east from the north-east corner of Survey No. 33; then north-west through the said Survey No. 24 for about 29 chains to the north-west corner of Survey No. 18 of Siddarahalli (common boundary of Arsikere, Siddarahalli, Santapur and Duggalapur), then north-west along the north side of Survey No. 24 of Santapur for about 47 chains to the north-east corner of Survey No. 18, then north-west along the north side of Survey No. 17 for about 29 chains to the north-east corner of Survey No. 16 which is also the trijunction of Basavanahalli, Arsikere and Santapur, then north-east along the eastern boundary of Basavanahalli to the trijunction of Basavanahalli, Arsikere and Rangenahalli, then north-east through Survey No. 49 of Rangenahalli for about 50 chains to its north-east corner, then north along the eastern boundary of the Bhavikere village for about 92 chains, crossing the Narasimharajpura-Tarikere high road, then north-west through Survey No. 6 of the said village for about 84 chains to its north-west corner, then south-west and west along the northern boundary of the Gangigere village for about 81 chains to the south-east corner of Survey No. 57 of Karakuchi, and then north along its east side to its north-east corner, which is the starting point.

No. R. 8969-72—Ft. 118-15-4, dated 18th March 1916.

Remarks.—A. The following rights of way are admitted in the block throughout the year :—

1. Foot-path from Karakuchi to Yerebile, 6 feet wide and about 147 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 32 chains south from the north-east corner of Survey No. 57 of Karakuchi, runs east through Survey Nos. 59 and 58 and quits the forest in its northern boundary at a point about 3 chains north-west from the north-east corner of Survey No. 58.

2. Foot-path from Gangigere to Gopala, 6 feet wide and about 70 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 38 chains east from the south-east corner of Survey No. 60 of Karakuchi, runs north-west through Survey No. 59 and quits the forest in its northern boundary at a point about 3 chains east from the north-east corner of Survey No. 57.

3. Foot-path from Gangigere to Busenahalli, 6 feet wide and about 65 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 13 chains south-east from the north-west corner of Survey No. 6 of Bhavikere, runs north-east through Survey No. 6 of the said village and Survey No. 58 of Karakuchi and quits the forest in its northern boundary at a point about 44 chains north-west from the north-east corner of Survey No. 58 of Karakuchi.

4. High road from Narasimharajpura to Tarikere, 3 chains long, open for the public as usual. It enters the forest in its western boundary at a point about 20 chains north-west from the north-west corner of Survey No. 18 of Arsikere, runs south-east through the enclosure in the said village, and between Survey Nos. 16 and 17, and quits the forest in its eastern boundary at the south-east corner of Survey No. 16.

5. Cart-track from Lakvalli to Tarikere, 15 feet wide and about 46 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 20 chains west from the north-west corner of Survey No. 6 of Arsikere, runs south-east through Survey No. 4 of the said village and reaches the enclosure, and again it begins in the said enclosure at a point about 5 chains north-east from the north-east corner of Survey No. 3, runs west through Survey No. 4 and Jampadamma temple enclosure, and Survey No. 139 of Duggalapur and quits the forest in its eastern boundary at a point about 10 chains north-east from the easternmost corner of Survey No. 4 of Arsikere.

6. Foot-path branching from the above and leading to Malleswara temple, 6 feet wide and about 4 chains long, open for men and cattle. It begins in the enclosure in the Arsikere village at a point about 11 chains south from the south-west corner of Survey No. 3 of the Arsikere, runs south through Survey No. 4 to the temple.

7. Cart-track from Santapur to Tyagadabage State Forest, 15 feet wide and about 109 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 13 chains south from the north-west corner of Survey No. 18 of Siddarahalli, runs east and south-east through Survey No. 24 of Santapur and Survey No. 18 of Siddarahalli and quits the forest in its eastern boundary at a point about 21 chains north-east from the north-west corner of Survey No. 19 of Siddarahalli.

8. Cart-track branching from the above and leading to Duggalapur, 15 feet wide and about 82 chains long, open for men, cattle and carts. It branches in Survey No. 18 of Siddarahalli, runs north-east through the said Survey No. 18 of Siddarahalli and Survey No. 139 of Duggalapur and joins cart-track No. 5 *supra*.

9. Foot-path from Santapur to Thyagadabage, 6 feet wide and about 100 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 23 chains south-east from the south-east corner of Survey No. 33 of Santapur, runs south-east through Survey Nos. 26 and 25 and quits the forest its eastern boundary at a point about 33 chains south-west from the north-east corner of Survey No. 25.

10. Cart-track from Santapur to Vaddarabiranahalli *via* Gurupur, 15 feet wide and about 85 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point 26 chains north-east from the north-west corner of Survey No. 25 of Santapur, runs south-west through Survey Nos. 26 and 25 of Santapur and Survey No. 9 of Gurupur and reaches the enclosure in the said village, then again it begins in the said enclosure at a point about 13 chains south-east from the south-east corner of Survey No. 9 of Gurupur, runs south through Survey No. 3 of Vaddarabiranahalli, and quits the forest in its eastern boundary at a point about 2 chains south-west from the northernmost corner of Survey No. 17 of the said village.

11. Foot-path branching from the above and leading to Haruvanahalli, 6 feet wide and about 14 chains long, open for men and cattle. It begins in the enclosure in the Gurupur village at a point about 7 chains west from the north-west corner of Survey No. 4 of Gurupur, runs south-west through Survey No. 31 of Haruvanahalli and joins foot-path No. 12 *supra*.

12. Foot-path from Haruvanahalli to Guddibiranahalli, 6 feet wide and about 77 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 5 chains south from the south-west corner of Survey No. 11 of Haruvanahalli, runs south-east through Survey No. 31 and quits the forest in its western boundary at a point about 6 chains west from the south-east corner of Survey No. 31 of the said village.

13. Cart-track from Haruvanahalli to Kundur kaval, 15 feet wide and about 23 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 18 chains south-west from the south-west corner of Survey No. 11 of Haruvanahalli, runs south-west through Survey No. 31 of the said village and quits the forest in its western boundary at a point about 33 chains north-west from the south-west corner of Survey No. 31.

No. R. 8969-72—Ft. 118-15-4, dated 18th March 1916.

B--The undermentioned concessions are admitted in the block.

(I) Survey Nos. 9, 10, 11, 12, 13, 14, 15 and the tank close to it, and Survey No. 18 in the Arsikere village are clubbed together and treated as an enclosure having the following boundary :—

Starting from a point on the Narasimharajapura-Tarikere high road, about 20 chains north west from the north-west corner of Survey No. 18 of Arsikere, the line runs north-east for about 40 chains through Survey No. 16 to a point about 15 chains north from the north-east corner of Survey No. 9, then east for 30 chains to a point about 15 chains north from the north-east corner of Survey No. 15, then south-east for about 18 chains to a point about 10 chains east from the aforesaid north-east corner of Survey No. 15, then south for 40 chains meeting the said high road at a point about 5 chains west from the south-east corner of Survey No. 16, then across the said road then south-west through Survey No. 17 for about 30 chains to a point about 20 chains south from the south-east corner of Survey No. 18, and then west for 35 chains so as to meet the demarcation line at a point about 23 chains south-west from the south-west corner of the said survey number.

(II) Survey Nos. 1, 2, 3, 5, 6, 7, 8 and the tank situated to the north-east corner of the last mentioned survey number in the Arsikere village, are clubbed together and treated as an enclosure with the following boundary :—

Starting from the common bandhs of Basavanahalli and Ranganahalli, the line runs south-east along the south side of Survey No. 49 of Ranganahalli to its south-east corner, then south-east through Survey No. 4 of Arsikere for about 12 chains so as to meet the south-east corner of the tank, then south for 14 chains to a point about 5 chains south-east from the south-east corner of Survey No. 3, then south-west for 12 chains to a point about 10 chains south from its south-west corner, then north-west for 19 chains to a point about 10 chains south-west from the south-west corner of Survey No. 8, then north-west for 29 chains so as to meet the western boundary of Survey No. 4, where a bandh is located and then north-east for about 22 chains to meet the starting point.

(III) The temple of Jampadamma and Malleswara are treated as enclosures with a margin of 3 chains all round. Access to the former will be by means of a foot-path No. 5 *supra*, and to the latter by means of foot-path No. 6 *supra*.

(IV) The Police Ookad abutting on the Narasimharajapura-Tarikere high road is treated as an enclosure with a margin of a chain all round.

(V) The cultivated survey numbers in the Gurupur village are clubbed together and treated as an enclosure with the following boundary :—

Starting from a point on the Holoroyenahalla about 20 chains west from the north-west corner of Survey No. 1 of Gurupur, the line runs north-east for about 29 chains through Survey No. 9 to meet a small halla at a point about 18 chains north-east from the north-west corner of Survey No. 1, then east through Survey No. 9 for about 45 chains to meet its east side at a point about 27 chains north-east from the north-east corner of Survey No. 8, then south through Survey No. 9 for 42 chains to meet its south side at a point about 26 chains south-east from the south-east corner of Survey No 8, then west along the south side of Survey No. 9 for about 40 chains to meet the aforesaid Holoroyenahalla and then along the said halla to the starting point.

(VI) Right to use the water of Holoroyenahalla in the Gurupur village is admitted for men and cattle.

(VII) Right to worship the Muneswara in Survey No. 4 of Arsikere is admitted. Access to it will be by means of foot-path branching from cart-track No. 7 *supra*.

(VIII) Right to take the cattle of Basavanahalli to the tank in the Arsikere village is admitted.

(IX) The raiyats of Gurupur are entitled to graze free their cattle (13) in the reserve, during the prescribed season.

(X) The raiyats of the undermentioned villages are entitled to graze their cattle on payment of an annual lumpsum fee noted against them, during the prescribed season.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette*, for publication.

Exd.—C. R.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gurupur State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Amersab, patel of Dugglapur.	16th Dec. 1913	States that as the best pasture lands are included in the reserve, the same may be left for the use of the village as before.	....	The area left for the use of the raiyats is more than ample, and so the line may be confirmed.	In the Dugglapur village, the preliminary demarcation line runs along side of a small halla enclosing within the reserve 140 acres situated far away from the village site. The area of 448 acres of gomal and 629 acres of kharab still left is more than necessary for the raiyats concerned They own at present 1,015 head of horned cattle. C. VENKATA RAO, Forest Settlement Officer. 16th December 1913.	.. ..	
2	Do ...	Do ...	Requests that right of way to the cart-track leading from Arsikere to his village may be admitted.	... ..	May be admitted.	Right of way to the cart-track leading from Arsikere through Survey No 139 will be admitted for men, cattle and carts throughout the year, width to be 15 feet. C. VENKATA RAO, Forest Settlement Officer. 16th December 1913.	.....	
3	Amersab, patel of Siddarahalli.	Do ..	Represents that the village is bechirak, and the lands are cultivated by the raiyats of the adjoining village, and requests that the pasture lands may be excluded for the use of the raiyats.	.....	This village is bechirak as it contains only 3 houses and no cattle, and therefore the raiyats have no grievance.	Siddarahalli is a bechirak village The area remaining for it after excluding that proposed for being included in the reserve, consists of 523 acres of kharab and 703 acres of gomal. The patel's prayer is unreasonable on the face of it and I reject the claim set up by him. C. VENKATA RAO, Forest Settlement Officer. 16th December 1913.	....	
4	Do ..	Do ...	Requests that right of way to the foot-path leading to Thyagadabagi State Forest may be recognized.	... ..	May be admitted.	Right of way to the foot-path leading to Thyagadabagi State Forest will be admitted for men and cattle throughout the year, width to be 6 feet. This falls outside the settled line. C. VENKATA RAO, Forest Settlement Officer 16th December 1913.	.....	

5	Siddappa, patel of Rangenaballi	22nd May 1914	Requests that as the line runs close to his village, it may be shifted farther away and that right of free grazing conceded.	.....	The usual margin of 5 chains at the edge of cultivation may be left	The prayer of the patel of Rangenaballi to shift the line farther away cannot be granted, in as much as there still remains 284 acres of gomal for the use of the raiyats. It is ascertained that there are 12 houses with a population of 35 souls having a live stock of 61 head of cattle. The area left is more than ample. I concede to the raiyats of Rangenaballi the right of grazing 61 head of cattle in the reserve on payment of Rs. 3 per annum. C. VENKATA RAO, Forest Settlement Officer. 22nd May 1914.
6	Nanjappa, patel of Bhavikere	25th May 1914	States that the preliminary demarcation line running in his village may be shifted farther away as the jungle left for the use of the raiyats is made quate for grazing and other communal purposes	..	Out of 749 acres of gomal only 200 acres has been proposed leaving 549 acres which is far above the required area for 231 head of cattle Hence the line may be confirmed	The preliminary demarcation line runs rather close to the cultivated lands depriving the raiyats of a large area of the District jungle. I would alter it so as to give them 155 acres more of their District jungle I accordingly direct that the demarcation line be so deviated as to meet the east side of Survey No 6 at a point about 51 chains south from its north-east corner. C. VENKATA RAO, Forest Settlement Officer. 25th May 1914.
						Claims 7 and 8.
7	Do ...	Do ...	Requests that right of free grazing may be admittod in the reserve.	... ..	..	The village has to contribute 200 acres out of its 749 acres of gomal. The patel prays that right of free grazing in the reserve and right to remove wooden materials for agricultural implements from the reserve may be conceded It is in evidence that the raiyats of this village have been grazing their cattle in the lands of the adjoining Arsikere village on payment of a hulbanni of Rs. 15 to the latter village. I accordingly decide that the raiyats of Bhavikere be entitled to graze their cattle (231) in the reserve during the prescribed season on payment of a lumpsum hulbanni fee of Rs 15 annually. I reject the other prayer of the raiyats as the jungle still left for their use by the alteration of the demarcation line ordered above is quite sufficient to meet their requirements in the matter of wooden materials for agricultural implements. C. VENKATA RAO, Forest Settlement Officer. 25th May 1914.
8	Do ...	Do ..	Requests that right to take materials for agricultural implements in the reserve may be conceded to the raiyats.	.. ...	. . .	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gurupur State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision, and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
9	Malliah, patel of Arsikere	25th May 1914	States that this village is bechirak, that recently some assesed waste lands have been sold and the sales have not yet been confirmed, that the raiyats intend building houses; and the cattle of Ganjigere and Bhavikere have to graze in the lands of this village. Requests therefore that the line may be thrown back so as to exclude more lands for the use of the raiyats.	.....	As this is a bechirak village, no body can have any claim to the area proposed to be included in the reserve. They cannot claim this as a right, as they have been allowed the privilege of grazing in the kharab and gomal of their own village.	Arsikere is a bechirak village, the whole of which is proposed to be included in the reserve. It is ascertained that some of the assessed waste lands were darkhasted for and sold by the Revenue authorities and that the sales have not yet been confirmed. Adjoining the two blocks of assessed waste lands, there are two good tanks, and the Tarikere-Yedahalli High road passes through the village owing to its proximity to the Tarikere town. I am sure many of the raiyats will build houses in it, as soon as the Steam Tramway communication becomes an accomplished fact. I would therefore treat the two blocks mentioned above as enclosures in the reserve, with a margin of jungle for meeting the requirements of intending settlers. I accordingly direct that Survey Nos. 9, 10, 11, 12, 13, 14, 15 and the tank close to it and Survey No. 16 be clubbed together and treated as an enclosure having the following boundary :— Starting from the Yedahalli-Tarikere High road at a point about 20 chains west from the north-west corner of Survey No. 18, the line runs north-east for about 40 chains through Survey No. 16 to a point about 15 chains north from the north-east corner of Survey No. 9, then east for 30 chains to a point about 15 chains north from the north-east corner of Survey No. 15, then south-east for about 18 chains to a point about 10 chains east from the aforesaid north-east corner of Survey No. 15, then south for 40 chains meeting the said High road at a point about 5 chains west from the south east corner of Survey No. 16, then across the same road, then south-west through Survey No. 17 for about 30 chains to a point about 20 chains south from the south-east corner of Survey No. 18 and then west for 35 chains so as to meet the demarcation line at a point about 23 chains south-west from the south-west corner of the said Survey	.....	

No. R. 8969-72—FT. 118-15-4, DATED 18TH MARCH 1916.

								No. 18. The boundary of the second enclosure consisting of Survey Nos. 1, 2, 3, 5, 6, 7 and 8 and the tank situated to the north-east corner of the last named survey number will be as follows :— Starting from the common bandhs of Basavanahalli and Rangenahalli, the line runs south-east along the south side of Survey No. 49 of Rangenahalli to its south-east corner, then south-east through Survey No. 1 of Arsikere for 12 chains so as to meet the south-east corner of the tank, then south for 14 chains to a point 5 chains south-east from the south-east corner of Survey No 3, then south-west for 12 chains to a point about 10 chains south from its south-west corner, then north-west for 19 chains to a point about 10 chains south-west from the south west corner of Survey No 8, then north-west for 29 chains so as to meet the western bund of Survey No 4 where a bundh is located, and then north-east for 22 chains to meet the starting point. C. VENKATA RAO, Forest Settlement Officer 25th May 1914.
10	Mallikarjunaswami of Arsikere	25th May 1914	States that the Jampadhumma's temple in Survey No. 4 and Siddhadevaru in Survey No 17 are resorted to by the villagers for purposes of worship and prays that they may be treated as enclosures with sufficient camping ground.	.....	May be treated as enclosures.				The temple of Jampadamma and Malleswara in Survey No. 4 will be treated as enclosures in the reserve with a margin of 3 chains all round. Access to the former will be by means of Tankere-Lakvalli cart-track mentioned above and to the latter by means of foot-path branching from the above said cart-track and running through Survey No. 4, and the foot-path leading from Santapur. Siddarhana falls within the enclosure No 1. C. VENKATA RAO, Forest Settlement Officer. 25th May 1914.
11	Do	Do	Requests that the police cooked abriting on the roadside may be treated as an enclosure in the reserve.	.....					The police cooked located in Survey No. 17 will be demarcated out free from reservation with a margin of 1 chain all round. C. VENKATA RAO, Forest Settlement Officer. 25th May 1914.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gurupur State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
12	Mallish, patel of Arsikere.	25th May 1914	Requests that right of way to the Tarikere-Yedahalli high road, and the cartt-rack leading from Lakvalli to Tarikere may be admitted.	.....	May be admitted.	Right of way to the Yedahalli-Tarikere high road and the cart-track (15 feet wide) from Lakvalli to Tarikere, *via* Dugalapur will be admitted for the public throughout the year. C. VENKATA RAO, Forest Settlement Officer. 25th May 1915.	.....	
13	Nagappa, patel of Ganjigere	Do ...	Represents that the cattle of his village are taken to the Bhavikere and Arsikere lands, as the gomal assigned to it is insufficient, and begs that right of free grazing may be conceded to his village as also right to remove fuel from the Arsikere jungle.	.....	.....	The patel of Ganjigere has set up a claim to the right of free grazing in the lands of Arsikere and Bhavikere and to the right of removing fuel from the Arsikere jungle. It is in evidence that the raiyats of Ganjigere pay a hulbanni of Rs. 16 to the Arsikere village and Rs. 6 to the Bhavikere village, as the gomal of 171 acres assigned for the purpose is inadequate. I recognize this claim and direct that the raiyats of Ganjigere be entitled to graze 427 heads of cattle in the reserve during the prescribed season on payment of a lump sum fee of Rs. 20 annually. I reject the other prayer to the right of removing fuel as there still remains for the use of the Ganjigere raiyats, a jungle consisting of 83 acres of assessed waste lands wherein this right may be exercised. C. VENKATA RAO, Forest Settlement Officer. 25th May 1914.	.....	
14	Halappa, patel of Basavanahalli	26th May 1914	Requests that right to water his cattle in the Arsikere tank may be recognized.	.....	May be done	The claim advanced by the patel of Basavanahalli to the right to take the cattle of his village to the tank in Arsikere, for water will be admitted. C. VENKATA RAO, Forest Settlement Officer. 26th May 1914.	.....	

15	Krishnappa patel of Dodkundur.	Do	States that the preliminary demarcation line takes a zig zag course abutting almost on the dwelling houses and excludes from the village no less than 5 tanks which supply water both for irrigation and drinking purposes and begs that the demarcation line be cancelled altogether	The usual margin of 5 chains may be left at the edge of cultivated lands and near the dwelling houses A major tank is left for the raiyats use.	It is proposed to include 50 acres of gomal in the reserve in question The proposed demarcation line runs in a zig zag course close to some of the dwelling houses, depriving the raiyats of the use of no less than five tanks which supply water both for irrigation and drinking purposes I direct that the said line be cancelled altogether C VENKATA RAO Forest Settlement Officer 26th May 1914
16	Krishnappa patel of Kundurkaval	Do	Represents that 8 712 acres of the said kaval has already been included in the adjoining Lakvalli State Forest that it is now proposed to include the remaining area in the reserve in question that the cattle of Lakvalli depend for pasture upon the lands of Kundur kaval as there is hardly any gomal in that village and prays that the proposed area may be left for the use of the Lakvalli raiyats	The cattle of Lakvalli are taken to the State Forest and kaval on payment of grazing fees to the Forest Department and to the kaval authorities Consequently there can be no real grievance	The bechirak village of Kundur kaval has already given to the adjoining Lakvalli State Forest no less than 8,700 acres It is now proposed to include the remaining 180 acres in the Gurpur reserve The patel of Lakvalli has come forward with a claim to the right to graze in the Kundur kaval lands as the area of gomal assigned to Lakvalli which is the biggest village in these parts, is very insufficient I would exclude from the reserve the small extent of land in question I accordingly direct that the preliminary demarcation line now laid out therein be cancelled C VENKATA RAO, Forest Settlement Officer 26th May 1914
17	Kangappa patel of Gurpur	Do	States that the whole village is proposed to be treated as an enclosure, that there will be no space left for grazing the village cattle and for expansion of cultivation, and prays therefore that adequate extent of jungle around the village may be left for meeting the above requirements	The village is practically bechirak containing, as it does only six houses and 13 head of cattle hence the village may be treated as an enclosure	In the Gurupur village there are six houses with a population of eight souls, and the cattle possessed by them is only 13 According to the proposal of the Forest Department the whole village has to be treated as an enclosure Ample provision has therefore to be made for grazing and other requirements of the raiyats concerned I would club all the cultivated lands into an enclosure with a sufficient extent of jungle around them for the use of the inhabitants living in the village I accordingly direct that an enclosure be formed in the reserve having the following boundary — Starting from a point on the Holeroyenhalla about 20 chains west from the north-west corner of Survey No 1, the line runs north-east for about 29 chains through Survey No 9 to meet a small halla at a point about 18 chains north east from the north west corner of Survey No 1, then east through Survey No 9 for 45 chains to meet its east side at a point about 27 chains north-east from the north east corner of Survey No 8, then south through

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gurupur State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	4	6	7	8	9
						Survey No 9 for 42 chains to meet its south side at a point about 26 chains south-east from the south-east corner of Survey No. 8, then west along the south side of Survey No. 9 for about 40 chains to meet the aforesaid Holeroyenhalla and then along the said halla to the starting point. C. VENKATA RAO, Forest Settlement Officer. 26th May 1914.	.....	
18	Rangappa, patel of Gurupur	26th May 1914	Requests that right of free grazing may be admitted.	.....	May be admitted.	In consideration of the fact that Gurupur is situated in the midst of the proposed reserve, I decide that the raiyats thereof be entitled to graze free in the reserve 13 head of cattle which they possess. C. VENKATA RAO, Forest Settlement Officer. 26th May 1914.	.....	
19	Do	Do ...	Requests that right of way to the foot-path leading to Haruvanahalli on one side and Santapur on the opposite side may be admitted.	.....	.....	Right of way to the foot-path leading to Haruvanahalli on one side and Santapur on the oppoite side will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 26th May 1914.	.....	
20	Do ...	Do	Requests that right to use the water of Holeroyenhalla may be admitted.	.....	.....	Right to use the water of Holeroyenhalla within the reserve will be admitted for men and cattle. C. VENKATA RAO, Forest Settlement Officer. 26th May 1914.	.....	

21	Halappa, patel of Santapur	Do ..	States that the preliminary demarcation line runs close to his village, depriving the raiyats of almost the entire khanab and gomal lands, and begs that the line may be shifted farther away so as to exclude adequate extent of jungle for obtaining materials for agricultural implements, etc., under the Special Privileges Rules.	.. ...	A margin of five chains may be left at the edge of cultivation The area left is far above the allotment as per survey rules.	From the Santapur village it is proposed to take to the reserve in question the entire area of its kharab lands, *viz* 624 acres and 702 acres of gomal. The extent of lands remaining for the communal requirements of the villagers will then be 395 acres of gomal only. The preliminary demarcation line runs rather close to the dwelling houses situated in Survey Nos. 34 and 32 and it is very necessary that sufficient jungle should be left for the raiyats in their neighbourhood. I accordingly direct that the said line be deviated at the trijunction bandhs of Arsikere, Siddapur and Santapur and taken south through Survey No. 21 by about 30 chains to meet a point about 20 chains east from the north-east corner of Survey No. 33, then south in the same direction for 30 chains to meet the south side of Survey No 21 at a point 20 chains east from the south-east corner of Survey No. 33, and then south west in a straight line through Survey No. 26 to its south-west corner. By this modification of the forest boundary about 150 acres more will be left for the use of the raiyats In addition to this no less than 300 acres of assessed waste land, containing a good many species of trees is available for them. C. VENKATA RAO, Forest Settlement Officer. 26th May 1914.
23	Do ..	Do ...	Requests that right of free grazing may be admitted.	.. ...		The patel has set up a claim to the right of free grazing. There are 14 houses in the village with a population of 32 persons possessing 64 head of cattle The pasture available in the lands outside the forest boundary is more than adequate. I decide that the raiyats be entitled to graze in the reserve during the prescribed season 64 head of cattle on payment of a lump sum fee of Rs 3 annually. C VENKATA RAO, Forest Settlement Officer. 26th May 1914.
24	Do ...	Do ...	Represents that the raiyats go to Malleswara temple in Survey No. 4 of Arsikere for making offerings and that the said temple may be treated as an enclosure and that right to worship recognized.	.....		Right to worship in the Malleswara temple in Survey No 4 of Arsikere will be admitted. *Vide* also claim 10.

B —Register of claims to lands, rights to forest produce or easements in the proposed Gurupur State Forest—*contd*

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
24	Narasimiah, patel of Kesergoppa	27th May 1914	Represents that as there is no gomal for his village, the cattle are taken to the Santapur lands for grazing, on payment of Rs. 5, Hulbanni and that this right may be recognized			The patel of Kesergoppa has advanced a claim to graze his village cattle in the Santapur lands It is admitted that the raiyats pay a hulbanni of Rs 5 to that village According to the statement of the Shanbhog this village contains 38 houses, 118 persons, and 269 head of horned cattle As in the case of certain villages to which I have granted the right to graze in the reserve on payment of a lump sum hulbanni, I decide that the raiyats of Kesergoppa be entitled to graze in the reserve during the prescribed season, 269 head of cattle on payment of a lump sum fee of Rs 15 annually C. VENKATA RAO, Forest Settlement Officer 27th May 1914		
25	Halappa, patel of Santapur	26th May 1914	Requests that right of way to the cart-tracks to (1) Siddarhalli and on to Thyagadabagi State Forest, (2) Waddarbiranahalli *via* Gurpur, to (3) Dugalapur and to the foot path leading to Thyagadabagi State Forest may be admitted		May be admitted	Right of way to the cart tracks leading to (1) Siddarahalli and on to Tyagadbogi (2) to Waddar biranahalli *via* Gurupur (3) to Dugalapur *via* Survey No 18 and (4) to the foot path leading to Thyagadabagi State Forest will be admitted throughout the year C. VENKATA RAO, Forest Settlement Officer. 27th May 1914		
26	Badasab, patel of Haruvanahalli	27th May 1914	Represents that the preliminary demarcation line may be shifted so as to exclude more lands and jungle for meeting the requirements of the raiyats of Haslur Mundravalli and Moodagode		This is a bechirak village and hence there is no objection to the confirmation of the line in this village	The preliminary demarcation line takes a crooked course here It is admitted by the village patel that the raiyats of Haldur, Mandravalli and Moogodu exercise certain rights in the jungle situated in this village There remains in the village no less than 198 acres of assessed waste lands In my perambulation I found these lands fit for being taken up for cultivation In view of the fact		

27	Badasib, patel of Haruvanahalli.	27th May 1914	Requests that right of way to the cart-track leading to Kundur Amrut Mahal kaval and to the foot-path leading to Guddebiranahalli may be admitted.	.....	May be admitted
8	Chennabasaviah, patel of Halsur.	Do ...	States that his raiyats have been from time immemorial exercising the right of grazing, and the right of removing fuel, materials for agricultural implements in the Haruvanahalli lands, that they have also been paying Hulbanni to these villages, and requests therefore that right to graze the cattle on payment of Rs. 40 annually and to remove annually from 12 to 40 cart loads of fuel, 5 to 10 cart loads of bamboos for fencing and 2 cart loads of materials for agricultural implements, for the use of each house may be conceded.	.....	

that these are situated close to the road opened by the Forest Department and that water facilities are created by the said Department by digging a well which commands a perennial supply of drinking water, and owing to its proximity to the tramway line, there is every likelihood of houses being built here by intending settlers. In these circumstances I would exclude about 150 acres of jungle in the neighbourhood of the assessed waste lands and accordingly direct that the preliminary demarcation line be diverted and taken south-east along the east side of survey No. 31 for 25 chains, then west through the said survey number for 56 chains so as to meet its west side at a point about 27 chains south-west from the south-west corner of Survey No. 15, then along the west side of Survey No. 31 to its south-west corner, and then along its south side to its south-east corner.

C VENKATA RAO,

Forest Settlement Officer.

27th May 1914.

Right of way to the cart-track (15 feet wide) leading to Kundur Amrut Mahal kaval and to the foot path (6 feet wide) leading to Guddebiranahalli will be admitted throughout the year.

C. VENKATA RAO,

Forest Settlement Officer.

27th May 1914.

Waddarabiranahalli is a bechirak village. It has to contribute 810 acres of gomal. The area left for the use of the raiyats in the neighbourhood is 598 acres of gomal. The patel of Halsur has on behalf of the raiyats preferred a claim to the right of grazing in the Waddarabiranahalli and Haruvanahalli lands on payment of a lump sum fee of Rs. 10. I admit his claim and direct that the raiyats of Halsur be entitled to graze in the entire reserve 815 head of horned cattle, during the prescribed season on payment of a lump sum fee of Rs. 40 annually. His second claim to the right to remove fuel, bamboos for fencing and materials for agricultural implements from the reserve cannot be sustained inasmuch as a large portion of jungle to the extent of about 598 acres in the Waddara-

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gurupur State Forest—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
						bivanahalli and 360 acres in the adjoining Haruvanahalli village which is also bechiraki, will remain outside the forest boundary; and the rights and privileges under the Special Privilege rules of 1909, can conveniently be exercised therein by the raiyats of Halsur. C. VENKATA RAO, Forest Settlement Officer. 27th May 1914.		
29	Revanna, patel of Karakuchi	27th May 1914	Requests that as there is very little jungle left the preliminary demarcation line may be cancelled.	.....	As only kharab lands of this village are taken for the reserve, no concession need be shown.	The village of Karakuchi has to contribute 908 acres and 2 guntas of kharab, retaining for its use 1,164 acres and 21 guntas of gomal. It contains 100 dwelling houses with a population of 357 persons owning a live stock of 479 head of horned cattle. The area of gomal still left for it is quite adequate to meet their requirements. I would therefore confirm the demarcation line as now laid out in this village. In consideration of the fact that the growth of grass under the shade of trees is poor, and that the cattle in the malnad are not tended, but allowed to roam about all over the jungle, it is but fair to grant to the raiyats concerned the right of grazing in the entire area on payment of the lump sum fee of Rs. 20 which they are now paying to the Revenue Department, annually. I accordingly decide that they be entitled to graze 479 head of cattle in the reserve during the prescribed season on payment of a lump sum fee of Rs. 20 annually. C. VENKATA RAO, Forest Settlement Officer. 27th March 1914.		
30	Do ...	Do	Requests that right of way to the path ways shown in the village map may be admitted.	.....	May be admitted.	Right of way to the foot-paths leading from Ganjigere to Gopala, and Busenahalli; and to Yerebyle from Karakuchi will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 27th May 1914.

C. VENKATA RAO,
Forest Settlement Officer.

Antergange Forest, Shimoga Taluk.

No. R. 9061-64—Ft. 95-15-4, dated 22nd March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Notification No. R. 5806—Ft. 52-09-4, dated 21st February 1910, declaring under Section 4 of the Forest Regulation, the proposal to constitute certain lands forming the Antergange block in the Shimoga Taluk, as a State Forest.

2. Letter No. *6283, dated 22nd November 1915, from the Revenue Commissioner in Mysore submitting letter No. 111, dated 3rd October 1913, from the Forest Settlement Officer, reporting on the conclusion of the settlement of the block and recommending the issue of final notification subject to the grant of certain concessions to the raiyats of Barandur, Halhikere and Davarahalli recommended by the Deputy Commissioner, Shimoga District, in his letter No. 570, dated 26th January 1915.

3. Letter No. 7301, dated 1st January 1916, from the Conservator of Forests in Mysore, stating that he is agreeable to the settlement made by the Forest Settlement Officer but that for reason given he is not in favour of the concessions recommended by the Revenue Officers.

*Printed as accompaniments with enclosures B and C Registers.

Order No. R. 9061-64—Ft. 95-15-4, dated 22nd March 1916.

Government approve of the settlement effected by the Forest Settlement Officer as modified by the Deputy Commissioner, Shimoga District.

2. The assessment on the marginally noted survey numbers (assessed waste included in the block will be written off the accounts.

3. The Deputy Commissioner, Shimoga District is requested to promulgate the boundaries of the forest in the villages in which the forest is situated.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Deputy Commissioner, Shimoga District, returning the records.
The Superintendent, Revenue Survey and Settlement.

Exd.—C. R.

No. R. 9061-64—Ft. 95-15-4, dated 22nd March 1916.

NOTIFICATION.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st May 1916 the area, the boundaries of which are set forth in the Schedule annexed to this Notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

Schedule.

District	...	Shimoga.
Taluk	...	Shimoga.
Hole-honnur and Benkipur hoblis—		
Hobli and village	...	Kudligere, Mavinkere, Attigunda, Balegere, Dodderi, Sidderahalli, Yerahalli, Antergange, Kachagondenhalli, Devarahalli, Neralkere, Varavinkere, Baslikatte, Bisalmane, Kottadahal, Kenchammanhalli, Ukkunda and Hadalkatte.
Approximate area	...	18·59 square miles.
Name of block	...	Antergange.

Boundaries.

Situation.—The block is situated to the west of the Kukwada-Ubrani State Forest.

North.—Starting from a point on the northern boundary of the Kudlegere village about 8 chains north-west, from the north-west corner of Survey No. 84 of the said village, the line runs north-east along the southern boundary of the Arebelachi village for about 37 chains to the trijunction bandhs of Arebelachi, Kodihalli and Kottadahal; then in the same direction along the southern boundary of Kodihalli to the trijunction bandhs of Kodihalli, Kottadahal and Nagoli, thence south-east in a straight line along the western boundary of the Nagoli village for about 56 chains to the south-east corner of Survey No. 1 of Kottadahal.

East.—Thence south, south-west and east along the western demarcation line of the Kukwada Ubrani State Forest through the villages of Kottadahal, Kudlegere, Attigunda and Balegere, to a point about 20 chains north-west from the north-west corner of Survey No. 14 of the said village, then south-east through Survey Nos. 12 and 10 of Belegere for 33 chains to the westernmost corner of Survey No. 9 of the same village then in the same direction through Survey No. 10 for 11 chains to the south-west corner of Survey No. 9, then south-east for 48 chains through Survey No. 10 to the south-west corner of Survey No. 28, then south-west along the western and southern boundary of Nettigalhatti for about 108 chains to the trijunction bandhs of Nettigalhatti, Gangur and Dodderi, then south along the western boundary of Gangur for about 49 chains to the trijunction bandhs of Gangur, Dodderi and Yemmedoddi, then west through Survey No. 28 of Dodderi for about 63 chains to a point about 23 chains north-east from the north-west corner of Survey No. 20 of Dodderi, then south-west through Survey Nos. 17 and 16 of the same village for about 110 chains to the common bandhs of Dodderi, Bisalmane, Varavinkere and Balekatte villages, then south-east and south-west along the western boundary of the last named village to its south-west corner, then east along the southern boundary of the same village for about 45 chains, then south-west through Survey No. 3 and 2 of Sidderahalli for about 83 chains to a point about 5 chains north-east from the north-west corner of Survey No. 1 of the same village, then south-west for about 8 chains through Survey Nos. 2 of the said village to a point on the south side of Survey No. 2 about 5 chains west from the north-west corner of Survey No. 1, then south through Survey No. 19 for about 16 chains to a point about 5 chains south-west from the south-west corner of Survey No. 22; then south-west through Survey No. 19 for about 65 chains to the trijunction bandhs of Sidderahalli, Yerahalli and Thimmapur (Tarikere Taluk), then south-west in a straight line along the northern boundary of Thimmapur to the trijunction bandhs of Sidderahalli, Thimmapur and Kodihalli (Inam).

South.—Thence north-west and west along the east and north sides of the said Kodihalli village for about 49 chains to the trijunction bandhs of Kodihalli, Mavinkere and Hadalkatte; then west, north-west, west, north-west and south-west along the northern boundary of the Inam Guddadahattihal of the Tarikere Taluk to its north-west corner.

West.—Thence north-west and north along the eastern boundary of Kenchanahalli for about 51 chains to the south-west corner of the Mavinkere village, *i.e.*, a point about 13 chains south-east from the south-west corner of Survey No. 20 of Mavinkere; thence north-east in a straight line through Survey No. 19 of the said village for about 32 chains to the south-east corner of Survey No. 22; then in the same direction for about 75 chains through Survey Nos. 24 and 25 of the same village to the south-west corner of Survey No. 2 of Ukkunda; then north-west for about 5 chains along the south side of Survey No. 1 of the same village to its south-west corner; then south-west along the north side of Survey Nos. 24 and 19 of Mavinkere for about 91 chains to the north-west corner of the latter survey number; then north-west through Survey No. 13 of Yerehalli for about 73 chains to the south-east corner of Survey No. 9 (tank) of the same village; then north-west along the east side of the said Survey No. 9 to its north-east corner; then north-east through Survey No. 13 of the said village for about 23 chains to a point on its northern boundary about 5 chains east from the north-west corner of Survey No. 13 of Yerehalli; then east along the southern boundary of Antergange for about 100 chains to the south-east corner of Survey No. 19 of the same village; then north along the east side of the said survey number for about 72 chains to the north-east corner of the said Survey No. 19; then north-west along the north side of the same survey number for about 12 chains to the trijunction bandhs of Antergange, Kachagondanhalli and Devarhalli; then west along the north side of Survey No. 19 of Antergange for 42 chains to a point about 5 chains north-west from

No. R. 9061-64—Ft. 95-15-4, dated 22nd March 1916.

the north-west corner of Survey No. 6 of the same village; then north-east through Survey No. 34 of Kachagondenhalli for about 49 chains to a point on its north side about 30 chains west from its north-east corner; then north-east through Survey No. 49 of Devarhalli for about 46 chains to a point on the south side of Survey No. 12 of Neralkere about 32 chains south-east from its south-west corner; then south-east along the south side of the survey number for about 17 chains to its south-east corner; then north-east along the east side of Survey No. 12 of Neralkere for about 63 chains to its easternmost corner; then north-east along the east side of the said Survey No. 12 for about 41 chains to its north-east corner; then north along the east side of Survey No. 33 of Neralkere for about 73 chains to its north-east corner; then west along the north side of the said Survey No. 33 for about 46 chains to a point on its northern boundary about 16 chains north from the north-east corner of Survey No. 47 of the same village; then north through Survey No. 17 of Baslikatte for about 65 chains to its north-east corner; then in the same direction through Survey Nos. 18 and 16 of Attigunda for about 92 chains to the north-east corner of the latter survey number; then north-east along the east side of Survey No. 90 of Kudligere for about 48 chains to its north-east corner; then north-west along the east side of Survey No. 86 of the same village to the easternmost corner of Survey No. 87 (tank) of the said village, then north-west and west along the northern boundary of the said survey number to its north-west corner; then west along the north side of Survey No. 86 of the same village for about 27 chains to the starting point.

Remarks.

A. The undermentioned rights of way are admitted within the block throughout the year.

(1) Cart-track from Arebilchi to Veerappa's temple in Survey No. 2 of Kottadahal, 15 feet wide and about 110 chains long, open for men, cattle and carts. It enters the forest in its northern boundary at a point about 12 chains north from the north-west corner of Survey No. 84 of Kudligere, runs east and south-east through Survey Nos. 1 and 2 of Kottadahal and goes to the temple which is treated as an enclosure.

(2) Foot-path from Kudlegere to Belegere, 6 feet wide and about 51 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 2 chains south from the north-east corner of Survey No. 90 of Kudlegere, goes south-east through Survey No. 89 of the same village and quits the forest in its eastern boundary.

(3) Foot-path branching from the above and leading to Halemallapur, 6 feet wide and about 6 chains long, open for men and cattle. It branches from the above foot-path, and goes east through Survey No. 89 and quits the forest in its eastern boundary.

(4) Foot-path from Attigunda to Belegere, 6 feet wide and about 47 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 17 chains north from the southernmost corner of Survey No. 18, goes south-east through Survey No. 18 of Attigunda and Survey No. 16 of Baslikatte and quits the forest in its eastern boundary at a point about 37 chains south-west from the north-east corner of Survey No. 16 of Baslikatte.

(5) Cart-track from Neralkere to Dodderi, 15 feet wide, and about 186 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 27 chains north from the south-east corner of Survey No. 33 of Neralkere, runs south-east, east and south-east through Survey Nos. 32 and 31 of Neralkere and Survey No. 17 of Dodderi and quits the forest in its eastern boundary at a point about 5 chains west from the north-west corner of Survey No. 20 of Dodderi.

(6) Foot-path from Belegere to Neralkere, 6 feet wide and about 141 chains long, open for men and cattle. It enters the forest in its eastern boundary at the south-west corner of Survey No. 9 of Belegere runs west, south-west, and south and joins the cart-track No. 5 *supra*.

(7) Cart-track from Dodderi to Gangur, 15 feet wide and 3 chains long, open for men, cattle and carts. It enters the forest in its eastern boundary at a point about 3 chains west from the south-east corner of Survey No. 28 of Dodderi, goes north-east through Survey No. 28, and quits the forest in the eastern boundary at a point about 3 chains north from the south-east corner of the said Survey No. 28.

(8) Foot-path from Beelgere to Nettigalhatti, 6 feet wide and about 35 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 9 chains south from the south-west corner of Survey No. 37 of Belegere, goes south through Survey No. 10 of the same village and quits the forest in its eastern boundary at a point about 32 chains south-west from the south-west corner of Survey No. 28 of the same village.

(9) Cart-track leading from Benkipur *via* Antergange to Dodderi, 15 feet wide and about 188 chains long, open for men cattle and carts. It enters the forest in its western boundary at a point about 17 chains north from the south-east corner of Survey No. 19 of Antergange, goes east, north-east and east through Survey No. 20 of Antergange, and Survey Nos. 1 and 10 of Bisalmane and reaches the Bisalmane enclosure at a point about 3 chains south from the south-east corner of Survey No. 9 of Bisalmane, and again it begins in the said enclosure at a point about 3 chains east from the south-east corner of Survey No. 6 of the same village, goes east through Survey No. 10 of Bisalmane and Survey No. 16 of Dodderi and quits the forest in its eastern boundary at a point about 10 chains north-east from the south-west corner of Survey No. 16 of Dodderi.

(10) Foot-path from Devarhalli to Bisalmane, 6 feet wide and about 156 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 28 chains south-west from the south-west corner of Survey No. 30 of Neralkere, runs south-east through Survey Nos. 49 and 50 of Devarhalli and Survey No. 1 of Bisalmane and reaches the Bisalmane enclosure at a point about 3 chains south-west from the northernmost corner of Survey No. 2 of the same village.

No. R. 9061-64—Ft. 95-15-4, dated 22nd March 1916.

(11) Foot-path from Antergange to Kenchammanagudi in Survey No. 2 of Kenchammanahalli and on to Sidderahalli, 6 feet wide and about 218 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 7 chains north from the south-east corner of Survey No. 19 of Antergange, runs south-east and south through Survey No. 20 of Antergange, Survey No. 14 of Devarhalli and Survey Nos. 10 and 9 of Ukkunda and reaches the Ukkunda enclosure, at a point about 3 chains south from the north-east corner of Survey No. 9 of the same village; and again it begins in the said enclosure at a point about 5 chains south from the south-east corner of Survey No. 4 of the same village, goes south-east, east and south-east through Survey Nos. 5 and 10 of Ukkunda and Survey No. 2 of Kenchammanahalli and reaches the Kenchammangudi enclosure and again it begins in the said enclosure, goes south-east through Survey No. 2 of Kenchammanahalli and Survey No 2 of Sidderahalli and quits the forest in its eastern boundary at a point about 5 chains west from the north-west corner of Survey No. 1 of Sidderahalli.

(12) Foot-path from Ukkunda to Belekatte, 6 feet wide and about 155 chains long open for men and cattle. It begins in the Ukkunda enclosure at a point about 3 chains south-west from the south-west corner of Survey No. 4 of Ukkunda, goes east through Survey Nos. 5 and 10 of Ukkunda. Survey Nos. 2 and 3 of Kenchammanahalli and Survey No. 3 of Varavinkere and quits the forest in its eastern boundary at a point about 4 chains north from the south-west corner of the Balekatte village.

(13) Foot-path from Devarhalli to Ukkunda, 6 feet wide and about 97 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 3 chains north-west from the south-east corner of Survey No. 13 of Yerehalli, runs east through Survey Nos 13 and 14 of the same village and Survey Nos. 10 and 1 of Ukkunda and reaches the Ukkunda enclosure at a point about 3 chains south from the north-west corner of Survey No. 1 of the same village.

(14) Foot-path from Mavinkere to Sidderahalli, 6 feet wide and about 127 chains long, open for men and cattle. It enters the forest in its western boundary at a point about 15 chains east from the north-east corner of Survey No. 5 of Mavinkere, goes east through Survey Nos. 24 and 25 of Mavinkere, Survey No. 10 of Ukkunda and Survey No. 2 of Kenchammanahalli and joins foot-path No. 11 *supra*.

(15) Foot-path from Sidderahalli to Kenchammanahalli, 6 feet wide and about 128 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 27 chains west from the north-west corner of Survey No. 16 of Sidderahalli runs south-west, through Survey Nos. 19 and 20 of Sidderahalli and quits the forest in its southern boundary at the south-east corner of the Hadalkatte village.

B. The following concessions are admitted within the block :—

(1) Veerappa's temple in Survey No. 2 of Kottadahal is treated as an enclosure. Access to it will be by means of cart-track No. 1 *supra*.

(2) Survey Nos. 3,4,5,6,7,8, 2 and 9 of Bisalmane are clubbed together and treated as an enclosure with a margin of 3 chains all round. Access to it will be by means of foot-path No. 10 *supra*.

(3) Survey No. 3 of Ukkunda is treated as an enclosure with a margin of three chains all round. Access to it will be by means of foot-path No. 11.

(4) Kenchammanagudi in Survey No. 2 of Kenchammanahalli is treated as an enclosure with a camping ground of 5 chains all round. Access to it will be by means of foot-path No. 11.

(5) The raiyats of Yerehalli are allowed to (1) graze their cattle (326) free in the reserve, during the prescribed season, (2) to remove dead wood at the rate of 6 cart-loads for each raiyat paying a kandayam of Rs. 10 and under, and at the rate of 12 cart-loads for each raiyat paying more, seebu at 5 cart-loads for each house, per annum, and wooden materials for agricultural implements as detailed in the subjoined statement.

(6) The raiyats of Kodihalli (305 cattle) and Arobilchi (558 cattle) are permitted (1) to graze their cattle in the reserve on payment of half the prescribed rates during the prescribed season, (2) to remove seebu at 5 cart-loads for each house, per annum, and wooden materials for agricultural implements as detailed in the subjoined statement.

(7) The raiyats of Sunnadahalli, Mastrahalli, Benkipur, Seegebagi, and Kodihalli (near Benkipur) and Narsipur are allowed (1) to remove dead wood from the reserve at the rate of 6 cart-loads for each raiyat paying a kandayam of Rs. 10 and under, and at the rate of 12 cart-loads for each raiyat paying more, (2) to remove seebu at 5 cart loads for each house per annum, and wooden materials for agricultural implements as detailed in the subjoined statement.

(8) The raiyats of Kanchagondanhalli are allowed to remove from the reserve, seebu at the rate of 5 cart-loads for each house per annum, and wooden materials for agricultural implements as detailed in the subjoined statement.

(9) The raiyats of Antergange are allowed to remove from the reserve, seebu at 5 cart-loads for each house per annum.

(10) The raiyats of Barandur, Hallikere and Devarhalli villages are allowed to remove from the reserve wood for agricultural implements as detailed in the subjoined statement.

N. B.—The concession to remove fuel, seebu and wooden materials for agricultural implements will be exercised by the raiyats only under free permits to be issued by the Forest Department and in the localities selected by that department.

No. R. 9061-64—Ft. 95-15-4, dated 22nd March 1916.

The raiyats of the following villages are entitled to remove free from the Antergange reserve wooden materials from the unreserved and classified trees, as detailed below.

Survey No.	Name of village	Annually	Once in three years
1	Yerahalli	4 pieces of wood for plough beam ನೇಗಿಲು	4 Pieces of wood for yoke ನೊಗ 7 feet long.
2	Arebilohi	4 pieces of wood for plough. ನೇಗಲಬಾಳು 3 feet long.	4 do for plough handle 4½ feet long.
3	Kodihalli		4 do for parts of a harrow ಹೆಗ್ಗುಂಟಿ ದಿಂಡು 3 feet long.
4	Sunnadahalli	2 pieces of wood for parts of drill, plough ಗುರುಳುದಿಂಡು 4 feet long.	4 Pieces of wood for parts of a harrow ಹೋಚಕು 9 feet long.
5	Masarahalli		1 do for parts of harrow ಮೋಣಿ 3 feet long.
6	Benkipur	4 pieces of wood for parts of drill plough. ಹೋಚಕು 9 feet long	4 do for the wooden teeth of a harrow ಆಗ್ಯೆ 3 feet long.
7	Seegebagi		2 Pieces of wood for longs for packing the soil ಕೊರಡುಗಳು 7 feet long.
8	Kodihalli (near Benkipur)		
9	Kachagondenhalli	3 pieces of wood for parts of drill plough. ಮೋಣಿ 3 feet long.	2 Pieces of wood for drill plough ಹೂರಿಗೆ ದಿಂಡು 3 feet long.
10	Narsipur		4 Pieces of wood for parts of drill plough ಹೋಚಕು 9 feet long.
11	Barandpur		2 Do do do ಮೋಣಿ 3 feet long.
12	Hallikere and		2 Do for bush harrow ಪಲ್ವಿ 9 feet long.
13	Devarahalli		4 Do for parts of drill plough ಹೋಚಕು 9 feet long
			4 Do do ಮೋಣಿ 3 feet long.
			4 Do do ಯುಡಗುಂಟಿ ದಿಂಡು 9 feet long.
			4 Do for drill plough ಯುಡಗಂಟಿ ಹೀಚಕು 9 feet long.
			4 Pieces of wood for parts do ಯುಡಗುಂಟಿ ಮೋಣಿ 3 feet long.
			2 Do for cart pole ನೊಗ
			2 Do for yoke ನೊಗ

By Order,
V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette*, for publication.

No. 6283-8—V. P. Bangalore, 22nd November 1915, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

I have the honor to submit herewith for the orders of Government the marginally noted papers relating to the settlement of the Antergange block in the Shimoga Taluk received with letter No. 570, dated the 29th January 1915, from the Deputy Commissioner, Shimoga District.

1. Letter No. 570, dated 26th January 1915, from the Deputy Commissioner, Shimoga.
2. Letter No. 712, dated 3rd October 1913, from the Forest Settlement Officer.
3. Letter No. 111, dated 3rd October 1913, from the Forest Settlement Officer
4. Boundary notification dated 30th September 1913 with the statement.
5. 'B' Forest Register.
6. 'C' Forest Register.
7. Sketch.
8. Topo-tracing.
9. A file of vernacular papers.

2. The block in question comprises assessed waste kharab and gomal lands of 18 villages in the Shimoga Taluk covering an area of 11897 acres and 3 guntas or about 18·59 square miles.

3. During the settlement forty claims were preferred to the Settlement Officer of which two relating to title twelve to rights of way and twenty-one to miscellaneous rights were admitted, while one claim in respect of right of grazing and four to miscellaneous right were rejected.

4. No appeals were preferred against the decision of the Settlement Officer but the raiyats of Devarahalli presented a petition before the Deputy Commissioner praying that gomal Survey No. 49 of the village might be excluded from the reserve and kharab Survey No. 50 might be set apart for the purpose of removing wood for agricultural implements, while the raiyats of Barandur and Hallikere have prayed for permission to graze their cattle and to remove free of payment wood for agricultural purpose from the Kenchammanagudda included in the proposed block. The Deputy Commissioner who has held an enquiry into the matter considers that the prayer in the matter of the free grant of wood for agricultural purposes is reasonable and therefore suggests that necessary additions as noted in his letter may be caused to be made in the boundary notification.

The suggestion made by the Deputy Commissioner may be adopted and the final notification ordered to be published.

No. R. 9061-64—Ft. 95-15-4, dated 22nd March 1916

Letter No. 111, dated 3rd October 1913, from C. Venkata Rao, Esq, B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District.

I have the honour to report on the conclusion of the settlement of the Antergange Block in the Shimoga Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 144 and 145 of the English issue of the *Mysore Gazette*, Part I, dated 24th February 1910, and the proclamation under Section 5 of the said Regulation was published on pages 220, 221 and 222 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 7th April 1910.

3. The proclamatory notices were got served on the villagers concerned through the Amildar of the Shimoga Taluk.

4. The locality was inspected and perambulated by me in company with the Range Officer from the 28th November to 3rd December 1912. During the enquiry the undermentioned forty claims were preferredto me:—

(i) One claim to right of grazing.
(ii) Two claims to patta right.
(iii) Twelve claims to right of way.
and (iv) Twenty-five claims to miscellaneous rights.

The claim in (i) was rejected. All the claims in (ii) were and (iii) admitted. Of the twenty-five, claims in (iv) twenty were fully admitted, one partly admitted, and four rejected.

5. In the Siddarahalli village which has contributed lands to the block in question, the final demarcation line of the Hadikere State Forest overlaps the boundary of Survey No. 20 proposed to be included in the Antergange Block. This is evidently a mistake in cutting the final demarcation line.

6. The Deputy Commissioner has intimated in his docket No. 958, dated 17th August 1913, that no appeals have been preferred to him against my settlement decision.

7. The following records are herewith submitted:—
(i) 'B' Register.
(ii) 'C' Register.
(iii) Sketch map.
(iv) Boundary notification.
(v) Topo tracing.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

No. 570, dated 26—28th January 1915, from K. Mathan Esq., B.A., Deputy Commissioner, Shimoga District, to K. S. Doraswamy Iyer, Esq., Revenue Commissioner in Mysore, Bangalore.

In forwarding herewith the conclusion report with its annexures on the settlement of the Antargange block in the Shimoga Taluk received with Forest Settlement Officer's No. 111, dated the 3rd October 1913, through the District Forest Officer, Shimoga, I have the honor to state that the raiyats of Barandur, Hallikere and Devarahalli villages in the Shimoga Taluk petitioned His Highness the Maharaja in December 1912, claiming certain rights and privileges in the proposed Anteragange block. These two petitions received with General and Revenue Secretary's memo, No. R. 3837—Ft. 7-12-25, dated the 28th January 1913, for report are also enclosed together with the vernacular file of correspondence ending with Shimoga Amildar's report thereon No. 467, dated 2nd April 1914.

2. The grievances of the raiyats of these villages are briefly these:—

(1) The raiyats of Barandur and Hallikere pray that they may be permitted to continue to exercise their right of grazing their cattle and of removing free of payment wood for agricultural implements from the Kenchammanagudda jungle which is included in the proposed Antargange block.

(2) The prayer of the Devarahalli raiyats is that gomal Survey No. 49 (original survey) of the village may be excluded from the reserve and another kharab Survey No. 50 may be set apart for wooden materials and agricultural implements.

(3) The Amildar of Shimoga who held a local enquiry reports that the raiyats of the above three villages were till now exercising the rights, the continuance of which they now pray for. Of the two rights claimed, the right of grazing in the proposed reserve and the exclusion of gomal survey No. 49 of Devarahalli village do not appear to be necessary as sufficient gomal land has been left to the three villages in question even after reserving some portions of gomal lands for the proposed forest. Their grievances regarding the difficulty of getting wood for agricultural implements are reported to be true as there is no other forest close to their villages where they can get the same.

(4) It is therefore necessary and justifiable to give to the raiyats of the above three villages, the right to remove wooden materials for agricultural implements as has been allowed to the ten villages noted in the appended statement to the draft notification of the proposed Antergange block. The proposals for the settlement of the said block may be approved with the marginally noted addition being made in the notification and in the appended statement forwarded herewith.

I After clause (9) of para I of remarks in the draft notification add,
(10) The raiyats of Barandur, Hallikere and Devarahalli villages are allowed to remove from the reserve wood for agricultural implements as detailed in the subjoined statement.
(11) Barandur,
(12) Hallikere,
and (13) Devarahalli.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Antergange State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
2		3	4	5	6	7	8	9
1	Sannabasappa, patel of Kudligere	26th Nov. 1913	States that out of Survey Nos. 88 and 89 a large area has already been taken for the adjoining Ubrani State Forest and as the District Forest remaining for the village is insufficient, prays that the preliminary demarcation line may be cancelled.	.....	Even after deducting the area taken to the Ubrani State Forest and to the proposed Block, there still remains 391 acres of kharab and gomal put together for 623 cattle, which is sufficient	The patel of Kudligere represents that in consideration of the fact that a large extent of lands of his village having already been taken for the adjoining Ubrani State Forest, no lands need be taken for the proposed reserve and that the remaining lands are inadequate for the communal purposes of the raiyats. According to the statement furnished by the Forest Department and forthcoming in the file, I find that 250 acres of kharab lands belonging to this village have been already included in the abovementioned State Forest. It is now proposed to take away 316 acres of gomal lands and 605 acres of kharab for the Antergange proposed reserve, leaving for the use of the village about 350 acres of gomal. This extent is quite insufficient for the requirements of the raiyats of this populous village. I accordingly direct that the preliminary demarcation line be deviated at the north-east corner bandhs of Survey No. 87 (tank) and taken along the east sides of Survey Nos. 86 and 90 (gomal lands) to the south-east corner of the latter survey number, thus securing to them the whole extent of the gomal assigned to the village. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.	.....	
2	Do ...	Do ...	Requests that right of way to the foot-paths leading to Balagere and to Halemallapur may be admitted.	.....	Right of way to Dodderi may be admitted.	Right of way to the foot-paths leading from Kudligere to Balegere and Halemallapur will be admitted for men and cattle throughout the year; width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.	.....	

No. R. 9061-64—Ft 95-15-4, dated 22nd March 1916.

Channappa patel of Attigunda	26th Nov 1912	Represents that a large area of gomal has been included in the Kukwada Ubrani State Forest and the preliminary demarcation line runs almost at the edge of cultivated fields, that there is hardly any gomal left for the village and that all the assessed waste lands have been brought under the plough and prays that no lands need be included in the reserve	As there is not much grazing land left for the rayats they may be given the right of grazing and removal of fuel and seebu and wood for agricultural purposes at a reduced rate	The village of Attigunda has already contributed about 250 acres of the village pasture lands to the adjoining Ubrani State Forest It is now proposed to add 230 acres of kharab and 506 acres of gomal to the proposed reserve, leaving about 150 acres for the pasturage of 576 head of horned cattle, which of course is insufficient About 760 acres of this village has already been cultivated leaving about 9 acres of assessed waste It is therefore necessary to make sufficient provision for expansion of cultivation In these circumstances I direct that the demarcation line which according to the alterations ordered in the adjoining village of Audigere abuts on the north east corner of Survey No 16 (of Attigunda), be taken in a straight line in a south westerly direction through Survey Nos 16 and 18 so as to meet the hotte bandhs on the south side of Survey No 18 which also define the north east corner of Survey No 17 of the Basikatte village By the above alteration of the Forest boundary about 800 acres will be secured for the use of the village C VENKATA RAO, Forest Settlement Officer 4th December 1912
Channappa, patel of Basikatte	Do	States that some lands have been taken to the Ubrani State Forest, that there is not much gomal remaining for the rayats that all the assessed waste lands have been cultivated and that there is a breached tank in Survey No 17 called Hunduskere which is now proposed to be reconstructed as it will irrigate the lands of 6 or 7 villages Requests therefore that no lands may be taken for the reserve in question	There is not much gomal area for the rayats and therefore they may be given the right of grazing and removal of seebu, fuel and wood for agricultural purposes at a reduced rate. There is no wide catchment area for the tank to be of much use to the rayats and hence their claim is unreasonable	(1 and 5) Basikatte is a hechirak village But with the exception of 30 acres all the assessed lands of the village are under cultivation The preliminary demarcation line touches cultivated lands bearing Survey Nos 15 and 21 and has to be shifted farther away Further the rayats of Mullakere have set up a claim, which I admit, to the right of obtaining fuel, seebu and wooden materials out of the district jungle of Attigunda and Basikatte, and it is also in consideration of this fact that about 300 acres of gomal was ordered to be excluded out of the extent proposed from the Attigunda village It is therefore found equitable to exclude some lands out of those proposed from the Basikatte village also I accordingly direct that the preliminary demarcation line be continued from the north-east corner of Survey No 17 in a south-westerly direction so as to meet the south side of the said survey number, at

Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
2	3	4	5	6	7	8	9
					a point about 18 chains south-east from the easternmost corner bandhs of Survey No. 21 of Baslikatte. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.		
Mallappa, patel of Mullakere.	30th Nov. 1912	Represents that the raiyats of Mullakere have been for a long time obtaining their supply of fuel, seebu and wooden materials for agricultural implements from the District jungles of Attigunda and Baslikatte and that this right may be conceded to them	.....	.....	See claim 4.	.....	
Sannabasappa, patel of Baslikatte.	26th Nov. 1912	Requests that right of way to the foot-path leading from Attigunda to Baligere *via* Baslikatte may be admitted.	.....	.....	Right of way to the foot path leading to Balegere and shown in the village map will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.	.....	...
Fakirappa, patel of Mavinkere.	28th Nov. 1912	Represents that adequate extent of gomal lands may be excluded out of the extent proposed for the reserve and the mamool privileges conferred upon the raiyats, *viz.*, the removal of wooden materials for agricultural implements and also four to five cart-loads of Kiribidaru for fencing for each house and about twenty cart loads of fuel for each family per annum, may be respected.	.....	These raiyats have no real grievances since the area left out is more than enough to meet their requirements.	As 242 acres of gomal will be still available to the raiyats of Mavinkere for the pasturage of 53 head of cattle, I would confirm the line as laid out.	.....	...
Do ...	Do ...	Requests that right of way to the foot-path leading to Siddaranalli may be admitted.	... ...	Right of way to Siddarahalli *via* Ukkunda and Kenchammanagudi may be admitted.	Right of way to the foot-path leading to Siddarahalli and shown in the village map will be admitted for men and cattle throughout the year. Width to be six feet. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.	.....	...

Ramsingh, patel of Yerrahalli.	Do ..	States that as the grazing lands are inadequate for the purpose the cattle are taken for grazing to the lands of Ukkunda Varavinkere and Kenchammanahalli and prays that both the survey numbers proposed may be excluded from the reserve, and the right to remove fuel and wood for agricultural implements granted.	.....	In this village 231 acres are available for grazing their 204 head of cattle and so the raiyats can have no real grievance in the matter of supply of fuel, seebu and thorns.	Yerrahalli has to contribute 271 acres of kharab and 400 acres of gomal retaining for its communal requirements 50 acres of kharab and 168 acres of gomal. The tract is well studded with teak trees and consequently is not of much avail to the raiyats either for pasturage or for obtaining fuel, etc. It is ascertained that owing to want of pasture in this locality, the raiyats are obliged to take their cattle for grazing to the pasture lands of Ukkunda, Varavinkere and Kenchammanahalli. In these circumstances I would confirm the demarcation line as now laid out in the village and grant the raiyats concerned, the right of free grazing for 326 head of horned cattle in the reserve and also the right to remove annually fuel at the rate of six cart-loads (dead wood) for each raiyat paying a kandayam of Rs. 10 and under and 12 cart-loads (dead wood) for each raiyat paying more, and seebu and wooden materials as detailed below:— Five cart-loads of seebu for each family per annum. *Annually.* Four pieces of wood for plough beam, ನೇಗಲು seven feet long. Fore pieces of wood for plough foot, ನೇಗಲುಬಾಳು 3 feet long. Two pieces of wood for parts of Drill plough ಗರಳದಿಂಡು 4½ feet long. Four pieces of wood for parts of Drill plough ಹೀಲಿಕು 9 feet long. Three pieces of wood for parts of Drill plough ಮೊಳೆ 3 feet long. *Once in three years.* Four pieces of wood for yoke, ನೊಗ 7 feet long. Four pieces of wood for plough-tail or plough-handle, ನೇಗಲಹಿಡಿ 4½ feet long. Four pieces of wood for parts of harrow, ಹೆಗ್ಗುಂಟೆದಿಂಡು 3 feet long. Four pieces of wood for parts of harrow ಹೀಲಿಕು 9 feet long. Four pices of wood for ಮೊಳೆ 3 feet long. Four pieces of wood for wooden teeth of the harrow, ಆಗ್ಗೆ 3 feet long. Two pieces of wood for logs for packing the soil, ಕೊರಡುಗಳು 7 feet long.	.....

						(10 to 15 and portion of claims 21 and 22.)	
10	Ramsingh, patel of Kenchammanahalli.	28th Nov. 1912	Represents that this is a bechirak village, that the raiyats of Antergange Yerahalli, Masarahalli and Mavinkere bring their cattle for grazing and pay hulbanni to Government and this right may be conceded to them.	.....	.....	Kenchammanahalli is also another bechirak village proposed to be included in the reserve and I direct the proposal be confirmed, subject to certain concessions to be mentioned below :— (*a*) The raiyats of Yerahalli ask for grazing rights in this village they have already been granted the right of free grazing in the reserve, this claim is unnecessary. (*b*) The raiyats of Sunnadahalli, Yerahalli, Masarahalli, Benkipur, Seegahage and Kodihalli (near Benkipur) which are all within easy distance of Kenchammanahalli, have set up claim to the right to remove fuel, seebu or thorny bamboos for fencing the fields, and wooden materials (of course from the unreserved and unclassified trees) from the jungle in the Kenchammanahalli village, and there is evidence forthcoming to support the same. I admit these claims to the extent specified in claim No 9 C VENKATA RAO, Forest Settlement Officer 4th December 1912.	.....
11	Subba Rao, patel of Sunnadahalli.	Do ...	States that as there is no district jungle the raiyats go to the Kenchammanahalli lands for grazing, and for removing fuel for domestic purposes and for preparing jaggory and removing seebu for fencing purposes and begs that this right may be recognized in addition to the right to remove materials for agricultural implements.	.....	None of the lands of this village have been proposed for the reserve. They have enough of grazing ground within their village limits. Their claim is unauthorized and consequently inadmissible.		
12	Giriya, a leading raiyat of Masarahalli.	Do ...	Represents that as there is no district jungle in his village the raiyats are enjoying the right of removing fuel for home consumption and for preparing jaggory, seebu and materials for agricultural implements from the jungle in the Kenchammanahalli village and this right may be recognized.	.....	These raiyats have enough lands for their requirements and as no lands have been taken up from this village, their claims are unreasonable.	(*c*) Antergange raiyats claim the right of seebu only and I admit the claim to the extent of 5 cart-loads of seebu for each family, annually (*d*) The claim of Kachagundanahalli raiyats to the right of removing seebu and wooden materials for agricultural implements is also admitted to the extent specified in claim 9. (*e*) The village of Narsipur which is endowed to the temple of Narasimhadevaru at Benkipur claims the right to graze and to remove seebu and wood for agricultural implements and fuel. I reject the claim so far as it relates to grazing, for Narsipur has got pasture lands enough for its use and for the grazing of the cattle of the adjoining village of Benkipur. The portion of the claim with reference to the remaining rights are allowed to the extent specified in claim No. 9. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.	.....

	2	3	4	5	6	7	8	9
13	Abdul Sattar, patel of Benkipur.	3rd Dec. 1912	States that the raiyats have been enjoying the right of removing fuel, seebu and wooden materials for agricultural implements from the jungle in the Kenchammanahalli village and begs that the above privileges may be continued to them.	.....	Benkipur, Seegebagi, Kodihalli. These villages are too far away from the Kenchammanahalli portion of the Antergange forest and so their allegation relating to the removal of produce unauthorizedly from time immemorial is incredible and hence to be rejected. They have been obtaining licenses for the last four or five years.	*Vide claim 10, cl (b)*	.....	
14	Natwagiri, patel of Seegebagi.	Do ...	Represents that his village raiyats have been exercising in the Kenchammanahalli lands the right to remove fuel, seebu and materials for agricultural implements, as there is no jungle assigned to his village.	.....	*Vide* claim 13.	*Vide claim 10, cl (b)*	.....	
15	Lakshmana Rao, patel of Kodihalli (Benkipur).	Do ...	States that his raiyats have been obtaining from the Kenchammanahalli jungle fuel, seebu and wooden materials for agricultural implements for a long time and prays that the same rights may be continued to them.	.....	Do ..	*Vide claim 10, cl (b)*	.....	
16	Shamiengar, patel of Narsipur.	Do ...	Represents that his raiyats have been enjoying the right of removing in the Kenchammanahalli lands, fuel, seebu and materials for agricultural implements and this right may be respected.	.....	This is a jodi village having no right whatever over the Government lands and hence inadmissible.	*Vide claim 10, cl (b)*	.....	
17	Ramsingh, patel of Kenchammanahalli	28th Nov. 1912	States that in Survey No. 2 there is a temple called Kenchammanagudi to which the raiyats of the adjoining 5 or 6 villages go to make offerings, that a jatra is held annually when, there will be a large gathering and requests that this may be excluded from the reserve with sufficient camping ground as also some lands for securing the supply of fuel.	.....	The temple may be treated as an enclosure with a margin of 3 acres all round, which is just enough for meeting their requirements of fuel during the jatra.	The temple of Kencharama in Survey No. 2 is said to be resorted to by devotees from the neighbouring villages. A jatra is also held there once a year when people congregate there and give a feed. It will therefore be demarcated free from reservation with a camping ground of 5 chains all round and treated as an enclosure within the block. Right of way to it will be along the foot-path leading from Yeraballi to Siddaraballi and shown in the village map. C VENKATA RAO, Forest Settlement Officer. 4th December 1912.	.....	

18	Ascertained by the Forest Settlement Officer	Do ...	Right of way to the foot-path leading from Antergauge to Balekatte passing in the limits of Kenchammanahalli.	.....	.....	Right of way to the foot-path leading from Antergauge to Balekatte and shown in the village map will be admitted for men and cattle throughout the year. Width to be 6 feet. *(vide* claim 37.) C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.	
19	Babaji, patel of Devarahalli	Do ...	States that the only district jungle available is Survey Nos 19 and 50 and therefore they may be excluded from the reserve.	.....	.....	According to the proposal of the Forest Department, 363 acres of kharab and 183 acres of gomal have to be included in the forest, leaving for the village communal requirements, about 25 acres of kharab and 233 acres of gomal. The village contains 70 houses with a population of 365 persons owning a live-stock of 432 head of cattle. I found the major portion of the population consisting of Mahrattas probably the descendants of the Mysore Cavalry employed in the Nagar Division during the troublous times who have taken to agriculture. With the exception of 4 acres of assessed waste lands, the entire arable area has already been brought under the plough. It is therefore necessary to make provision for extension of cultivation by excluding lands out of the reserve, fit for the said purpose. In my perambulation I found that about 100 acres in Survey No. 19 closes to the hill, quite fit for cultivation and for grazing purposes. I would exclude this strip of land from the reserve, and accordingly direct that the demarcation line which according to the alteration ordered in the adjoining village of Nevalkere touches the north-east corner of Survey No 19 of Devarahalli, be taken west along the north side of the said Survey No. 19 for a distance of 17 chains and then south-west through the same survey number for about 16 chains so as to meet the south side thereof at a point about 30 chains west from the south-east corner thereof. C VENKATA RAO, Forest Settlement Officer. 4th December 1912.	.....
20	Babaji, patel of Devarahalli.	28th Nov. 1912	Requests that right of way to the foot-path leading to Bisalmane may be admitted.	.....	.....	Right of way to the foot-path leading to Bisalmane through Survey Nos. 49 and 50 will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.	.....

B.—Register of claims to lands, rights to forest produce or easements in the proposed Antergange State Forest—*contd.*

1	2	3	4	5	6	7	8	9
21	Maloji, patel of Kachagondenhalli.	28th Nov. 1912	States that the whole of the District jungle of his village is proposed to be included in the reserve and prays that it may be excluded. Represents that the raiyats have been bringing seebu for fencing and wooden materials for agricultural implements from the Kenchammanahalli jungle and this right may be admitted.	.....	162 acres are avilable for grazing 114 head of cattle and the same is capable of yielding their requirements of fuel, seebu, etc	Kachagondenahalli has to be laid under contribution to the extent of 270 acres of gomal out of Survey No. 34 which is the only gomal land assigned to the village. There will then remain about 133 acres for the pasturage of 192 head of cattle which I consider insufficient for the said purpose and for meeting the other requirements of the villagers. I would therefore exclude about 80 acres of flat lands. I accordingly direct that the preliminary demarcation line which as stated above touches the north side of Survey No. 34 at a point about 30 chains from the north-east corner of the village, be taken through Survey No. 34 in a south-westerly direction so as to meet the south side of the said survey number at a point about 5 chains north from the north-east corner of Survey No. 6 of the adjoining village of Antergange. *Vide* also claim No. 10. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912 *Claims 22, 23 and 24.*	.....	
22	Chendiah, patel of Antergange.	Do .. An extent of 185 acres out of 358 acres of gomal and 125 acres out of kharab lands belonging to the Antergange village have been proposed to be included in the reserve The raiyats of the adjoining village of Narsipur have set up a claim for the right to remove fuel, seebu, etc., from the District jungle belonging to Antergange, while those of Benkipur have advanced their claim to grazing in the Antergange lands on payment of hulbanni fees. Considering the fact that provision has been made for the former village in disposing of the claims made with reference to Kenchammanahalli and that the fact that the latter village can never be said to enjoy the right in	.....	
23	Abdul Sattar, patel of Benkipur.	3rd Dec. 1912	States that the raiyats have been grazing their cattle in the Antergange lands and requests that this right may be admitted.	.....	The raiyats can have seebu and wood for agricultural implements in the said locality.			

24	Shamiengar, patel o Narsipur.	3rd Dec. 1912	States that his raiyats have been obtaining fuel, seebu, etc., from the District jungle of Antergange and prays that this right may be respected.	... ...	.....	question as a prescriptive one, I must reject the said two claims As a major portion of the only gomal survey number of the village will be taken for the forest, if the proposal is confirmed, the case of the raiyats calls for a considerable treatment. I would therefore exclude from the reserve a portion of the hill known as Ajjigudda I accordingly direct that the demarcation line be continued eastwards along the north side of Survey No 19 (gomal) till it meets its north-east corner, and then south along its east side as far as its south-east corner, thus excluding from the reserve the entire gomal Survey No. 19 for meeting the requirements of the villagers. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912	.....
25	Chendiah, patel of Antergange.	28th Nov. 1912	Requests that right of way to the foot-path to Kenchammanagudi in the village by that name may be admitted.	. . .	.. ...	Right of way to the foot path leading to Kenchammanagudi through Survey No 20 and on to Siddaballi will be admitted for men and cattle throughout the year Width to be 6 feet. C. VENKATA RAO, *Forest Settlement Officer* 4th December 1912	.....
26	Imamsab, patel of Neralkere.	28th Nov. 1912	The preliminary demarcation line may be shifted farther away from the edge of cultivation and Survey Nos. 12 and 33 (*gomal*) may be excluded from the reserve.	.....	In this village 567 acres are available for grazing 252 head of cattle and the same is also quite adequate for meeting the other requirements of the raiyats.	*26 and 27.* No less than 1,334 acres of kharab and 369 acres of gomal lands belonging to Neralkere have been proposed to be included in the reserve, leaving about 500 acres of pasture lands for the communal purposes of the raiyats concerned. The raiyats of the adjoining village of Arlihalli have advanced a claim to the right to graze in Neralkere lands and to remove seebu and thorns for fencing purposes and wooden materials for agricultural implements and have adduced evidence in support of it. I accordingly admit their claim. Hence provision has to be made for the exercise of these rights by excluding altogether from the reserve Survey Nos. 33 and 12. I accordingly direct that the preliminary demarcation line be continued eastwards along the north side of Survey No. 33 to its north-east corner, then taken along its east	.....

1	2	3	4	5	6	7	8	9
						side to its south-east corner and then along the eastern boundary of Survey No. 12 to its south-east corner. C. VENKATA RAO, Forest Settlement Officer 4th December 1912.		
27	Mariveerappa, patel of Arlihalli.	31st Nov. 1912	States that his village cattle have been grazing from time immemorial in the lands of Neralkere and the raiyats have been obtaining seebu, thorns and wooden materials for agricultural implements and requests that these rights may be admitted.	The patels of Kudlagere and Thiplapura support the claim.	No lands of this village have been taken up for the reserve.	*Vide* claim 26.	.....	
28	Imamsab, patel of Neralkere.	28th Nov. 1912	Claims right of way over the cart-track leading from Neralkere to Dodderi.	.....	May be admitted	Right of way to the cart-track leading to Dodderi and shown in the village map will be admitted for men, cattle and carts throughout the year. Width to be 15 feet. C VENKATA RAO, Forest Settlement Officer. 4th December 1912.	.....	
	Kottadahal.	Do ...	.....	.....	.....	Kottadahal is a Bechirak village. There can be no objection to its being included in its entirety in the forest, concessions being shown to the raiyats who have adduced evidence in support of their claim to certain rights in the village lands in question. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.	.....	

29	Sankappa, patel of Kodihalli.	29th Nov. 1912	Represents that the raiyats of Kodihalli have been taking their cattle for grazing on payment of hulbanni to the adjoining bechirak village of Kottadahal from time immemorial and have been removing fuel, seebu and wood for agricultural implements and these rights may be continued to them.	(1) Basappa of Arekere supports only the claim re right of grazing (2) Mallappa of Arekere speaks to the Kodihalli raiyats' exercise of the right to remove seebu from the jungle.	No lands of this village have been taken up. They have enough of gomal and kharab lands for their requirements and their claims are unreasonable.	The patel of Kodihalli has on behalf of the raiyats set up a claim to the right of removing fuel, seebu for fencing purposes and wooden materials for agricultural implements as also to the right of grazing on payment of hulbanni fees in the Kottadal lands From the village accounts it is seen that out of its total atchakat of 595 acres, 406 acres are occupied lands and that the extent of gomal land assigned to it is 130 acres for the pasturage of 305 head of horned cattle. The extent of pasture lands being inadequate, the villagers have been taking their cattle for grazing to the bechirak village of Kottadal and pay hulbanni of Rs. 4 annually to it. As the evidence adduced by them supports the claim, I admit it, and direct that they be entitled to graze their cattle (305) in the reserve during the prescribed season at half the prescribed rates. The villagers' averment that they also enjoy the right of obtaining fuel from the Kottadal jungle is not supported by evidence and I accordingly reject the said claim. The villagers do require seebu for fencing their fields against the ravages of wild animals and this article cannot be had in their village lands. As there is evidence to support their claim to the removal of it from the Kottadal jungle, I decide that they be entitled to remove from the reserve seebu at the rate of 5 cart loads for each house per annum, a concession granted by me to the villagers affected by the Kunda Block and approved by Government in their Order No. R. 2767—Ft 40-11-7, dated 20th November 1912. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.
30	Thimmappa, patel of Arebelachi.	30th Nov. 1912	States that the raiyats have been exercising in the lands of Kottadahal the right of removing fuel, seebu and wooden materials for agricultural implements, and the right of grazing their cattle on payment of hulbanni. Requests that these rights may be conceded to them.	Neelakantappa, (Shanbhog of Kodihalli) and Halappa support the claim.	No lands of this village have been taken up. The kharab and gomal lands available is quite sufficient for their communal purposes and hence their claims are unreasonable.	Arebilichi is another prosperous village adjoining Kottadal. It contains 240 houses with a population of 740 souls and a live stock of 558 head of horned cattle. The raiyats claim the right to remove fuel, seebu and wooden materials for agricultural implements from the jungle in the Kottadal village as also the right of grazing. There is an extent of 200 acres of gomal assigned to it. This is rather inadequate for the purpose. In consideration of the fact that they have been grazing their cattle in the village in question on payment of hulbanni fees, I decide as in the case of Kodihalli, that they be entitled to graze in the reserve 558 head of horned cattle at half the prescribed rates during

B.—Register of claims to lands, rights to forest produce or easements in the proposed Antergange State Forest —*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
						the prescribed season. As regards fuel, it should be found in the District jungle of 200 acres of their village I accordingly reject this claim For reasons stated in the case of Kodihalli I admit their claim to seebu and direct that they be entitled to remove five cart-loads for each house per annum. I also decide that in the case of these two villages (Kodihalli and Arebilichi) they be entitled to remove wooden materials from the unclassified and unreserved trees as specified in claim No. 9 C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.		
31	Ascertained by the Forest Settlement Officer.	4th Dec 1912	Requests that Veerappa's temple in Survey No. 2 of the Kottadahal may be treated as an enclosure with a right of way to it.	... 	Hadalkatte	....	....	....		The village of Hodalkatte is bechirak and the entire atchkat is treated as kharab at the Survey Settlement I therefore order that the line be confirmed as now laid out	.....	
32	Kenchappa, patel of Kenchanahalli	28th Nov 1912	States that as the village gomal is insufficient the raiyats have been taking their cattle to the village of Hadalkatte on payment of hulbanni of Rs 8 and requests that this right may be respected.	....	None of the lands of this village have been taken up and evidently they have more lands than what they actually require, and hence their claim is unreasonable	The raiyats of the adjoining village of Kenchanahalli have put forward the claim to graze their cattle in the kharab lands of Hadalkatte on payment of a hulbanni of annas 8 According to the village accounts, Kenchanahalli has gomal lands of 144 acres and an extent of 319 acres of	.. ..	

						kharab, while the cattle owned by the villagers consists of 106 head. I see no reason to recognize the above claim and accordingly reject it. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.
	Sidderahalli			.....		The case of Sidderahalli calls for no remark as there still remains a very large extent of kharab lands for the use of the village which consists of 13 houses. The line will be deviated by about 5 chains wherever it touches the edge of cultivation. The whole of Survey No 20 which has been proposed to be included in the Antergange reserve, is according to the Surveyor's report, already included in the Hadikere State Forest and the 66 feet demarcation line thereof passes along the east side of Survey No. 20. A reference will be made to the Forest Department in this matter with a view to have the mistake rectified. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.
33	Ascertained by the Forest Settlement Officer.	28th Nov. 1912.	Requests that right of way to foot-paths leading to Antergange and Kenchanahalli may be admitted.	....		Public right of way to the foot-paths leading from Antergange and Kenchanahalli will be admitted for men and cattle throughout the year. Width to be 6 feet. C VENKATA RAO, Forest Settlement Officer. 4th December 1912.
34	Siddalingappa, patel of Dodderi.	2nd Dec. 1912.	Begs, that as the area of the District jungle left for the village is insufficient, the preliminary demarcation line may be so shifted as to exclude the hill known as Nimbe-Matte and made to run to the trijunction bandhs of Dodderi, Bisalmane and Neralkere.	.....	The village contains 57 head of cattle and for this they have 660 acres of grazing ground; and so their contention is most unreasonable.	The raiyats' prayer to exclude some of the proposed lands in the village of Dodderi is simply extravagent, inasmuch as there still remains for communal purposes no less than 126 acres of gomal and 136 acres of kharab. It contains only 20 houses with a population of 41 souls and a live-stock of 126 head of horned cattle. The area left is more than adequate. I therefore reject the villagers' prayer. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Antergange State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks

Right of way to the cart-tracks leading to Benkipur, Gangur and Neralkere will be admitted (*vide* claim 28) for men, cattle and carts throughout the year. Width to be 15 feet. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.		
36	Baladu, khatedar of Survey No. 3 of Ukkunda.	3rd Dec. 1912.	Claims patta right over Survey No. 3 of Ukkunda.	Supported by village accounts.	This Survey No. 3 may be acquired as it is not worth while being treated as an enclosure.	The whole of the bechirak village of Ukkunda has been proposed to be included in the reserve. One Waddar Baladu has advanced a claim to patta right over Survey No. 3 and his claim is supported by village accounts. I therefore admit it. The Range Officer proposes that it should be acquired. I personally inspected the land. It contains no trees, and as the owner has stated that it is his only property I refrain from taking action regarding its acquisition. Moreover, the village being bechirak, it is likely that the land will be relinquished by the occupant in the near future. In these circumstances, I direct that the said land be demarcated out with a margin of 3 chains all round and treated as an enclosure. The Range Officer when subsequently consulted seemed to have no objection to the above course. C. VENKATA RAO, Forest Settlement Officer. 4th December 1912.		
37	Ascertained by the Forest Settlement Officer.	28th Nov. 1912	Requests that right of way to the foot-path to Balekatte and to Yerahalli may be admitted.	.....	.....	Right of way to the foot-path from Ukkunda to Balekatte and to Yerahalli will be admitted for men and cattle throughout the year. Width to be 6 feet. C. C. VENKATA RAO,
Forest Settlement Officer.

No. Fl. 4213-62 G. F. 184-15-2, dated 1st March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 2400—T. A. D. I. 378, dated 21st September 1915, from the Comptroller.

I have the honor to state that on receipt of a letter No. 946, dated 3rd—6th September 1915, from the Secretary, State Life Insurance Committee, requesting this office to authorise the payment of the surrender value of Rs 221, due to the insured C. Raghavendra Rao, late clerk, Deputy Commissioner's Office, Tumkur, the Deputy Commissioner was requested to kindly state if any amount was due to Government by the insured. He reports that no amount is due to Government but that a sum of Rs. 82 and odd is due to the Tumkur Co-operative Society and that the Registrar of the Co-operative Societies has passed a decree against him and it has not been satisfied. A sum of Rs. 83 has therefore been withheld, and the Bangalore District Treasury instructed to pay the party only the net amount due. I request that you will be so good as to inform this office as to whether this amount should be paid to the party or to the Deputy Commissioner, Tumkur, in satisfaction of the Co-operative Society's demands.

Order No. Fl. 4213-62—G. F. 184-15-2, dated 1st March 1916.

Under Rule 23 of the Insurance Rules only sums due to Government by the insured may be deducted out of the bonus or surrender value. Under Rule 5 of the Rules issued under the Co-operative Societies Regulation in Government Order No. J. 3508—Legis. 21-06-4, dated 18th May 1907, the Deputy Commissioner can enforce the decision of the Registrar of Co-operative Societies as if it were a decree for arrears of land revenue; but this provision has not the effect of converting the debt into one due to Government. An insurance bonus is by law exempt from attachment.

The attachment effected by order of the Deputy Commissioner should therefore be cancelled, and the sum of Rs. 83 withheld out of the surrender value due to Raghavendra Rao should be paid to him.

J. S. CHAKRAVARTI,
Financial Secy. to Govt.

To—The Comptroller, Mysore Government.
The Secretary, Insurance Committee.
The Registrar, Co-operative Societies.
The Heads of Departments and Deputy Commissioners of Districts.

Exd.—C. R.

No. FL. 4610-9—G. F. 119-15-3, DATED 16TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. S. & A. 502, dated the 15th December 1915, from the Comptroller to Government, forwarding his report on the working of the Government Savings Banks in the State for the year ending 30th June 1915.

Order No. Fl. 4610-9—G. F. 119-15-3, dated 16th March 1916.

Recorded.

2. The phenomenal withdrawals on account of the war amounting to Rs. 41,93,286 on the whole or to Rs. 10,45,276 more than the amounts deposited constituted the outstanding feature during the year under report. There were heavy withdrawals in all the districts, except Bangalore, from August 1914 to January 1915, and Government are glad to find that the situation was promptly and satisfactorily met by the Comptroller.

3. During the year the number of accounts increased by 166 and the amounts deposited amounted to Rs. 31,47,560, but the total amount at the credit of the depositors at the end of the year fell from Rs. 77,57,362 at the beginning of the year to Rs. 69,22,593 at the end of the year indicating a net reduction of Rs. 8,34,769.

4. The average balance at the credit of a depositor for the whole State was Rs. 242 against 273 in the previous year, the fall being noticeable in all the districts, except Bangalore, where it has risen from 387 to 428. The average varied from 166 in Kadur District to 428 in Bangalore.

5. Of large depositors having a balance of more than Rs. 5,000 there were 249 at the end of the year with an aggregate balance of Rs. 24,72,888 against 275 with a balance of Rs. 21,54,205 in the previous year.

6. Government are glad to note that the system of nomination is getting more popular and is being availed of to a considerable extent of late

7. Government note that the Savings Association in the Comptroller's office has worked satisfactorily during the year and that two more have been opened, one in the office of the Palace Controller and the other in that of the Munsiff, Hassan.

8. Orders have been passed in Government Order No. 2904-14—A. & I. 228-14, dated the 22nd December 1915, for the establishment of the Village Savings Banks and orders will be issued shortly on the scheme of collecting and Feeder Banks.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller to the Government of Mysore.
The Revenue Commissioner.
The Deputy Commissioners of Districts.

Feeder Savings Bank.

No. Fl. 4457-506—G. F. 55-15-2, dated 8th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 1575—R. 82, dated 26th August 1915, from the Comptroller, forwarding for orders of Government the following note on Feeder and Collecting Savings Banks.

1. A scheme of Village Savings Banks was considered by the Economic Conference last year and referred to the Industries and Commerce Committee. That Committee recommended the scheme to Government, and orders of Government sanctioning the proposal are shortly expected. According to this scheme Village Savings Banks will be started in selected rural areas, and if they prove useful the scheme will be extended throughout the State.

2. The present proposal relates to the establishment of Feeder Savings Banks in urban areas. Separate Branch Banks under the designation of Savings Associations being established in large institutions like schools, public offices and factories, and Collecting Savings Banks for the benefit of smaller institutions and of the general public.

3. A set of rules suitable for Savings Associations for public offices has been drawn up (*vide* annexure A) and it has been found to be suitable by actual working for some months in the Comptroller's Office. The Comptroller's Office Savings Association had 169 members on its rolls on 1st June 1915 the aggregate deposits amounting to Rs. 741-12-0. The members consist of all classes from gazetted officers to menials.

4. Another set of rules suitable for schools has also been drawn up (*vide* annexure B) and it has been pronounced to be suitable by eminent school authorities. Some large schools in the State are about to adopt the scheme.

5. To facilitate the establishment of Savings Associations in all large institutions the following concessions are needed.—

(*a*) Permission to withdraw once a week.

(*b*) Free supply of account books, cash book, ledger and balance register.

(*c*) An allowance to the clerk in charge of the Savings Association in all Government institutions in which such an association is started. The allowance may be Re. 1 for every 30 members on the roll, the minimum being Re. 1 and the maximum being Rs. 5.

6. To meet the requirements of smaller institutions who cannot establish Savings Associations of their own and also for facilitating deposits by the general public, Collecting Savings Banks may be established at headquarters and other important towns. A set of rules for the working of such banks has also been drawn up. (*Vide* annexure C—not printed.)

7. The rules do not claim to be perfect and any modifications suggested by members may be discussed. As detailed rules like these cannot be effectively discussed unless placed before the members in time, they are printed and herewith circulated for consideration so that members may come forward with suggestions. Further improvement in the rules may be effected as suggested by experience in actual working. If the Conference approve of the scheme generally it may be sent up to Government with their recommendation for adoption.

ANNEXURE A.

Savings Association Rules for Government and other Offices.

PART I.

General Rules of Procedure.

1. *Who may deposit*—All members of the Office including gazetted officers, accountants, clerks and menials may deposit money in their own names.

2. *What may be deposited.*—They may deposit any sum not less than 4 annas and not involving fractions of an anna and not more than Rs. 10 at a time. But there is no limit to the aggregate amount that may be held at the credit of each depositor.

3. *Deposits how held.*—The sums deposited from time to time will be held in the name of the depositor and will be repayable to him with interest either wholly or in part as may be required.

4. *Hours of business.*—Transaction will be effected during office hours on all working days of the office.

5. *Interest on deposits.*—Interest is allowed on complete sums of two rupees at one pie per two rupees per calendar month ; and will be calculated on the lowest balance at the credit of the depositor on any date between the close of the fourth day and the end of the month. The amount of interest will be added to each account once a year after the amount due is calculated.

6. *How to make deposits.*—At the beginning of each month, when pay is disbursed in the office, a clerk will be seated near the place of disbursement who will receive all sums paid for deposit and who will enter the amounts received in a cash book and simultaneously in the ledger folio of the party concerned. The depositor will sign his name in the ledger in token of his being satisfied that the amount tendered by him is brought on the accounts. No receipts will be given in acknowledgment of the amount. The Association clerk will be available also on other days of the month to receive such sums as may be deposited.

7. *How to withdraw funds.*—A depositor may withdraw any sum not involving fractions of an anna at any time on any day during business hours. Such withdrawal is entered in the cash book by the clerk and noted simultaneously in the ledger where the party will sign against the entry in acknowledgment of the amount withdrawn. He will not be required to furnish any other receipt.

8. *Verification of balances.*—A depositor may examine the ledger folio relating to his account at any time and satisfy himself that the balance shown in his account is correctly entered. Each depositor is recommended to do so at least once a month and to record a certificate to that effect over his signature in the space provided for the purpose.

PART II.

OFFICE PROCEDURE.

The following books will be maintained by the clerk in charge of the Savings Association Account.

(*a*) Cash Book.
(*b*) Ledger.
(*c*) Balance Register.

2. When money is tendered for deposit or withdrawn from the Savings Association Account by any member, it will be entered on the receipt or expenditure side of the cash book according to the nature of the transaction with the name of the party and the date of the transaction.

3. It will be noted simultaneously in the ledger folio assigned for that member in the ledger in the column for deposits or withdrawals as the case may be and the party's signature taken against the entry It is important to see that the party's signature is always taken in the ledger for each transaction, receipts and payments, as no receipt in acknowledgment of money received is given either by the depositor or the Association.

4. The entries in the cash book and ledger will be linked with each other, *i. e.*, the number of the ledger folio relating to each transaction will be noted in the cash book and page of the cash book relating to the entry noted in the ledger folio.

5. At the end of each day the entries on both sides of the cash book relating to the transactions of the day will be totalled up and the closing cash balance for the day noted at the end. This balance should be verified with the actual amount of cash at the hands of the clerk in charge.

6. The cash book will be examined every day by the head of the office or other officer deputed by him and all cash relating to these transactions will be in his personal custody.

7. Sums collected each day will be remitted the next day to the Treasury and deposited in the Government Savings Bank in an account opened in the name of the head of the office. As a special case amounts collected in office till 2 P. M., on the 4th of a month if it is not a holiday, will be remitted to the Treasury that day so as to carry interest. The Pass Book relating to this account will be in the custody of the officer in charge.

8. Once a month or oftener, if necessary, the balance standing in the ledger in favour of each depositor will be noted in the balance register in the order of the ledger folio. The entries in the register will be totalled up and the total verified with the balance held by the Association both in the Treasury Savings Bank account and in cash in the office.

ANNEXURE B.

PART I.

GENERAL RULES OF BUSINESS.

1. *Who may deposit.*—All pupils, the members of the teaching staff and other employees in the school including menials, may deposit money in their own names.

No. Fl. 4457-506—G. F. 55-15-2, dated 8th March 1916.

2. *What may be deposited.*—They may deposit any sum not less than one anna and not involving fractions of an anna and not more than Rs. 10 at a time. But there is no limit to the aggregate amount that may be held at the credit of each depositor.

3. *Deposits how held.*—The sums deposited from time to time will be held in the name of the depositor and will be repayable to him either wholly, or in part as may be required.

4. *Hours of business.*—Transactions will be effected during specified hours to be fixed by the Headmaster of the Institution on all days on which the school is opened.

5. *Interest on deposits.*—Interest is allowed on complete sums of two rupees at one pie per two rupees per calendar month. It will be calculated on the lowest balance at the credit of the depositor on any date between the close of the fourth day and the end of the month. The amount of interest will be added to each amount once a year after the amount is calculated.

6. *How to make deposits.*—The writer of the school, if there is one, or a member of the teaching staff as may be determined, by the Headmaster of the Institution will receive all sums paid for deposit and will enter the amounts received in a cash book and simultaneously in the ledger folio of the party concerned. The depositor will sign his name in the ledger in token of his being satisfied that the amount tendered by him is brought on the accounts. No receipts will be given in acknowledgment of the amount except to young pupils who will be furnished with a receipt book as provided in Rule 8 below, and who will produce it when depositing money.

7. *How to withdraw funds.*—A depositor may withdraw any sum not involving fractions of an anna at any time on any day during the hours fixed as stated in Rule 4. Such withdrawal is entered in the cash book by the person mentioned in Rule 6, and noted simultaneously in the ledger where the party will sign against the entry in acknowledgment of the amount withdrawn. He will not be required to furnish any other receipt. Such of the pupils as are furnished with a receipt book as provided in Rule 8 will present the book when drawing money.

Savings Association Receipt Books of Younger Pupils.

8. To such of the pupils as are too young to be able to keep a watch over their accounts in the ledgers a separate receipt book will be supplied in which will be entered only the balance at the credit of the pupil after each transaction without any more details. This is intended simply to enable the pupil to know what amount he has at his credit. He must be asked to produce it each time he deposits and withdraws money. The Headmaster will fix the lowest classes or forms, pupils of which will be given separate pass books.

PART II.

Procedure.

1. The following books will be maintained by the person in charge of the Savings Association Account:—

(*a*) Cash Book.
(*b*) Ledger.
(*c*) Balance Register.

2. When money is tendered for deposit or withdrawn from the Association by any member, it will be entered on the receipt or expenditure side of the cash book according to the nature of the transaction with the name of the party and the date of the transaction.

3. It will be noted simultaneously in the ledger folio assigned for that member in the ledger in the column for deposits or withdrawals as the case may be and the party's signature taken against the entry. It is important to see that the party's signature is always taken in the ledger for each transaction, receipts and payments, as no receipts in acknowledgment of money received are given either by the depositor or the school.

4. The entries in the cash book and ledger will be linked with each other, *i. e.*, the number of the ledger folio relating to each transaction will be noted in the cash book and page of the cash book relating to the entry noted in the ledger folio.

5. At the end of each day the entries on both sides of the cash book relating to the transactions of the day will be totalled up and the closing cash balance for the day noted at the end. This balance should be verified with the actual amount of cash at the hands of the person in charge.

6. The cash book will be examined every day by the Headmaster of the institution and all cash relating to these transactions will be in his personal custody.

7. Sums collected each day will be remitted the next day to the nearest District or Taluk Treasury and deposited in the Government Savings Bank in an account opened in the official name of the Headmaster of the institution. As a special case amounts collected in the institution till 2 P.M., on the 4th of a month if it is not a holiday will be remitted to the Treasury that day so as to carry interest. The pass book relating to this account will be in the custody of the Headmaster of the institution.

8. Once a month or oftener, if necessary, the balance standing in the ledger in favor of each depositor will be noted in the balance register in the order of the ledger folio. The entries in the register will be totalled up and the total verified with the balance held by the Association both in the Treasury Savings Bank account and in cash in the school.

No. Fl. 4457-506—G. F. 55-15-2, dated 8th March 1916.

Order No. Fl. 4457-506—G. F. 55-15-2, dated 8th March 1916.

The note prepared by Mr. Chakravarti contains detailed proposals with draft rules for the establishment in urban areas of :—

(1) Separate Branch Banks under the designation of Savings Associations in large institutions like schools, public offices and factories, and

(2) Collecting Savings Banks for the benefit of smaller institutions and of the general public.

2. It is explained that the rules for Savings Banks in the public offices have been found to work satisfactorily in the Comptroller's office where an Association of this kind has been started and had on its rolls on 1st June 1915, 169 members with aggregate deposits amounting to Rs. 741-12-0. The rules proposed for schools seem to be quite suitable.

3. To facilitate the establishment of Savings Associations in all large institutions the following concessions are recommended:—

(*a*) Permission to withdraw once a week.

(*b*) Free supply of account books, cash book, ledger and balance register.

(*c*) An allowance to the clerk in charge of the Savings Association in all Government institutions in which such an Association is started. The allowance may be Re. 1 for every 30 members on the roll, the minimum being Re. 1 and the maximum being Rs. 5.

4. Government consider that such Associations in offices and schools will afford facilities to depositors and encourage the habits of thrift among pupils of schools, and are pleased to direct that the Banks of the kind suggested may be started in offices and schools and other large institutions, at the discretion of the Heads of such institutions.

The proposal to start general collecting Banks may by deferred for the present.

5. The Comptroller will arrange to start in consultation with the Heads of institutions concerned, Savings Association in offices, schools, factories and similar large institutions, where satisfactory arrangements can be made to carry on the work. A report should be submitted at the end of the year regarding the progress achieved.

6. As regards the special concessions which the Comptroller considers necessary, Government are pleased to direct that the necessary forms and registers may be got printed at the Government Press and supplied to the institutions concerned by the Comptroller. Allowance to the clerks in charge may be paid during the current year from the grant of Rs. 2,000 allotted in Government Order No. 2904-14—A. & I. 228-14-2, dated 22nd December 1915, for the working of Village Savings Banks. In Government Order No. Fl. 3087-136—G. F. 23-15-2, dated 7th January 1916, permission has already been given to all depositors to withdraw money from their Savings Banks accounts once a week.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read —

Letter No. 6626—Loans 1022, dated 2—30th March 1915, from the Comptroller to Government, forwarding for information the marginally noted statements of loans and advances for the year 1913-14.

1. Statement of Loans to encumbered Jahgirdars.
2. ,, Special loans.
3. ,, other loans.
4. ,, Loans to Co-operative Societies.
5. ,, House-building advances.
6. ,, Mysore Weavers' Lines Account.
7. ,, Loans to Agricultural Banks.

2. Letters Nos. 7569—Loans 1152 and 7845—Loans 1182, dated 9—12th April 1915, and 24—26th April 1915, respectively, from the same officer, submitting the statements of Land Improvement and Takavi loans for the year 1913-14.

Order No. Fl. 4560-9—G. F. 118-15-6, dated 13th March 1916.

Loans to encumbered Jahgirdars.—There was a balance of Rs. 6,07,237-C-5 outstanding under this head at the beginning of the year 1913-14 and a sum of Rs. 460-5-9 was advanced during the year. The recoveries amounted to only Rs. 11,756-12-1, leaving a balance of Rs. 5,95,940-10-1 at the end of the year. There were outstanding at the end of the year sums of Rs. 46,371-15-3 and Rs. 58,636-10-8 on account of overdue instalments of principal and interest.

2. Government have to repeat the remarks made in paragraphs 2 and 3 of Government Order No. Fl. 1156-65—G. F. 178-13-2, dated 3rd September 1915, that in the case of most of these loans the recoveries effected were much less than the amounts originally expected by Government and that in some cases the recoveries were not sufficient to cover even the annual interest due. Government have already taken steps to arrive at a satisfactory settlement in the case of some of these loans, and similar steps in the case of others are under consideration. But as in the majority of instances the properties are under the management of Government Officers, it behoves the Officers concerned to pay particular attention to the management of their charges and to see that all rents due are promptly recovered and credited to the respective accounts.

3. *Special Loans.*—The balance outstanding at the end of the year 1912-13 was Rs. 13,09,495-7-0 and a sum of Rs. 1,250 was advanced during the year, making a total of Rs. 13,10,745-7-0. Recoveries amounted to Rs. 2,03,535-2-5, leaving a balance of Rs. 11,07,210-4-7.

4. Of the several loan accounts under this head the following have been closed during the year under review :—

(i) Loan to Mr. Venkatasubbiya of Mysore.
(ii) ,, Mr. C. Jampanna Naik, Pallegar.
(iii) ,, Mr. Katappa Naik, Pallegar.
(iv) ,, Siddamma Nagathi.
(v) ,, Mr. B. Jampanna Naik of Chitaldrug.

5. Nothing has yet been recovered from Mr. D. V. Giri towards the loan of Rs. 750 granted to him, though it is a long time since he returned from Europe. The instalments due should be recovered early.

No. Ft. 4560-9—G. F. 118-15-6, dated 13th March 1916.

6. The sum of Rs. 236-11-6 which is overdue by Mr. M. A. Sampat Iyengar, Hole-Narsipur, should be recovered without delay.

7. *Other Loans.*—The only loan account shown under this head, *viz.*, that of Davud Sab of Mysore, has since been closed.

8. *Loans to Agricultural Banks.*—The amounts due to the end of 1913-14 were Rs. 7,11,726-10-4 towards principal and Rs. 3,98,717-3-11 towards interest. Sums of Rs. 5,57,138-12-8 and Rs. 3,19,436-14-3 were recovered towards the two items respectively, leaving balances of Rs. 1,54,587-13-8 and Rs. 79,280-5-8 at the end of the year.

9. *The Mysore Weaver's Lines Account.*—This account, which shows an excess recovery of Rs. 49-2-4, has since been ordered to be closed in Government Order No. Fl. 3221-2—G. F. 36-15-3, dated 11th January 1916.

J. S. CHAKRAVARTI,
Financial Secretary.

Increments or Promotions, etc.

No. Fl. 4280-329—S. & A. 21-15-18, dated 3rd March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 4280-329–S. & A. 21-15-18, dated 3rd March 1916.

The Comptroller in his letter No. T. A. M. 2489, dated 6th July 1915, brings to the notice of Government the great inconvenience caused by the Audit Office by promotions being sanctioned long after the date on which they are due and has instanced the case of Shekdar Narasinga Rao of Bangalore District whose promotion to the 1st grade with effect from 1st June 1911 was sanctioned in October 1914 or nearly 40 months later. The investigation and verificatin of such old claims in the Audit office involves a large amount of unnecessary labour. Further it is not fair to the officials concerned to keep them waiting for long periods for the increments or promotions which they have earned by approved service and there is no reason why any delay should take place in sanctioning them, especially as the subsequent work of the official should ordinarily have no effect on the increments or promotions due for past service.

Government are accordingly pleased to direct that all increments, permanent or acting promotions and other arrangements involving the alteration in the pay of an official should be sanctioned by the superior authorities with the greatest promptitude as soon as the occasion for the same arises. If any such arrangements are not sanctioned within the period of one year from the earliest date on which they could be ordered they cannot be sanctioned afterwards except with the special permission of Government which will be accorded only in exceptional cases and on satisfactory explanation being furnished for the delay.

J. S. CHAKRAVARTI,
Financial Secretary to Govt.

To—The Comptroller, Mysore Government.
The Heads of Departments.

Exd.—C. R.

No. Fl. 4729-78—S. & A. 332-15-1, dated 18th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 4729-78—S. & A. 332-15-1, dated 18th March 1916.

The rules regulating travelling allowance have not been framed with the intention of securing to an officer in every instance the exact amount which he spends. Their object is to recoup to an officer on an average and for a number of journeys put together the extra expenditure which he incurs by travelling. Officers may sometimes get more and sometimes less than what they have actually spent for a particular journey, and claim for special treatment in the latter class of cases is against the underlying principles of the Mysore Service Regulation. Government are pleased to draw the attention of all officers to the above principles and to direct that Heads of Departments should not, as a rule, forward to Government claims for special concessions for occasions when the rules may give the officers concerned a less amount in the shape of travelling allowance than what they might have actually spent.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—All Heads of Departments and others.
The Comptroller, Mysore Government

Conveyances by Rail.

No. Fl. 4657-706—S. & A. 333-15-1, dated 17th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 4657-706—S. & A. 333-15-1, dated 17th March 1916.

Under Article 339, Mysore Service Regulations, the power of allowing officers to take by rail at the cost of Government conveyances required by them for use at the end of a journey is vested in their official superiors. The attention of Government has been drawn to the fact that the conditions under which this concession has been granted in different instances have not always been uniform. As it is necessary that all officers should clearly understand in what circumstances the concession referred to in this article may be properly sanctioned, Government are pleased to lay down the following rules for their guidance and direct that they may be strictly followed in future:—

1. The scale of an officer's travelling allowance is fixed so as to cover all items of expenditure incidental to journeys on transfer or on tour. For ordinary journeys on tour or transfer, therefore, an officer is not entitled to charge railway freight for his conveyances or horses in addition to full travelling allowance under the rules especially in cases where a sufficiently large amount of road mileage is drawn for journeys performed by such conveyance.

2. Accordingly, for journeys for which an officer earns by road mileage an amount equal to at least twice the outward railway freight for the conveyance which it is necessary for him to take by rail in the interests of the public service, such charges will not be borne by Government. Ordinarily, an officer should so arrange his tour that sufficient road journeys are performed at the end of the railway journey, so as to make this rule applicable.

3. In exceptional cases where the road mileage earned is less than twice the railway freight for the conveyance and the interests of public service require the horse or conveyance at one place immediately after its being similarly used in another place, the concession contemplated in Article 539, Mysore Service Regulations, may be sanctioned for the outward journey only. It may be sanctioned for the return journey, if that journey also satisfies the condition of urgency stated in the following paragraph.

4. The concession should not be allowed, unless it is clearly shown that public interests would suffer if the conveyance or horse was sent by road in the usual manner and that in spite of reasonable forethought in the arrangement of the tour programme, the necessity for its being required at two places almost simultaneously could not be prevented.

5. The daily allowance under the rules drawn by an officer when halting at a station is held to cover all the ordinary daily charges of the officer including the cost of locomotion within the station. Charges for transporting conveyances will not therefore be allowed merely to give an officer facilities of locomotion within stations at which he may halt but only for urgent journeys from one station to another.

6. When a concession under Article 539, Mysore Service Regulations, granted by an authority subordinate to Government is against any of the express provisions of the article, the Comptroller should disallow the charge clearly pointing out to the sanctioning authority the particular provision violated.

7. Charges of transporting a conveyance when allowed should be supported by the receipt granted by the Railway authorities.

J. S. CHAKRAVARTI,
Finl. Secy. to Govt.

To—The Comptroller, Mysore Government.
All Heads of Departments and others.

Fees by Medical Officers.

No. J. 3708-11—Cts. 174-15 5, dated 17th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. G. 3989-4038, dated 11th February 1904, directing the levy of a fee not exceeding two days' pay subject to a maximum of Rs. 5 for a certificate, opinion or evidence given by a medical officer at the instance of a private person.

2. Letter No. 2972-230, dated 20th December 1915, from the Registrar, Chief Court, forwarding for the orders of Government copy of a letter received from the District Magistrate of Chitaldrug bringing to notice instances of double fees levied by certain Sub-Assistant Surgeons in the Chitaldrug District, once for giving medical certificate before the complaint was lodged and again for giving evidence in the same case, and stating that the Chief Court agrees with the District Magistrate in considering that where a medical officer takes a fee for granting a certificate, he should not be entitled to another fee for giving evidence in Court regarding the same certificate in cases where such evidence is required.

3. Letter No. 395, dated 9th February 1916, from the District Magistrate, Tumkur District, bringing to notice payment of double fees in similar cases on the file of the Amildar Magistrate of Maddagiri.

4. Correspondence ending with letter No. G. 374, dated 14th February 1916, from the Senior Surgeon, stating that the view of the District Magistrate of Chitaldrug is supported by the practice obtaining in the Presidencies of Madras and Bombay, and suggesting the addition of a proviso to Rule 31 of the Rules issued under Government Order No. 7332-72—Med. 89-06-57, dated 24th February 1910.

Order No. J. 3708-11—Cts. 174-15-5, dated 17th March 1916.

Government direct that where a medical officer takes a fee for granting a certificate he should not be paid another fee for giving evidence in Court regarding the same certificate in cases where such evidence is required.

2. The Chief Court is requested to issue necessary instructions to the subordinate Courts to prevent such levy of double fees from the parties.

3. Separate orders will issue regarding the addition of a proviso to Rule 31 of the Rules issued under Government Proceedings dated 24th February 1910.

Administration of the Police Department in Mysore.

No. J. 3320-30—Police 75-15-3, dated 8th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 2132, dated the 25th September 1915, from the Inspector-General of Police in Mysore, submitting a Report on the Administration of the Police Department during the year 1914-15.

Order No. J. 3620-30—Police 75-15-3, dated 8th March 1916.

The total number of cognisable offences reported to the Police during the year was 6,069, showing a slight increase of 661 over the number for the previous year. This increase is mainly due to a larger number of offences reported under the Local and Municipal Laws.

2. The results in cases investigated by the Police were satisfactory. The percentage of convictions to cases decided was 71·4 against 70·6 in the previous year, the percentage in the Sessions cases being 65·5 against 65 in the previous year. The percentage of stolen property recovered was slightly lower than in the previous year. Though the number of cases in which investigation was refused was only 229, the number in which "B" forms were given amounted to nearly one-third of the number of cases for investigation and more than half the number of cases reported during the year.

3. The number of cases reported of cattle thefts shows a slight increase over that in the previous year. Prompt action on the part of the Police and deterrent punishment by the Magistrates are necessary if there is to be an appreciable decrease in the number of offences of this class. The question of adopting suitable measures for the further prevention of such offences is under consideration.

4. Government regret to observe that the work of Amildars in the matter of investigating heinous cases was unsatisfactory. The Deputy Commissioners are requested to impress on these officers the necessity of paying more attention to this important branch of their work.

5. The work done by the Village Police was highly satisfactory. They made arrests in 80 cases during the year and convictions were secured in 69 of them. The percentage of convictions in cases handled by them compared very favourably with that in cases dealt with by the Regular Police.

6. The provisions of the Juvenile Smoking Prevention Regulation do not appear to have been strictly enforced. The attention of the Inspector-General is invited to the instructions recently issued in the matter.

7. The Inspector-General is requested to submit for the consideration of Government a practical and well-thought out scheme for improving the condition of *Ookad totis*.

8. The remarks of the Inspector-General of Police in paragraph 16 of the report as to the excessive number of cases said to have been referred to the Police will be communicated to the Chief Court for consideration.

Government Order No. 9732-50—L. B 304-10-13, dated 9th June 1913, directing that the practice of obtaining the previous sanction of Government to the opening of new weekly markets, the revival of the extinct ones or the abolition of the existing markets, should continue.

Order No. 6432-9—L. B. 15-15-14, dated 3rd March 1916.

It is observed that in applications from District Boards for the sanction of Government in the matter referred to in the Government Order read above, sufficient information is not ordinarily furnished to enable Government to decide on the matter with due regard to the objects with which the sanction of Government is prescribed for the purpose, *viz.*, "to impart uniformity to the administration of weekly markets, to settle the divergent interests of two or more District Board areas with respect to them and to control the regulation of large crowds of people that gather at them."

2. With a view to obtain the necessary information, District Boards are advised to notify their resolutions on the subject locally for the information and opinion of the public interested in the matter and submit the matter to Government along with any objections that may be filed within the period fixed and the final resolution of the Board in the matter.

Correspondence ending with * letter No 312, dated the 27th April 1915, from the President, Bangalore City Municipal Council, submitting a scheme estimated to cost Rs 74,000 for improving the Palace Upparahalli and Dobbspet, and stating that it has been revised in accordance with the Resolution of the City Improvement Committee and that the estimate represents the probable net cost of the scheme.

(* Printed the letter as annexure.)

Order No. 7200-2—Ml. 142-13-9, dated 27th March 1916.

The main features of the proposed improvements are:—

(*a*) The setting-back of the two villages so as to keep them 100 feet removed from the main roads, the open margin thus left being planted with trees.

(*b*) Laying out regular streets, roads and conservancy lanes.

(*c*) Providing a sewage system.

(*d*) Removing congestion by expanding the two villages and

(*e*) Providing a special block on the west of the 5th main road for Palace servants.

2. Government approve of the scheme generally, and will be prepared to contribute one-half of the outlay from State Funds, if the City Municipal Council find the other half from their funds.

3. The President is requested to submit detailed estimates together with proposals for meeting a moiety of the outlay from Municipal Funds.

P. G. D'SOUZA,
Secy. to Govt., in charge, Rev. Dept.

No. 7200-2—Ml. 142-13-9, dated 27th March 1916.

Letter No. 312, dated the 27-29th April 1915, from the President, Bangalore City Municipal Council, to the Secretary to the Government of Mysore, General and Revenue Departments.

Adverting to your No. 5960—Ml. 142-13, dated the 10th December 1913, I have the honor to submit herewith a scheme of proposed improvements to Palace Upparahalli and Dobbspet, which is estimated to cost approximately Rs. 74,000.

2. The plan, herewith enclosed, shows the existing confused and irregular alignment of houses in black, and the proposed alignment in red.

3. The main features of the projected improvements are:—

(1) The setting back of the two villages so as to keep them 100 feet removed from the main roads, the open margin thus left being planted with trees.

(2) Laying out regular streets, roads and conservancy lanes.

(3) Providing a sewage system.

(4) Removing congestion by expanding the two villages, for which purpose adjoining agricultural land is proposed to be acquired.

(5) Providing a special block on the west of the 5th main road for Palace servants which, though not marked in the plan, is intended to be reserved for the purpose.

4. The note accompanying the estimate gives details of the scheme as roughly worked out, which will be further developed into detail working estimates if the scheme is approved.

5. The scheme, as now submitted, was examined by a Sub-Committee consisting of:—

(1) Mr. K. Krishna Iyengar, B.A., L. C. E., Deputy Chief Engineer.

(2) Mr. G. H. Krumbiegel, F. R. H. S., Superintendent, Government Gardens.

(3) Mr. J. Bhore, L. C. E., A. M. I. C. E., Sanitary Engineer. Whose reports are appended to the general estimate.

6. The scheme was placed before the Bangalore City Improvement Committee on the 10th March 1915, when it was resolved to revise the estimate on certain points. This has been since effected, and the accompanying estimate of Rs. 74,000 represents the probable net cost of the scheme.

No. 6664-714—San. 71-15-3, dated 10th March 1916.

RULES RELATING TO THE REGISTRATION OF VITAL STATISTICS.

In modification of previous rules and with a view to better registration of births and deaths in the State, the following rules have been sanctioned in Government Order No. 6664-714—San. 71-15-3 dated 10th March 1916.

Registers of births and deaths.

1. A register of births as well as a register of deaths shall be kept in every village by the patel in the revised forms (1 and 2) appended to the Government Order dated the 5th August 1915. In this register the patel shall enter at the time of occurrence every birth or death which happens in the village, whether of a resident villager or of a stranger.

Responsibilities of Inamdars.

2. It is incumbent on all Inamdars, that is, holders of the whole inam villages, to maintain registers of births and deaths and to be responsible for their accuracy.

Collection of data relating to vital statistics, other than births and deaths.

3. In the event of any local body requiring statistics other than those provided for in Rule 1, the local body may issue instructions for the collection of additional information, whether such information be needed for purposes of any special investigation in hand or to establish the conclusions suggested by statistics already available in regard to the health condition of any particular area.

Responsibility for the accuracy of entries

4. If the patel cannot write or if by reason of his being patel of more villages than one he is unable personally to write the registers of any village, it shall be the duty of the shanbhog to assist him in keeping the registers.

Despatch of monthly returns to Taluk Office.

5. Sheets containing the revised village forms of birth and death registers in duplicate made up separately into books in number sufficient to last for five years will be supplied by the Deputy Commissioner to every village in his district. At the close of each month the outer sheet, on which shall be copied all the entries made on the inner sheet or counterfoil, shall be detached and sent direct to the Amildar of the Taluk so as to reach him within the fifth day of the following month. The books themselves shall be retained in the village and shall on no account be removed from the custody of the registering officer.

Check in the Taluk Office to ensure regular receipt of returns.

6. In the Taluk Office, a standing list shall be maintained of all towns and villages in the taluk arranged according to hoblis, each town and village being given a distinct serial number. The order in which the places are entered in the list shall remain unaltered. In order to provide an efficient check on the punctual and regular receipt of monthly returns in the Taluk Office, each register shall bear on every one of its pages, original as well as duplicate, (1) the serial number against which the name of the village or town occurs in the standing list and (2) the particular month for which the page is intended. These entries will be made in the Taluk Office before the registers are sent out for use by the registering officers.

Procedure in the Taluk Office

7. On receipt of the monthly returns in the Taluk Office they will be professionally examined by the Sanitary or Assistant Sanitary Inspector of the Taluk who should classify the figures and initial each return before it is admitted for final entry in the taluk register. For purposes of classification, monthly Forms 3 and 4 will be printed respectively on the reverse of the counterfoil of each birth and death register form. The abstract figures classified and attested by the Sanitary or Assistant Sanitary Inspector will then be entered without delay in a register previously posted up with the names and serial numbers of all the towns and villages in the taluk. When any return is not received it should be obtained without loss of time and the entries in the register duly completed. The register will be in the Form 7 appended.

No. 6664-714—San. 71-15-3, dated 10th March 1916.

RULES RELATING TO THE REGISTRATION OF VITAL STATISTICS.

In modification of previous rules and with a view to better registration of births and deaths in the State, the following rules have been sanctioned in Government Order No. 6664-714—San. 71-15-3 dated 10th March 1916.

Registers of births and deaths.

1. A register of births as well as a register of deaths shall be kept in every village by the patel in the revised forms (1 and 2) appended to the Government Order dated the 5th August 1915. In this register the patel shall enter at the time of occurrence every birth or death which happens in the village, whether of a resident villager or of a stranger.

Responsibilities of Inamdars.

2. It is incumbent on all Inamdars, that is, holders of the whole inam villages, to maintain registers of births and deaths and to be responsible for their accuracy.

Collection of data relating to vital statistics, other than births and deaths.

3. In the event of any local body requiring statistics other than those provided for in Rule 1, the local body may issue instructions for the collection of additional information, whether such information be needed for purposes of any special investigation in hand or to establish the conclusions suggested by statistics already available in regard to the health condition of any particular area.

Responsibility for the accuracy of entries.

4. If the patel cannot write or if by reason of his being patel of more villages than one he is unable personally to write the registers of any village, it shall be the duty of the shanbhog to assist him in keeping the registers.

Despatch of monthly returns to Taluk Office.

5. Sheets containing the revised village forms of birth and death registers in duplicate made up separately into books in number sufficient to last for five years will be supplied by the Deputy Commissioner to every village in his district. At the close of each month the outer sheet, on which shall be copied all the entries made on the inner sheet or counterfoil, shall be detached and sent direct to the Amildar of the Taluk so as to reach him within the fifth day of the following month. The books themselves shall be retained in the village and shall on no account be removed from the custody of the registering officer.

Check in the Taluk Office to ensure regular receipt of returns.

6. In the Taluk Office, a standing list shall be maintained of all towns and villages in the taluk arranged according to hoblis, each town and village being given a distinct serial number. The order in which the places are entered in the list shall remain unaltered. In order to provide an efficient check on the punctual and regular receipt of monthly returns in the Taluk Office, each register shall bear on every one of its pages, original as well as duplicate, (1) the serial number against which the name of the village or town occurs in the standing list and (2) the particular month for which the page is intended. These entries will be made in the Taluk Office before the registers are sent out for use by the registering officers.

Procedure in the Taluk Office.

7. On receipt of the monthly returns in the Taluk Office they will be professionally examined by the Sanitary or Assistant Sanitary Inspector of the Taluk who should classify the figures and initial each return before it is admitted for final entry in the taluk register. For purposes of classification, monthly Forms 3 and 4 will be printed respectively on the reverse of the counterfoil of each birth and death register form. The abstract figures classified and attested by the Sanitary or Assistant Sanitary Inspector will then be entered without delay in a register previously posted up with the names and serial numbers of all the towns and villages in the taluk. When any return is not received it should be obtained without loss of time and the entries in the register duly completed. The register will be in the Form 7 appended.

No. 6664-714—San. 71-15-3, dated 10th March 1916.

Submission of the taluk monthly returns.

8. After completion of the entries a copy of the register for the month will be forwarded by the Amildar to the Deputy Commissioner, so as to reach the District Office before the end of the month next after that to which the statistics relate. At the same time the taluk return is submitted to the District Office, the Amildar will cause a review of the statistics to be prepared by the Sanitary or Assistant Sanitary Inspector and shall place it along with the register before the Taluk Board for information and remarks.

Recording of the returns and registers.

9. The village returns should be arranged for every month according to hoblis and serial numbers, stitched and recorded in the Taluk Office. They will be preserved for a period of twelve years and then destroyed. The abstract register shall be permanently preserved.

Procedure in the Deputy Commissioner's Office.

10. As in the Taluk Office the returns submitted to the District Office should undergo professional scrutiny, each taluk return being seen and attested by the District Sanitary Officer before it is booked in the abstract register. The register will be maintained in the same manner as that in the Taluk Office with this difference that in the District Office the figures will be entered hobliwar and not villagewar, every town however being shown separately. On the completion of the entries for each month a copy of the register for the month will be forwarded to the Sanitary Commissioner in Mysore so as to reach him before the 15th of the 2nd month following that to which the returns relate. The district returns will be consolidated in the Sanitary Commissioner's Office with a view to the eventual incorporation of the figures in the annual report on sanitation.

Recording of registers and returns in the Deputy Commissioner's Office.

11. The instructions laid down in Rule 9 for the preservation and destruction of mortuary returns shall apply *mutatis mutandis* to the Deputy Commissioner's Office.

Preparation of quarterly reviews for consideration by the District Board.

12. It shall be the duty of the District Sanitary Officer to prepare every quarter a short memorandum reviewing the vital statistics of the district for the quarter and, on approval thereof by the Deputy Commissioner, to place it before the District Board. His professional training ought to enable him to present the statistics in a manner so as to bring out prominently the outstanding features of the state of public health in the district and to effectively indicate the practical measures, if any, that he might wish to bring forward for the consideration of the Board.

Frequent scrutiny of village registers by subordinate officers.

13. It shall be the duty of the shekdar and the Sanitary or Assistant Sanitary Inspector to constantly inspect the village registers. They shall enquire in the villages what births and deaths have recently taken place, compare the registers to see if all births and deaths are entered, supply omissions, instruct the patels in the way how they are to do their work, see that the monthly sheets are regularly and punctually submitted to the Taluk Office and generally exercise an efficient supervision over the patels and shanbhogs in regard to this work. The registers should be checked at least once in two months by either of these two officers, particular attention being paid to the verification of entries as far as possible, by local enquiry. Such of the entries as are verified should bear the initials of the checking officer.

Scrutiny by higher officers.

14. Higher officers of the Revenue and Sanitary Departments should lose no opportunity of checking the registers and verifying the entries. The registers should invariably be checked at the time of jamabandi. Mention should be made in the diaries of checking officers of the villages in which the birth and death registers were checked and the number of cases tested.

Responsibilities of Village Improvement Committees.

15. In villages where there are Improvement Committees it shall be one of the duties of the Committees to check the birth and death registers once a month,—such checking to include also a verification of the vital occurrences by actual enquiry

The Sanitary or Assistant Inspector for the area will, every quarter, present to the Improvement Committee a memorandum embodying the vital statistics for the village for the quarter, with a clear explanation as to the deductions that could rationally be made from them and suggesting lines of practical sanitary reform, in so far as such reforms may lie within the sphere of activities of the Committee. For the sake of uniformity, the memoranda will be in Forms 8 (A & B) appended. At the same time that the Sanitary or Assistant Sanitary Inspector presents a copy of the memorandum to the Improvement Committee, he shall submit a copy to the Amildar as well as to the District Sanitary Officer who should see that the inferences made are accurate and that the remarks, if any, are free from objection.

Registration of vital statistics in Unions.

16. In Unions, the Union Panchayets are similarly held responsible for the accuracy of birth and death registers and for a due consideration from time to time of the state of public health in the Union as revealed by the recorded statistics.

Registration in non-regulation Municipalities.

17. In minor non-regulation Municipalities the shanbhog or the stationary Sanitary or Assistant Sanitary Inspector or one of Municipal Councillors will collect the information of births and deaths and furnish it to the Sub-Assistant Surgeon in charge of the Local Fund Dispensary within 48 hours of their occurrence, the duty of registering them being left to the Sub-Assistant Surgeon. The Municipal Council will decide, in each case, as to which of the officials or who among the Municipal Councillors should be entrusted with the duty of collecting information. The Sub-Assistant Surgeon will be responsible to call the attention of the Municipality once every quarter to the facts underlying the recorded statistics.

Registration in Municipalities.

18. In the Regulation Municipalities Special Registrars and Sub-Registrars shall be appointed to register the vital occurrences, one Sub-Registrar being appointed for every 5,000 of population. The details connected with the enforcement of supply of such information as may be necessary to make the registration of vital statistics effective within the limits of the Municipality, the maintenance of registers, compilation of returns and the periodical use that should be made of the recorded vital statistics will be governed by special bye-laws made with reference to each Municipality in exercise of the powers conferred under Section 48 (*g*) of the Mysore Municipal Regulation. Provided that the bye-laws so made shall not be inconsistent with the rules of general applicability to Mysore herein laid down.

Registration of marriages, etc., in special areas.

19. In the Bangalore and Mysore Cities, on the Kolar Gold Fields and in the Malnad Taluks, additional information prescribed in Forms 5 and 6 appended to the Government Order dated the 5th August 1915 will be collected and recorded, the registering authorities being Sub-Registrars in the two Cities and the patels in the Malnad and the Kolar Gold Fields. The checking and compiling agency will be the same as that in the case of births and deaths.

Responsibilities of the Sanitary Officers in respect of the due observance of these rules.

20. In order to ensure that these rules are systematically and effectively worked throughout the State it shall form part of the routine inspections of the Deputy Sanitary Commissioner and the District Sanitary Officers to scrutinize the various items of work prescribed in regard to (1) the registration of vital events in towns and villages, (2) the intelligent compilation of figures, (3) the maintenance of the prescribed registers in the compiling offices and (4) the persistent systematic effort to call the attention of the local bodies, including Unions and Village Improvement Committees, to a correct appreciation of the value of the statistics. Deputy Commissioners of Districts and local bodies will provide all facilities needed for a thorough inspection of the kind indicated. The results of inspection will usually be embodied in the inspection notes but cases of grave irregularity may form the subject of a special communication to the Deputy Commissioner.

Grant of certificates to patels for good work.

21. Higher officers of the Revenue and Sanitary Departments where they find the registers of any village are being maintained with scrupulous care and accuracy may bring the fact to the notice of the Deputy Commissioner who will, at his discretion, grant on behalf of Government a certificate to the patel in recognition of work carefully done.

Reorganisation of the Permanent Clerical and Menial Establishment of the Department of Mines and Geology.

No. G. 12888-89—GEOL. 6-15-8, DATED 15TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Proceedings No. G. 2738-9—G. M. 122-14-14, dated the 28th August 1915, sanctioning a recurring additional expenditure of Rs. 150 per mensem for the revision of the permanent clerical and menial establishment of the Department of Mines and Geology, and calling upon the Director to submit proposals for the distribution of the amount among the existing staff.

2. Correspondence ending with letter No. 715, dated the 27th September 1915, from the Director of the Department of Mines and Geology, pointing out the inadequacy of the increased allotment to meet his requirements and submitting for sanction revised proposals regarding the permanent establishment of the Department.

Order No. G. 12888-89—Geol. 6-15-8, dated 15th March 1916.

In modification of paragraph 1 of the Government Order read above, Government are pleased to sanction the scale of permanent establishment as shown in the annexed statement.

2. The revised scale will come into force from the date of this order, the extra cost for the current year being met from the lump sum grant for the reorganization of the Geological Department.

3. Government are also pleased to approve of the appointment of Mr. Varadaiya, as Registrar and Mr. N. Narasimiengar, as Head Clerk in the sanctioned scale.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Annual Report of the Amrut Mahal Department for the year 1914-15, submitted by the Military Secretary to His Highness the Maharaja with his Memorandum No 1656, dated the 30th September 1915.

Order No. G. 12493—Mily. 93-15-2, dated 4th March 1916.

Recorded.

2. There was again a perceptible increase in mortality among the cattle during the year and report, owing to it is stated, heavy rains in the months of June and July, which seriously affected numerous aged cattle in the herd. The death rate for the year was 17 per cent as against 9·5 in the previous year and the cattle enjoyed complete immunity from contagious diseases.

3. The large number of deaths from old age points to the necessity for a discriminate selection of animals for disposal by auction or otherwise from time to time. The Superintendent of the Amrut Mahal Department should be requested to keep this object in view in future.

4. As regards the difficulty alleged in the matter of providing adequate fodder to the Amrut Mahal cattle in the maidan taluks, the Superintendent should, as required in paragraph 2 of Government Order No. G. 13178—Mily. 37-14-3, dated 25th May 1915, submit without delay suitable proposals for the consideration of Government.

5. It is reported that the offer of breeding rams to the raiyats for improving the flock of sheep was not availed of by the raiyats.

Staff Quarters.

No. G. 12536—Mily. 2-14-7, dated 6th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Paragraph 5 of Government Order No G 1162-209—Mily. 2-14-1, dated 4th August 1914, requesting the Military Secretary to His Highness the Maharaja to draw up and submit a set of subsidiary rules for the management of the staff quarters in Mysore as well as estimate for satisfactorily furnishing the building.

2 Correspondence ending with Military Secretary's Memo No. 4656, dated 25th May 1915, submitting with certain observations the draft of the rules referred to above.

Order No. G. 12536—Mily. 2-14-7, dated 6th March 1916.

The rules submitted by the Military Secretary are approved with certain modifications and appended to this order for information and guidance. Copies of the rules should be posted in conspicuous places in staff quarters for the information of visitors. The rules will be notified by the Chief Commandant in Part II of the *Mysore Gazette*.

2. As regards furniture required for the quarters, Government observe that the existing furniture in the bungalow ought to be ample for use in the quarters as a guest house. On special occasions when there is a large influx of visitors as guests of His Highness the Maharaja, the resources available in Government House should be availed of and supplemented, if necessary, by hire of tents or furniture.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Depts.

To—The Chief Commandant, Mysore State Troops.

Exd—C.R.

No. G. 12536—Mily. 2-14-7, dated 6th March 1916.

SUBSIDIARY RULES FOR THE MANAGEMENT OF "STAFF QUARTERS" AT MYSORE.

1. A rent of Re. 1 will be charged per day for each bed room occupied and Rs.-1-8-0 per day if two or more persons occupy the same room.

2. Occupants passing the night at the staff quarters will pay the full fee.

3. Persons occupying the building between sunrise and sunset only are subject to half fee.

4. A printed register will be kept in the building, and the occupants are requested, before they vacate the building, to enter in the register their names, dates and hours of arrival and departure and the amount of fees including other demands, if any, under Rule 5 *infra* (together with the particulars thereof) paid to the care-taker.

5. Occupants will be held responsible for any damage done by themselves or their servants to the building or furniture or other article. All articles injured or broken must be paid for by them. The amount will be fixed by the Superintendent, Government House, subject to the approval of the Chief Commandant whose decision in the matter will be final.

6. All fees collected will be remitted to the Mysore Taluk Treasury once a week by the care-taker in charge and the necessary Treasury certificate obtained in the printed register referred to in Rule 1.

7. The care-taker in charge will assist the occupants in procuring supplies and conveyances for ready money.

8. All fees and other demands under Rule 5 *supra* must be paid by the occupants before leaving the building, any irregularity and inconvenience being reported to the Chief Commandant.

9. All complaints regarding accommodation, furniture and servants attached to the staff quarters should be made to the Chief Commandant by letter or to the Superintendent of the Government House who will be on the spot.

10. If the building is urgently required by Government for any purpose, it should be vacated at once on receipt of intimation to that effect.

11. The Superintendent of the Government House will inspect the staff quarters as often as possible and see that the building is kept neat and tidy. He will also exercise control over the establishment attached to the staff quarters and will be responsible for the prompt collection and remittance to the Treasury of the fees and other dues levied from the occupants.

12. The Superintendent of the Government House will maintain a register showing the furniture, vessels and other articles supplied to the staff quarters. He will forward to the Chief Commandant a monthly statement of fees recovered and credited to Treasury on account of the occupation of the staff quarters.

13. A printed visitors' book will be placed in the staff quarters.

No. G. 12492—Mily. 106-15-3, dated 4th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Annual Report of the Mysore Military Forces (except the Imperial Service Transport Corps) for the year 1914-15, submitted by the Chief Commandant, Mysore State Troops, with his letter No. 3551, dated the 6th October 1915.

Order No. G. 12492—Mily. 106-15-3, dated 4th March 1916.

1. Recorded.

2. The most important event of the year was the mobilization of the Imperial Service Lancers for active service in connection with the great war declared in August 1914. The troops were mobilized within a very short time after the receipt of orders and the cheerful spirit with which the troops left for field service was noteworthy. It is gratifying to learn that the troops have been giving good account of themselves on the field and that one of the officers, *viz.*, Jamadar Subbaraj Urs has been awarded the medal of the Indian Distinguished Service Order for a gallant deed.

3. In order to provide reinforcements to meet casualties on the field the combatant strength of the Imperial Service Regiment was temporarily increased by 100 and the Local Service Regiment was utilized to provide the drafts for the Imperial Service Troops, in addition to special arrangements for recruiting. Through the kindness of the Government of India, arrangements were made to train the reinforcements and recruits in musketry in the Depots of 26th King George Own Light Cavalry, the 61st Pioneers and the 101st Grenadiers.

4. The Imperial Service Lancers Depot was maintained in good order and was found to be satisfactory by the Inspector-General, Imperial Service Troops, who inspected it on the 12th January 1915.

5. At the request of the Government of India, special arrangements were made in the Depot for the training of Imperial Horses.

6. The scale of pay attached to the Infantry Regiments was revised during the year under report so as to improve their status.

7. The administration of the Military Forces was satisfactory in all respects and reflects much credit on the Chief Commandant.

Annual Lists of Books and Furniture.

No. G. 12541-91, DATED 6TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No 16809-39 —Mis 2953, dated the 19th February 1901, directing the submission to Government every year of lists of books and furniture in stock in the offices of Heads of Departments and Deputy Commissioners and their subordinate offices.

2. Government Order No 1805-44—G. M. 105-07-1, dated the 6th September 1907, stating that the lists of books and furniture of the offices of Heads of Departments and Deputy Commissioners need alone be submitted to Government, those of subordinate offices being scrutinised by the Heads of Departments and Deputy Commissioners concerned.

No. G. 12541-91, dated 6th March 1916.

The General Rules of office procedure recently issued by Government provide for the proper maintenance of library and furniture registers in all offices of the State. Government therefore consider that the submission of the annual lists of books and furniture prescribed in the Government Orders read above is no longer necessary and they are accordingly pleased to direct that these lists be discontinued.

No. G. 12731 / G. M. 43-14-4,

GENERAL AND REVENUE SECRETARIAT,
Dated 9th March 1916.

OFFICE MEMORANDUM.

On an examination of the report of the Assistant Secretary, Efficiency Audit Branch, on the test audit of the accounts of the General and Revenue Secretariat and Stores for the year 1912-13 and the Registrar's reply thereto, the following instructions are issued for future guidance:—

1. The detailed (nominal) ledgers for Advances and Deposits now kept by the Cash Section should be maintained in a suitable printed form and closed once a quarter.

2. Clerks receiving remuneration for copying work done should not be employed on such work during office hours.

3. The Register of Inventions prescribed in the Inventions and Designs Regulation should be properly maintained by the General Branch.

4. Civil Service Examination Fees should not be received in cash in the General and Revenue Secretariat; and the candidates concerned should be asked to pay the amount into the treasuries direct.

5. The rough book now maintained for writing up daily details of disbursements of pay and allowances should be maintained in an authorised printed form, and only the daily totals thereof posted in the Cash Book.

6. The progressive totals of monthly contingent charges (inclusive of book adjustment) and the budget balances should be shown in the Contingent Register itself and not in a separate Register as at present.

7. The disbursing officer should sign the acquittance rolls for pay and allowances, before disbursements are made.

Personal Assistants to Members of Council should obtain proper quittances for allowances disbursed by them.

8. For recording remittances to the treasury and obtaining acknowledgments therefor, the special Register prescribed for the purpose should be used.

9. The General Despatcher should maintain a proper account of the service postage labels received and used by him.

The Dak book should be closed after each day's transactions and the balance struck.

10. A Stock Register of liveries, clothing, belts, badges, etc., showing the receipts and issues month by month, should be maintained.

11. The work, now in progress, of bringing the whole furniture in the General and Revenue Secretariat under account should be completed early.

Bicycles, Call Bells, Date Racks, Tin Trays, Locks and other smaller requisites which cannot be included with the above, may be classed as miscellaneous articles and brought under separate accounts.

12. The Library Stock Register should be carefully maintained and kept duly posted up, as books are purchased. The census of books now proceeding should be brought to completion early.

13. Purchases of furniture and books and payments therefor by the Dewan's Office and the Establishments of the Members of Council should hereafter be made through the General and Revenue Secretariat (Cash Section), so that the Stock Register of furniture and books may be maintained duly posted up.

14. The Dewan's Office and the Establishments of the Members of Council should recoup from the Treasury at the close of each month or fortnight the expenditure incurred by them during the month or fortnight and send a copy of their abstract contingent bills to the Cash Section for information immediately after they are drawn.

No. G. 12731—G. M. 43-14-4, DATED 9TH MARCH 1916

15. The Stock Register of furniture and vessels pertaining to the Stores should be kept duly posted up from month to month, and the articles of furniture serially numbered.

16. The practice of mixing up transactions which permanently affect the store balance (*e.g.*, fresh purchases, final issues, etc.) with mere loan transactions should be discontinued. The former alone should find a place in the ledger while the counterfoil books should be used for loan transactions. When articles are finally issued, the signature of the parties may be obtained in the Stock Register.

17. The orders of the General Secretary should invariably be obtained for writing off the accounts articles valued at Rs. 10 and less. Where the value exceeds this amount, formal orders of Government should be obtained.

18. The tents given to the Sringeri Jaghir and to Dr. Travers and Mr. Miller of the Indian Institute of Science, may be re-called or the price thereof recovered, after ascertaining fully the circumstances under which they were given out.

19. A list of articles of furniture and vessels which may, in future, be lent out from the Stores and which are not returned in time should be made out every month for scrutiny and necessary prompt action.

20. In the case of articles which have already been issued from the Stores and long outstanding return, a separate list should be prepared for continuous action being taken thereon.

By Order,
D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

Exd.—C. R.

- (iii) Industries and Commerce (including Co-operative Societies and Agricultural Banks).
- (iv) Economic Conference.

2. Paragraph 2 of the Revised Manual of Office Procedure of the General and Revenue Secretariat will be amended accordingly.

By Order,
D. M. NARASINGA RAO,
Secy. to Govt., Genl. Dept.

To—The Secretary to Government, Education and Agriculture Departments.
The Superintendent, Government Press, in modification of the list forwarded with this office letter No. G. 4150—G. M. 155-15-4, dated 23rd September 1915.

Exd—C. R.

Reward for Destruction of Wild Animals.

No. G. 12592-12641—G. M. 403-14-6, DATED 6TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 872, dated the 6th May 1915, from the Deputy Commissioner, Mysore District, stating that Mr. Muthiah, *Officer in charge of Game Preserves in Mysore, who shot a tigress in the* Chamrajnagar State Forest on the 27th November 1914, captured her four cubs alive and handed them over to the Zoo at Mysore and that he has applied for payment of additional reward for the capture of the cubs, and soliciting orders in the matter as the rules issued in Government Order No. G. 4488-535—G. M. 253-11-4, dated 7th February 1913, apply only to cases of killing wild animals.

2. Correspondence ending with letter No. 101, dated 21th June 1915, from the same officer on the subject.

Order No. G. 12592-12641—G. M. 403-14-6, dated 6th March 1916.

Government direct that the rates of reward allowed in paragraph (1) of the Government Order of the 7th February 1913, for the destruction of wild animals be made applicable also to cases of capture of such animals alive, the exact amount of reward allowed in each case being decided by the Deputy Commissioner according to the risk involved, the bravery displayed and other circumstances of the case. The payment of the reward will be conditional on the surrender of the captured animals to Government.

2. The claim of Mr. Muthiah will be dealt with accordingly.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Deputy Commissioner, Mysore District.
The Deputy Commissioners of other Districts.
The Comptroller to the Government of Mysore, through Branch II and the Heads of other Departments.

No. G. 12791-92—G. M. 255-15-5, DATED 10TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The report of the officer in charge of Archæological Researches in Mysore, on the working of the department during the year 1914-15

Order No. G. 12791-92 G. M. 255-15-5, dated 10th March 1916.

Recorded.

2. *Out-door Work. Inscriptions copied.*—The officer in charge of Archæological Researches in Mysore, toured during the year in parts of the Bangalore, Mysore and Hassan Districts with the object of re-surveying portions of the Magadi and other taluks in the Bangalore District, inspecting some temples of Archæological interest in the Mysore District, and taking photographs of some Jaina Sculptures in Sravanabelagola in the Hassan District for illustrating the revised edition of the Sravanabelagola Volume. He visited in all 136 villages and copied 334 new records. Of these, a Ganga copper plate inscription discovered in the Hoskote Taluk, and a stone inscription found at Kuppepalya in the Magadi Taluk, are of considerable historical importance. Mention may also be made of another record of about A. D. 900 discovered at Begur in the Bangalore Taluk, in which reference is made to Bengaluru (*i.e.*, Bangalore) testifying to the antiquity of the place.

A cursory examination was made of the Ayudha Sala or Armoury of the Mysore Palace.

3. *Work at Headquarters.*—The printing of the roman portion of the revised edition of the Sravanabelagola Volume made fair progress, as also the printing of the Kannada and Tamil texts of the supplement to Volumes III and IV of the Ephigraphic Carnatica. Two appendices to the revised edition of the Karnataka Sabdanusasana were also printed.

The revision of the *Mysore Gazetteer* was entrusted to the officer in charge of Archæological Researches in addition to his own duties, and a good deal of preliminary work was done in connection with the work.

4. *General.*—A definite programme of work for the Department has been laid down for the next three years. An Assistant to the officer in charge of Archæological Researches has been appointed temporarily for one year, and an additional establishment has also been sanctioned temporarily. Government are glad to note from paragraph 120 of the report that the work of the department has excited the interest of Western Scholars.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

Endorsements

No. G. 12882-84—G. M. 275-15-5, DATED 15TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the Administration of Railways in Mysore for the year 1914-15, submitted by the Officiating Secretary to Government for Railways with his letter No. C. 110, dated 20th October 1915.

Order No. G. 12882-84—G. M. 275-15-5, dated 15th March 1916.

Recorded.

2. *Personnel.*—In consequence of the reversion of Mr. E. A. S. Bell, Mr. C. D. Dove Wilson, Deputy Engineer-in-Chief of the North-Western Railway, was, with the consent of the Government of India, appointed Agent and Engineer-in-Chief of the State Railway Department.

3. *Administrative changes.*—With a view to promote the efficiency of administration, the functions of the Egineer-in-Chief were separated from those of the Secretary for Railways. A Board consisting of four officers of Government and a non-official member was also constituted to advise Government in matters relating to Railway construction and management.

4. *State Lines worked by M. & S. M. R.*—The length of open lines owned by the State remained the same as in the year before, *viz.*, 411·17 miles. The capital outlay incurred during the year was Rs. 22,033 and the total outlay up to the end of June 1915 amounted to Rs. 2,57,99,489.

The gross earnings of the year were less than those of the previous year by three lakhs due to smaller movements of the food grains, raw cotton, and oil-seeds and to a general falling off under coaching traffic. The working expenses were also less by two lakhs.

The net earnings represented a return of 6·12 per cent as against 6·52 per cent the previous year. The net gain to the State after payment of the working agency's share and interest charges, was Rs. 4,09,276.

Of this amount again, a sum of Rs. 22,033 was incurred as capital expenditure on improvements to the open lines, the actual revenue to the State being only Rs. 3,87,243. The net financial results to the State from the commencement is a loss of Rs. 45,29,225.

AIDED LINES.

5. *Kolar District Railways.*—The extension of the Bowringpet-Kolar Railway to Chikballapur to link it with the Bangalore-Chikballapur Railway was sanctioned during the year. The work was started in August 1914, and was in progress all along the line. During the year plate-laying was completed from Kolar to Srinivaspur, a distance of 15 miles. The total capital outlay on this railway (including lines wholly or partly open and under construction) was Rs. 3,05,528 and the net earnings Rs. 6,865 or 2·25 per cent on the capital outlay.

6. *Bangalore-Chikballapur Railway.*—This is the first Railway financed by private enterprise with a State guarantee. The entire line was opened shortly after the close of the year under report. The total capital outlay on the line was Rs. 7,65,420 and the net earnings on the section open during the year was Rs. 1,771.

7. *Mysore-Arsikere Railway.*—It is reported that the work progressed satisfactorily on this line which is expected to be ready for traffic by September 1916.

No. G. 12883-84---G. M. 275-15-5, DATED 15TH MARCH 1916.

8. *Tarikere-Yedahalli Tramway.*—This line originally meant for carriage of forest produce has now developed into a tramway for all kinds of traffic. Its length is 30 miles, of which a section of 12 miles from Tarikere to Lakvalli was open during the year. The rail head reached Narasimharajapura (Yedahalli) but the non-completion of some sundry work delayed the opening of the line during the year. The total capital outlay on the line up to the end of the year was Rs. 2,62,947 and net earnings Rs. 320.

9. *Surveys and investigations of new projects.*—The following lines engaged the attention of the Department during the year:—

(1) *Shimoga-Arasalu* line.—The Survey was completed and the project estimate is under preparation.

(2) *Tadasa-Hebbe.*—Twelve miles, of which the survey of 6 miles was completed.

(3) The Mysore-Coorg, Bangalore-Hosur and Chikjajur-Chitaldrug railways and extension of Tarikere-Narasimharajapura tramway to Sringeri were under correspondence.

10. Government are pleased to note that the administration of the Railway Department during the year was on the whole satisfactory.

READ AGAIN—

The following extract from the Report of the Superintendent, Government Museum, on the working of the Museum for 1912-13.

* * * * *

Owing to the Museum being closed to the public on Sundays, such of the local people as may be inclined to visit the institution, either on their own account or an account of their friends and relations, are prevented from doing so, as for most of them Sunday is the only holiday. I am therefore considering if we may not keep the Museum open on Sundays and close it on one of the week days.

* * * * *

READ ALSO—

Letter No. 153, dated 9th February 1916, from the Superintendent, Government Museum, stating that, if approved, the Museum will be kept open for the use of the public on Sundays commencing from the 1st Sunday in April 1916, and closed on Wednesdays.

Order No. G. 13041—G. M. 415-15-2, dated 18th March 1916.

Approved.

2. The Superintendent will arrange to have a notice announcing the change from 1st April next published in the *Mysore Gazette* and take any other steps that may be necessary to give full publicity to the modified arrangement.

Supply and Consumption of Stationery and Printed Forms.

No. G. 13209-269—G. M. 357-15-3, DATED 22ND MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Proceedings No. G. 6011-60, dated 27th May 1904, prescribing revised rules regulating the supply and consumption of stationery and printed forms in the public offices of the State.

Letter No. 4866—R. 276, dated 3rd January 1916, from the Comptroller to Government, submitting for the consideration of Government certain suggestions by which an appreciable saving may be effected in the consumption of stationery.

Order No. G. 13209-269—G. M. 357-15-3, dated 22nd March 1916.

The Superintendent, Government Stationery, who was consulted in the matter, is in general agreement with most of the suggestions of the Comptroller.

2. Government consider the suggestions to be well considered and are accordingly pleased to issue the following instructions in the matter of the supply of writing paper and covers:—

(i) Out of the D. O. note papers of different sizes to be issued to each office, 75 per cent will be issued in half sheets and 25 per cent in full sheets. The latter should be used only in cases of lengthy communications which cannot be included in the former.

(ii) Ordinarily, each note paper should be folded twice, first breadthwise and then lengthwise, before being placed in an envelope. For the ordinary half sheet D. O. note paper 7″ × 4½″, a new smaller sized envelope of a regulation size nearest to 3½″ × 2¼″ should be supplied. Envelopes of larger sizes than necessary should never be used. All communications, except urgent and immediate ones, issuing to an officer on the same day should be placed in one cover as far as practicable.

(iii) Note papers with flaps properly gummed should also be supplied, so as to be used in a large number of cases, and a saving effected in the envelopes.

(iv) For short routine communications, such as acknowledgments, reminders, etc., the use of Service Post Cards should be more largely resorted to than at present.

(v) In matters of routine correspondence in which it is not ordinarily necessary to keep copies, the communication received may be utilized for a reply and returned to the sender. For this purpose, suitable printed forms should be issued with headings for enquiry and reply.

3. The Superintendent, Government Stationery, is requested to take necessary action at once for the issue of note papers, envelopes etc., as indicated above.

D. M. NARASINGA RAO,
Secy. to Govt., Genl. Dept.

To—The Superintendent, Government Stationery Depot.
All the Heads of Departments and Heads of Offices.

Report on Public Instruction in Mysore.

No. 4712-60—Edn. 52-15-9, dated 14th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Report on Public Instruction in Mysore for 1914-15, submitted by the Inspector-General of Education in Mysore with his letter No. 8028-310, dated the 1st November 1915.

Order No. 4712-60—Edn. 52-15-9, dated 14th March 1916.

I. General Statistics.

1. There was an increase of 1,003 in the total number of public and private institutions which now stands at 6,137. Their strength rose from 187,730 to 217,997. Of the school-going population 180,115 were boys and 37,882 girls as against 154,319 boys and 33,411 girls in the preceding year. It is stated that the attendance was much affected by out-breaks of epidemic diseases such as plague and cholera.

2. The number of private indigenous institutions fell from 2,133 to 1,859. The figures have always been fluctuating and these schools are being gradually replaced by village grant-in-aid schools under the new scheme.

3. According to area and density of population there was one school for every 4·8 square miles and for every 930 inhabitants, the corresponding proportions for the previous year being 5·7 square miles and 1,111 persons.

4. The percentage of boys and girls under instruction to the total male and female population of school-going age was 41·7 and 8·9 respectively as against 35·7 and 7·9 in the previous year. Compared with the total population of the State, the percentages were 6·3 and 1·4 respectively as against 5·4 and 1·2 in 1913-14.

II. Collegiate Education.

5. Honours courses were instituted in Physics in the Central College and in History and Economics in the Maharaja's College and the Colleges were provided with the necessary staff and equipment. The Central College was affiliated in group III,—History of the Intermediate course.

6. The number on the rolls of the three colleges increased from 570 to 739. Of this number 17 were girls, 4 of them being Europeans, 2 Native Chirstians, 9 Brahmins and 2 other Hindus.

7. In the B. A. Examination, 23 candidates passed both the branches from the Central College and 18 from the Maharaja's College. In the Intermediate Examination 49 were successful, with 12 in the first class from the Central College, and 34 with four in the first class from the Maharaja's College.

8. Owing to the increase in the number of students in the Maharaja's College, two buildings were rented for additional hostel accommodation.

9. The total number of pupils in the Maharani's College was 200, of whom 7 were in the Intermediate class. One girl passed the Intermediate examination out of 4 sent up.

III. Secondary Education for Boys.

10. The number of Secondary Schools for boys increased by 12, *i.e.*, from 245 to 257. Fourteen were English High Schools, the same as last year, 3 Kannada High Schools as against 2 in the previous year and 161 English

and 79 Vernacular Middle Schools as against147 and 82, respectively, in the previous year. The total number of pupils in the secondary stage is 22,964 against 21,120, (the correct figure for the previous year). The increase therefore in the number of boys in the secondary stage during the year was only 1,844 as against 3,757 in the previous year. The percentage of pupils in the secondary stage to those who are in the primary stage is only 15. The rate of increase is very slight and emphasizes the need for special efforts to induce a larger number of pupils in the primary stage to continue their education on the part of the Education Department and all District, Taluk and Village Progress Committees.

11. Six hundred and eighty-seven candidates appeared at the public examination held in connection with the award of the Secondary School-Leaving Certificate, of whom 156 were found eligible for both the College course and public service, and 101 for the latter only. The formula prescribed by the University of Madras was adopted as the standard for admission into college classes, but was not found suitable. The formula has since been withdrawn by the University.

12. Nine candidates went up for the Matriculation Examination of the Madras University from four aided schools, of whom five passed.

IV. Primary Education for Boys.

13. In the Department of Primary Education the progress has been on the whole satisfactory. The number of public Primary Schools increased by 1,184 (from 2,272 to 3,456) and the number of boys by 29,021 (from 93,972 to 122,993). Including the private indigenous schools, the percentage of boys in the primary stage to the total male population of school-age was 35·67 as against 29·83 in the previous year. One thousand and one hundred aided primary schools at a recurring maximum annual cost of Rs. 84,000 were started during the year, the Government contribution varying from Rs. 5 to Rs. 7 per month for each institution. Sanction was accorded at the end of the year to the starting of 100 Adult Schools, and 130 Village Elementary Schools at an annual cost of Rs. 16,800 and Rs. 26,000, respectively.

14. A scheme for the introduction of *compulsory education* in fifteen selected centres was sanctioned, and preliminary work was done.

15. *Night Schools.*—These schools are intended for labourers and artizans who cannot attend day schools. Their number rose from 110 to 254 of which 142 were aided and 112 unaided. The Inspector-General of Education is requested to furnish a statement in future of the number of adults under instruction and the classes from which they are drawn, and to state what facilities are provided for giving them vocational training.

16 *Aided Schools.*—Aided Village Indigenous day schools registered for inspection and aid increased from 206 to 389 with a total strength of 9,340. The system of annual grants to these institutions was changed into monthly ones to ensure their stability and to obviate hardship to the teachers.

17. The rate of contribution from the people was reduced from ¾ to ½ as a means of encouraging the study of English in rural areas.

18. The benefits of the State Life Insurance Scheme was extended to the employees of aided schools.

19. *Public Support.*—There was increased co-operation on the part of the public in the extension of education. The majority of the village school committees are reported to have continued to take much active interest in the affairs of the schools and to have made praise worthy efforts in enlisting private enterprize in the construction and repairs of school houses, in the selection of sites, and in the collection of voluntary contributions.

V. Education of Girls.

20. A scheme for the improvement of female education in collegiate and secondary grades was sanctioned early in the year. The number of public shools for girls increased by 78 (from 397 to 475), and the number of girls under instruction by 4,471 (from 33,411 to 37,882).

21. One lady student passed the B.A. Degree Examination taking History as her optional subject and another who, after passing her B.A. in History and

Economics from the Maharaja's College continued her studies for the B.A. Honours Degree in the English Language and Literature in the Presidency College, Madras, obtained a Pass Degree. A third student who studied for the B.A. Degree Examination in the Presidency College, Madras, passed the History Branch of that examination. One other student of the Maharani's College passed the Intermediate Examination in Group III (History and Logic) and three others were successful at the Pandits' Examination.

22. Of the 8 students that appeared for the Secondary School-Leaving Certificate Public Examination, 2 were declared eligible for the college course and 4 for public service. Twenty-four girls passed the English Lower Secondary Examination (9 bringing up English only) and 76 the Vernacular Lower Secondary.

23. The Boards of visitors of Government Girls' Schools whose functions were purely advisory were replaced by more efficient Committees of management with additional powers and privileges.

24. Two girls' schools have been raised to the status of Kannada High Schools by the addition of Upper Secondary Classes. English Lower Secondary classes were added to certain important girls' schools and provision for English instruction was made in almost all the girls' schools in District Headquarters. Arrangements have also been made for teaching the elements of industrial and domestic arts in these schools.

25. The name of the Widows' Home in Mysore was changed to the Women's Home, and it was placed under the supervision of the Managing Committee of the Maharani's College.

VI. Education of Mahomedans.

26. The number of Mahomedan Schools increased by 60 (from 393 to 453) and the total number of Mahomedan pupils in the State in all institutions increased by 2,411 (from 24,979 to 27,390), 20,615 were boys and 6,775 girls.

27. The percentages of Mahomedan boys and girls under instruction to the Mahomedan male and female population of school-age, respectively, were 89·4 and 32·7 as against 80·4 and 31·2 of the previous year.

28. The number of students in English Arts Colleges rose from 17 to 24, in the High Schools for boys from 227 to 251, in the middle schools from 6,290 to 6,294, and in the primary schools from 11,091 to 12,642.

29. The attention of the leaders of the Mahomedan community should be drawn by the Inspector-General of Education to the comparatively low number of boys in the higher classes in spite of the liberal provision for special scholarships, freeships and half-freeships.

VII Education of Backward Classes.

30. The number of schools for Holeyas, Madigas, Waddas and Korachas, increased by 29 (from 174 to 203) and the strength by 1,692 (from 4,521 to 6,213 of whom 790 were girls. The Central Panchama Boarding School at Mysore continues to do very useful work. Twelve candidates appeared from this school for the Vernacular Lower Secondary Examination of whom 10 passed, 1 taking a first class. Provision was made for teaching drawing, kindergarten and gardening and instruction was also given to the students in weaving, tanning and leather-stitching in the Industrial Section. Some of the industrial and educational exhibits of the school won prizes at the Dasara Exhibition of 1914. Of the schools for depressed classes in the Mysore City no less than 13 were maintained by the Hindu Depressed Classes Education Mission.

31. The attitude of the better classes of the Hindu community towards the education of the Panchamas and other backward classes is reported to be one of sympathy and cordiality.

VIII Normal Instructions.

32. During the year two schools were added to the number of normal schools for masters bringing their total to five, the number for the training of school mistresses remaining the same as in the year previous, namely, 2. The strength of the normal institutions for masters was 264 as against 99 in the previous year and

that of the normal institutions for mistresses was 42 as against 21. The Training College at Mysore did good work, and 4 graduates obtained certificates.

Vacation Classes.

33. These classes were held during the last summer recess at Bangalore and Mysore, and 116 teachers in all underwent training.

IX. Technical Education.

34. There were 27 Industrial schools of which 2 were Government, 22 aided and 3 unaided, with a total strength of 1,356, of whom 104 were girls. The Industries and Crafts Section the Arts Section, and the Work-shop in the Chamarajendra Technical Institute, Mysore, were in full working order.

35. The Industrial School at Channapatna which had been temporarily placed under the control of the Director of Industries and Commerce was retransferred to the Education Department during the latter part of the year. The condition of the industrial schools at Sagar, Hole-Narsipur, Chiknayakanhalli, Dodballapur and Molakalmuru was not satisfactory. Government have recently passed orders sanctioning a separate industrial school at each District Headquarter and for improving generally the condition of all mofussil industrial schools.

36. The Engineering Section of the Chamarajendra Technical Institute, Mysore, to which the Shekdari class is attached did satisfactory work during the year. The course of studies in the Engineering School has been revised with a view to enhance the usefulness of the institution.

37. The Mechanical Engineering School, Bangalore, entered on the second year of its existence and has become a useful and efficient institution. The total number of students was 120 as against 42 in 1913-14. To the existing classes the following were added:—

(*a*) a class for the training of teachers for industrial schools, (*b*) a Permanent Way Inspectors' class (*c*) a telegraphic signallers' and traffic class and (*d*) a class for the training of men in motor driving.

For the convenience of men engaged in professional or other work during the day time evening classes were opened for teaching technical drawing, electrical wiring and motor mechanics.

38. The number of Commercial Schools in the State remained the same as in the previous year, *viz.*, 4, of which two were Government institutions, and two aided.

39. The difficulty of finding suitable teachers for commercial schools is being gradually overcome. Besides the two trained graduates who where placed in charge of the Commercial Schools at Bangalore and Mysore, two teachers were under training in Bombay in higher commercial subjects.

40. The total number of pupils undergoing commercial instruction increased from 193 to 361. The strength of the Government Commercial School, Bangalore, increased from 88 to 171 during the year, and there were 2 graduates, 56 undergraduates and the rest of lower qualifications, attending the school. The Intermediate grade examination in commercial subjects was introduced during the year.

41. The classes in Book-keeping and Factory accounts, and those in Banking and Political Economy, as also the system of popular lectures inaugurated, will, it is hoped, be freely taken advantage of by those for whom they are intended. For the benefit of merchants and other business men, the commercial classes for the teaching of indigenous system of accounts were located in the business quarters of the city, and it is reported that these classes are very popular and are often attended by merchants and other business men.

42. *Manual Instruction.*—The scheme for Manual Instruction continued to make good progress. The number of wood sloyd centres increased from 9 to 10 and their total strength was 1,207. The paper sloyd centres increased by 1, *viz.*, from 47 to 48 and the number of pupils from 3,887 to 4,693. Besides the above there were 40 centres for the introduction of Elementary, Industrial or vocational courses as part of the secondary school curriculum.

43. There were 44 pupils in the school for the deaf-mutes and the blind and the progress made by them was satisfactory.

X. Expenditure.

44. The total expenditure amounted to Rs. 23,07,289 or Rs. 1,82,429 more than the previous year. Of this total, Rs. 15,45,235 or Rs. 66·9 per cent formed the direct expenditure by the State on Education, the amounts spent on Collegiate, Secondary and Primary Education of boys and girls being respectively Rs. 2,12,054, Rs. 6,32,805 and Rs. 4,80,845.

45. *School Buildings.*—A special grant of 1½ lakhs of rupees was made by Government for the construction of village school buildings out of which a sum of Rs. 1,17,167 was transferred to the Public Works Department towards the cost of 83 incomplete works of the previous years, and 23 fresh ones undertaken during the year. Contributions to the extent of Rs. 5,162 were received from the people for village school buildings besides 57 private buildings given as gifts.

46. Orders were passed for the provision of Rs. 2 lakhs every year for a period of six years in the Public Works Department Budget for the construction of suitable buildings for colleges and schools other than village schools, for which latter separate provision was made in the budget.

47. The pay and prospects of all grades of Departmental officers were improved at an annual recurring cost of Rs. 1,89,834.

XI. Miscellaneous.

48. *Foreign Scholarships.*—A general scheme for the grant of Foreign scholarships including the Damodar Doss Scholarship was sanctioned during the year, and a special committee was appointed for the selection of candidates. Eleven scholarships were awarded and made tenable in England or America for the study of the following subjects, *viz.*, Paper manufacture, Banking, Systems of Education, Organic Chemistry, Mechanical Engineering and Actuarial Science. Four of these were Government scholarships, 2 Damodar Doss scholarships and 5 Loan scholarships and it is reported that all except 2 loan scholarships have been availed of. A special scholarship was also awarded for the study of architecture in Bombay.

49. *Medical Inspection of Schools.*—The total number of school children treated for various complaints during the year was 2,306 as against 2,279 in the previous year. Medical officers are stated to have paid several visits to schools. A scheme for a more thorough and systematic medical examination of pupils is under the consideration of Government.

50. *Sanskrit Education.*—A special committee was appointed to report on the measures necessary for the further development of Sanskrit Education. Twelve passed the Vidwath Examinations from the Sanskrit Colleges at Bangalore, Mysore and Melkote.

XII. Controlling Agencies.

51. Rao Bahadur Mr. M. Shama Rao, M.A., continued to hold the office of the Inspector-General of Education during the year. A Special Assistant was appointed to help him in the work of the expansion of primary education, in place of the Deputy Inspector-General of Education who was appointed full-time Secretary of the Education Committee of the Economic Conference.

52. The number of schools that remained uninspected at the end of the year was large and the omission is said to be partly due to the increased work which devolved on the inspectorate in connection with the opening of a large number of additional aided and Government schools. The Inspector-General of Education also states that the majority of the reports of the inspecting officers contain only the usual tabulated figures with a few remarks of a general nature and that they should contain some reference to such subjects as "the educational wants of the different places visited, the co-operation of the people, the causes of disproportion in the number of children under education belonging to the various communities as well as of children attending the several school-classes, the defects of the teaching staff, etc." Government will be glad if the Inspector-General of Education will devote some special attention during the current year to improving the work of the

inspectorate, and as the staff has been recently strengthened they trust that he will be able to make efficient arrangements for a thorough inspection of the schools in future.

53. Government will be glad if in future reports, a paragraph is added as regards the extent to which the Inspector-General of Education and his subordinates have been able to co-operate with the work of the Economic Conference and have also received help from other departments in giving effect to sanctioned schemes.

54. In conclusion, Government are pleased to note that notwithstanding the enormous demands made upon their capacity for organization and initiative in connection with the numerous schemes inaugurated during the year for the expansion of education throughout the State, the Inspector-General and his staff have been able to cope satisfactorily with the new conditions. The thanks of Government are due to Rao Bahadur Mr. M. Shama Rao, M.A., for the high level of efficiency which the Department has reached under his direction.

Government Order No 2235-6—Edn 365-13-4, dated 17th November 1915, sanctioning among other things the establishment of Industrial Schools at each of the six district headquarters, except Mysore and Bangalore.

2. Letter No 13765—598, dated 22nd January 1916, from the Inspector-General of Education in Mysore, stating that for the proper development and supervision of the Industrial Schools in the State as well as for the work in connection with the introduction of the Practical Instruction Scheme sanctioned in Government Order No. 3675-8—Edn 372-13-4, dated 1st April 1915, the need for the services of a Technical Assistant is felt in the Department, and requesting therefore that the services of Mr. S. Raghavendra Rao, B.A., B.Sc., now working in the Department of Industries and Commerce, may be made available for a period of at least two years to help him in organizing and placing these institutions on a proper basis.

Order No. 5036-48 -Edn. 19-15-64, dated 22nd March 1916.

Government are pleased to approve of the proposals of the Inspector-General of Education and to sanction the transfer of the services of Mr. S. Raghavendra Rao to the Education Department for a period of one year on a pay of Rs. 300 per mensem with a local allowance of Rs. 50. The Inspector-General of Education is requested to utilise his services also for some work in the Chamarajendra Technical Institute, Mysore. A programme of work to be done by Mr. Raghavendra Rao, for the next six months should be submitted for the information of Government.

2. During the current year the amount needed will be met from the allotment of Rs. 49,416 provided in the budget under (5) Government Schools Special Summary.

3. The Director of Industries and Commerce is requested to submit separate proposals in consultation with the Chief Engineer and Secretary, Public Works Department, for appointing an additional officer, if required, in the place of Mr. Raghavendra Rao.

Medical Inspection of Schools and Scholars.

No. 5220-68—Edn. 164-14-2, dated 24th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No 17261—781, dated the 20th April 1915, from the Inspector-General of Education in Mysore, submitting a scheme for a systematic medical inspection of schools and scholars at District Headquarters in the State.

(Printed as annexures.)

Order No. 5220-68—Edn. 164-14-2, dated 24th March 1916.

In May 1909, a circular was issued by the Sanitary Commissioner with the Government of Mysore, directing the Medical Officers to examine the school children in their respective stations, with the approval of the Inspector-General of Education. In the annual Administration Reports of the Education Department, the scheme was reported to be working satisfactorily.

2. The subject was taken up for consideration by the Economic Conference at the Birthday Session of 1913, and in passing orders on the resolutions of the Conference, the Inspector-General of Education was requested to submit proposals in the matter, in consultation with the Senior Surgeon and Sanitary Commissioner.

3. The Inspector-General of Education has now, in consultation with the Senior Surgeon and Sanitary Commissioner, submitted a scheme, the main features of which are as follows:—

(*a*) The medical examination of pupils will be confined at present to District Headquarter towns.

(*b*) It will be conducted by the existing Medical Agency, *viz.*, in Bangalore and Mysore by the Health Officers with the assistance of the Medical Officers in charge of dispensaries in the various Municipal Divisions, and in other towns by the Health Officers or District Sanitary Officers or the District Medical and Sanitary Officers.

(*c*) The examination of school girls will be conducted by the local Lady Medical Officers.

(*d*) In cases of necessity, the sight of the pupils will be tested at the Minto Ophthalmic Hospital.

(*e*) A course of 15 lectures for the benefit of teachers under training at the Normal Schools at Mysore, Kolar, Tumkur, Shimoga and Bangalore will also be organized and will be delivered by the Medical Officers selected by the Senior Surgeon.

4. Government are pleased to approve of the above scheme and to direct that it shall be brought into effect from 1st June 1916.

5. Government are pleased to sanction a clerical establishment consisting of two clerks, one on Rs. 50 and one on Rs. 30 and one orderly on Rs. 7 per mensem, for a period of four months in a year, with a contingent grant of Rs. 6 per mensem for the period, for maintaining the registers and registration and tabulation of the statements and all the incidental clerical work. The necessary funds will be provided in the budgets for 1916-17 and 1917-18.

No. 5220-68—Edn. 164-14-2, dated 24th March 1916..

6. Government consider it unnecessary to pay any remuneration to Medical Officers for this work, and the provision made by the Inspector-General of Education for this purpose in the proposal is disallowed.

7. The Inspector-General of Education should, in consultation with the Senior Surgeon and Sanitary Commissioner, issue such subsidiary instructions, as may be considered necessary, on the subject of the inspection and delivery of lectures as also on the tabulation of statistics, with the help of the clerical establishment sanctioned above, and arrange for the submission of progress reports to Government once a year.

8. All the necessary registers and forms will be made available by the office of the Inspector-General of Education.

9. The Sanitary Commissioner, in the course of his correspondence with the Inspector-General of Education, raises one or two important issues, such as opening special schools for children with serious defects or likely to prove a source of grave danger to the health of other children by reason of having Tuberculosis, etc., and the cost of sending children from the interior to the Minto Ophthalmic Hospital for examination. When the present scheme is worked satisfactorily and developed, the above points may be re-submitted for consideration. In the meantime, if any urgent action is needed to remove any serious defects found in school children in any locality, separate proposals may be submitted for the orders of Government.

Encl.—C. E.

No. 5220-68—Edn. 164-14-2, dated 24th March 1916.

Annexures.

No. 17261—781, dated 20th April 1915, from Rao Bahadur M. Shama Rao, Esq., M.A., Inspector-General of Education in Mysore, to C. S. Balasundaram Iyer, Esq., B. A., Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture, Bangalore.

I have the honour to state that a suitable scheme for the systematic medica inspection of pupils in schools under public management has been under consideration for a long time past, but no satisfactory scheme has yet been formulated. This delay is found to be due to some extent to want of sufficient preliminary data for fixing the practical limits of the scheme. A medical inspection of school-children may be made as wide as possible and generally includes the prevailing conditions of school-life, the physical conditions of the scholars, including cleanliness of person and clothing, defects and diseases, congenital or acquired, the sanitary and other arrangements of the school house, etc. As an elaborate inquiry at once required a large medical staff and heavy expenditure of money, I consulted the Sanitary Commissioner with a view to enable the existing medical staff to do the work as far as possible within a moderate expenditure.

A copy of the Sanitary Commissioner's letter No. 4735, dated 12th April 1915, and copies of correspondence that led up to it are enclosed for the information of Government. The Sanitary Commissioner is agreeable to the employment of the existing medical agency at all District Headquarters to which places only the inspection is to be confined this year, but in view of the extra and responsible nature of the work entailed, he proposes the payment of one anna for each case examined by a medical officer. There are about 30,000 pupils in attendance at schools at District Headquarters. For purposes of remuneration, a sum of about Rs. 2,000 will be required. He also proposes the entertainment of a small establishment for tabulating the results of the inquiries made and accordingly three clerks, one on Rs. 50 and two on Rs. 30 each, and two orderlies on Rs. 7 each per mensem will be required for a period of four months, together with a contingent grant of Rs. 6 per mensem for the same period. Where it becomes necessary to test the sight of the pupils at the Minto Ophthalmic Hospital, further expenditure will be necessary, both in the shape of remuneration to the Medical experts as well as in the shape of travelling and other expenses of the pupils tested. For this part of the proposal, a lump grant of Rs. 500 will be needed and the remuneration to be given to the eye-experts may be fixed by the Senior Surgeon according to the nature of the case. The pupils are to be given only the actual travelling cost as may be approved by the Inspector-General. The total non-recurring cost as noted below may be taken to be Rs. 3,020:—

		Rs.
1.	Remunerations to medical officers in general	2,000
2.	Cost of establishment entertained ...	520
3.	Remuneration to eye-experts ...	500
	Total ...	3,020

Next, it is also intended to organize a course of instruction in elementary hygiene for the benefit of teachers under training at the Normal Schools of Mysore, Kolar, Tumkur, Shimoga and Bangalore (new). The course will consist of a series of 15 lectures on the human body, air, light, food, water, exercise, epidemic diseases and how to prevent them, and modern sanitary methods in general, and these lectures will be delivered by the medical officers selected by the Senior Surgeon. The Sanitary Commissioner proposes paying a remuneration of Rs. 5 per lecture, and thus part of the scheme will entail a recurring annual cost of $15 \times 5 \times 5$ or Rs. 375.

I request you will be good enough to obtain the sanction of Government to the above proposals and for providing in the next year's budget an aggregate sum of Rs. 3,395 required.

Enclosures to the above.

(1)

Letter No. 4368, dated 9th April 1914, from the Sanitary Commissioner with the Government of Mysore, to the Inspector-General of Education in Mysore.

With reference to para 1 of Government Order No. 5081-5—Edn. 67-13-3, dated the 3rd November 1913, generally approving of certain proposals for the medical inspection of school children and the sanitary inspection of school buildings, I have the honour to state that this office Circular No. 4706-14, dated the 1st May 1909 and Circular No. C. 40 of 1908-09, dated the 22nd idem issued from your office provide for a periodical medical examination of school children in any town or union where a Medical Officer or subordinate is stationed. In regard to the sanitary inspection of school buildings the Medical Officers and subordinates are required to communicate with the Deputy Inspectors of Schools when they find,

No. 5220-68—EDN. 164-14-2, DATED 24TH MARCH 1916.

on visiting a school, any sanitary defects (please see this office letter No. 4740, dated the 3rd May 1909). I shall be glad on hearing from you, to issue such further instructions, to my officers in the Medical and Sanitary Departments, as you think would be likely to systematize the work and place it on a sound basis.

(2)

Letter No. 9016—1455, dated 26th November 1914, from the Inspector-General of Education in Mysore, to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

With reference to your letter *No. 1230, dated 7th September 1914, I have the honor to forward herewith for your kind perusal and remarks a note on Medical Inspection of pupils drawn up by Mr. M. Ramaswamaiya, B.A., Assistant to the Inspector-General of Education. The note deals exhaustively with the whole subject and contains a number of proposals for being introduced into the schools. I beg that you will be good enough to let me have the favour of your opinion as to how far the proposals contained in the note may be given practical effect in the immediate future. In my opinion it will considerably help efficient Medical Inspection of School children if a beginning is made by appointing a School Sub-Assistant Surgeon at all District Headquarters These Sub-Assistant Surgeons may be under the orders of the District Medical Officers and their duties will be those sketched in the note with regard to all schools located not only at District Headquarters, but also Taluk Headquarters. The whole scheme may be temporary for two years. If these ideas commend themselves to you, I beg that an idea of the approximate cost involved may also be given.

(*Not printed.)

Note referred to in the above.

SCHEME FOR THE SYSTEMATIC MEDICAL INSPECTION OF SCHOOLS AND SCHOLARS.

Character and Scope of School Hygiene.

Medical inspection of school children is a single branch of the wide and comprehensive subject of school hygiene which, if satisfactory results are to be obtained, requires constant and practical co-operation on the part of teachers, physicians, nurses and parents.

School hygiene includes the following subjects :—

(1) Instruction of teachers, parents and children in Elementary Hygiene.

(2) Physiology and psychology of educational methods :—

(*a*) Classification of school-children according to their mental and physical characteristics and arranging for educational treatment to suit each type or class of child.

(*b*) Special educational methods for defective and invalid children.

(*c*) Questions of curriculum, over-pressure, questions of sex, fatigue, etc.

(3) Physical Education including supervision of manual training, gymnastic exercises, organized games, etc., and instruction of teachers in the theory and practice of physical training.

(4) Scientific supervision of school equipment, buildings, furniture, baths, douches, ventilation, lighting, sanitation, etc.

(5) Prevention and control of infectious diseases and attention to the sanitary condition of the premises.

(6) Medical care :—

(*a*) Routine physical examination of all children at certain periods of their school career, (*i.e.* Medical inspection proper).

(*b*) Frequent medical supervision of special and individual cases.

(*c*) Medical treatment at home and at the school.

On one and all of these subjects, the physician's practical help and advice are now required. The general principles and scheme of action can be arranged and supervised by some central organization, but the services of local medical men acting under the guidance and control of an expert are required for detailed routine work. For the perfection of any useful work in school hygiene there are thus two essentials-an expert medical adviser for each authority, and a local school doctor attached to the staff of every school or small group of schools, having the supervision of not more than two or three thousand school children.

Main objects of medical inspection.—In addition to the discovery of unrecognized defects and the prevention of disease, the main objects to be attained by the system of medical supervision are :—

(1) The physical welfare of each individual child and of the nation as a whole;

(2) The adaptation of educational methods to the needs of particular groups of children;

(3) The classification of children according to their mental and physical capacities;

(4) The maintenance of clean and healthy school buildings;

(5) Interest and co-operation in school hygiene on the part of every teacher.

The manner of carrying out medical inspection.—For the successful carrying out of the system of medical inspection there are three essentials. The first essential is that a local medical practitioner should be appointed to the staff of every small group of schools, and that he should visit each school, say once a week or fortnight, so as to keep in constant touch with the children and teachers. The second is that the local nurse should be associated with the school routine and should be the intermediary between the school and the home. In most districts such a school nurse might very well replace the school attendance officer. The third essential is the formation of a small School Children's Care or Health Committee for each school or group of schools, its function being to discuss the ways and means by which the doctors' and nurses' recommendations for each individual child can be carried out and to co-ordinate voluntary and charitable agencies with Government or Municipal endeavour.

We may now deal with the practical duties of

(*a*) The School Doctor
(*b*) The School Nurse
(*c*) The Teachers
(*d*) The Parents
(*e*) The School Children's Health (or Care) Committee.

(*a*) *Duties of a School Doctor.*—They may be summarized thus:—

(1) To examine cursorily every child about the time of its admission to an infant class, as to cleanliness, and as to its obvious physical defects. This first examination should be conducted in the presence of parents or guardians.

He should also inspect the child three times more at stated intervals during its primary school career.

(*a*) in detail at about the seventh year of age.
(*b*) at about the tenth year of age and
(*c*) at between 12 and 13th year or before the departure of the child into working life.

In the case of puplis continuing their studies in Secondary Schools and Colleges, the inspections should take place at the 15th, 17th, 19th and 21st year or before leaving school or college.

(2) To examine in detail every child at his seventh year and to decide what special educational training (if any) is suitable to the child.

(3) To visit and inspect all classes once or twice a year both as regards the general health and physique of the children and also as regards the conditions under which they are working, namely, the ventilation, lighting, etc., on the one hand and the amount and kind of work, over pressure, fatigue, physical exercises, manual training, etc., on the other hand.

(4) To make special visits to the boys' and girls' schools once a year for the purpose of examining all children suffering from defective vision and to report upon eye disease generally. The teachers should test the vision of all children once a year, but the doctor's examination can scarcely be undertaken at the time of his visits for other work, except in very small schools.

(5) To supervise the work of nurses with regard to ringworm, vermin, and skin affections and to visit each school once a week or a fortnight for the general examination of special children selected by the teacher or nurse. The results of this visit should be recorded in a register kept at the school. (Appendix A.)

(6) To advise the Health Committee of each school upon various points of hygiene bearing upon educational matters and to give definite instructions about the care of the delicate and defective children.

(7) To give lectures to teachers and parents upon school hygiene and elementary physiology.

(8) To issue certificates for the exclusion of boys from a school for the following purposes:—(*a*) to prevent the spread of diseases, *e.g.*, measles, small-pox, whooping cough, etc., (*b*) for uncleanly or verminous condition of children and (*c*) on account of the state of health or physical or mental defects. In the last case, a full report should be furnished. If uncleanly or verminous condition of the children is not remedied by the parents, they may be excluded permanently from the school, prosecution of the parents being impossible in this country. This duty might be combined with the weekly visit to the schools.

(9) To investigate (if necessary in conjunction with the Medical officer of health) all epidemics and out-breaks of infectious disease in the schools and also to take necessary steps to prevent not only the spread of the disease but also the necessary closure of the school.

(10) To conduct the examination of school environment in accordance with the schedule for examination of schools (Appendix B.)

(11) To carry out original investigations and to do research work, especially in the larger towns.

With regard to their duties, the following regulations should be carefully followed:—

(*a*) The inspection should be conducted in school hours and on school premises, and in such a way as to interfere as little as may be with school work. The examination of each child need not, as a rule, occupy more than a few minutes.

(*b*) The convenience of the teaching staff and the circumstances of each school must receive consideration, and in these matters and in the actual examination, the medical officer will no doubt exercise sympathy and tact, giving due thought to the personal susceptibilities of those concerned.

(*c*) The facts revealed by inspection must be entered in the schedule for medical inspection (Appendix C) kept in the school, the confidential nature of many of the entries, being carefully respected. A copy of the entries should be transmitted with the child to any other school to which he or she may go.

(*d*) Every School Doctor should make an annual report at the end of the official year to the District Medical Officer, who will be the District School Doctor, on the schools and children under his superintendence. The District School Doctor will submit his annual report to the Central Medical Bureau at the Sanitary Commissioner's Office.

(*e*) The report should be concerned chiefly with the conditions and circumstances affecting the health of the children in the schools of the area placed in charge of the school doctor.

(*f*) It should also contain statistical records of the number of children examined and of those re-examined or under medical supervision; the nature and results of the examinations; the number of visits paid to classes; the number and character of the diseased conditions found at certain age periods; particulars as to blind, deaf, defective and epileptic children; the medical advice given both as to the prevention of conditions inimical to health and the remedy of diseased conditions that may be discovered, action taken, and so forth.

In addition to such records it will be well, as far as practicable, to make systematic comparisons of the individual and collective measurements and characteristics of the children in each school with standard and local records, both as a means of determining the condition of health of particular children or classes, for guidance in future action, and as part of the anthropometric survey-an ideal which should be kept in view.

(*b*) *The School Nurse.*

The duties of a School Nurse are:—

(1) To assist the local School Doctor at his examinations in the schools and to carry out his instructions.

(2) To keep records of progress of individual children between the doctor's visits, making special notes as to what treatment has been obtained.

(3) To hold a preliminary examination of all infants on their first admission to nursery schools or infant's departments as to cleanliness and obvious defects.

(4) To be responsible for the supervision of personal hygiene and cleanliness of all children (under the direction of a Superintendent of nurses).

(5) To recognize ringworm, favus, scabies and other contagious conditions.

(6) To recognize discharging ears and the commoner external eye diseases such as corneal ulceration, conjunctivitis, ophthalmia etc.

(7) To pay regular weekly visits to the schools for these purposes and for advising teachers in regard to the exclusion of doubtful cases of infectious and contagious diseases.

(8) To weigh and take the height and chest measurement of children when any system of anthropometry is introduced or to help the teacher in so doing.

(9) To gain an insight into the home conditions of children by following up.

(*c*) *The School Children's Care Committee.*—The functions of a School Children's Care Committee are:—

(1) To see that the children attending school shall be healthy children from healthy homes.

(2) To select necessitous children for the provision of free meals.

(3) To see that medical treatment is provided for children found to be in need after medical inspection.

(4) To watch over the child after leaving school in his or her early employments.

(5) To see that neglectful parents are reminded of their responsibilities.

(6) To watch over the general welfare of children (recreation, scholarship evening schools, clubs, scouts corps, etc.

(7) To secure the co-operation of local voluntary and charitable societies, guilds of help, etc.

(*d*) *The Teachers*.—Head teachers are to be regarded as the "Chief Instruments" in the scheme of medical supervision.

Their functions are:—

(1) To see that effect is given to all reasonable and practical suggestions of the School Doctor and the nurse for the improvement of the general condition both of the teachers and of the taught.

(2) To test the visual acuity of all children once a year, and also (when machines and standards are introduced) to weigh and measure the children both opportunities being seized for a lesson in practical mensuration or calculation.

(3) To keep under observation any children whom school doctor or nurse indicates as requiring special attention. Such cases should be referred to the Care Committee.

(4) To keep in constant touch with the parents, and from time to time to summon a conference of a number of parents at the school, so that they can see their children at work and play.

(5) To issue Cards of Advice to parents concerning their children's health.

(6) To submit to his immediate official superior a quarterly statement of children treated by the School Doctor, in the prescribed form. (Appendix D.)

(*e*) *The Parents*.—Their duties are:—

(1) To attend the first medical examination of their children shortly after admission to the Infant class, and from time to time also attend informal conferences at the school held by Head Teachers.

(2) To learn the elements of healthy living.

(3) To teach their children the most elementary habits of cleanliness, the use of a pocket hand-kerchief, the habit of nasal breathing, and the cleansing of teeth.

(4) To take prompt measures to remedy physical disabilities and defects in their children on receipt of Advice Cards issued through the medium of Head Teacher (Appendix E.)

(5) To actively and willingly co-operate with the Educational and Medical authorities in the health education of their children.

Administration.—A scheme of organization which is likely to ensure effective results must now be considered.

First of all, there should be provision for a central authority to supervise and to direct. Then comes an organization for urban areas including large and small towns. And lastly we have to arrange for the medical inspection of schools and scholars in rural areas.

A.—The Central Medical Bureau-(The School Medical Board).

The organization at the Sanitary Commissioner's office of a sub-department known as the Central Medical Bureau is desirable. It may consist of the Sanitary Commissioner as President, the Deputy Sanitary Commissioner as Vice-President and two Medical Officers stationed at Bangalore as members with a full-time Secretary who shall be a Medical Officer specially trained in school hygiene. A small staff of Medical Superintendents of Schools, say, 2, with a clerical establishment is also necessary to help the Board in inspectional duties.

The functions of the Board are:—

(1) To advise School Doctors as to their duties and methods, as also to supervise their work.

(2) To acquire an up-to-date knowledge of school hygiene;

(3) To investigate the progress of thought and discovery in other countries.

(4) The collate and make practical use of the reports and statistics resulting from routine inspection;

(5) and finally to submit to Government annually through the Education Department a carefully considered statement of the practical results of medical inspection, as well as any further recommendations that may be necessary for further action.

No. 5220-68—Edn. 164-14-2, dated 24th March 1916.

The Board will work in close association with the Education Department.

B. Organization for Urban Areas.

(*a*) *Large towns or District Headquarters.*—The District Medical Officer shall be the District School Doctor who will supervise the work of all local School Doctors throughout the district. At all District Headquarters, one or more of the Assistant or Sub-Assistant Surgeons shall be appointed local School Doctors. As far as possible, these officers may be kept for at least three years in a place.

(*b*) *Small towns or Taluk Headquarters.*—In these places, the Assistant or Sub-Assistant Surgeons will do the duties of local School Doctors.

C. Organization for Rural Areas.

In all villages where there are dispensaries, the services of Sub-Assistant Surgeons may be similarly utilized. But a large number of villages in the State have no dispensaries and as a consequence the children reading in Village Elementary Schools have to forego the benefits accruing from medical inspection. This drawback can be met either by the opening of Central Dispensaries in each taluk for the convenience of people living within a radius of 10 or 12 miles or by Travelling Dispensaries.

Inspection Tours.—The officers of the Medical and Sanitary Departments will also in their tours pay visits to schools and make suggestions towards the physical welfare of children.

Financial remuneration of School Doctors and Nurses.—If we are to have Medical Inspection, let us have good men to do the work and let us pay them for their work. Permanent efficiency requires skilled workers, careful administration and adequate remuneration. At present nothing is paid and the work done is not as efficient as it ought to be. The following rates of remuneration are therefore proposed:—

District School Doctors to receive	...	...	Rs. 25 a month
Local School Doctors to get	...	...	„ 10 „
School Nurses ...	...	...	„ 7 or
			„ 5 a month

When School Doctors are asked to work outside their jurisdiction, they may get their travelling allowances at the prescribed rates.

APPENDIX A.

.....School

Register of sickly children who attended for treatment the.....Dispensary during the quarter ending..... .....19 .

Serial No.	Name of child	Father's name	Age of child	Class in which the child is reading	Nature of ailment	Dates of child's attendance at the dispensary to be treated by the Medical Officer with his initials	Date of discharge and initials of Medical Officer	Result of treatment to be entered by the Medical Officer	Remarks

APPENDIX B.

Schedule for Medical Examinations of Schools.

(1) Site and surroundings; soil and subsoil; distance from other buildings, busy roads, railways, factories emitting dust, smoke, etc., places where offensive trades are carried on, markets, sites for weekly fares, etc.

(2) Buildings; general plan; condition of floors, walls and ceilings; provision for urinals, latrines, playgrounds, etc.

(3) Provision for supplying drinking water to the children during school hours.

(4) Drainage.

(5) Lighting, relative position of scholars' and teachers' desks; position of the blackboard; kind of desk, seat and back; space between desks; maps, diagrams, etc., as regards their visual clearness.

(6) Cleanliness of school rooms; arrangements made to prevent accumulation of dust; provision of school waste paper basket.

No. 5220-68—Edn. 164-14-2, dated 24th March 1916.

Initials of Examiner.

Notes for School Doctors.

Reference No

3 and 4. When there is a great discrepancy between the height and weight of a boy, the School Doctor will make a more minute examination of that boy later on. He should also be examined periodically during the term.

6. The Doctor will note whether clothing is sufficient and clean, or otherwise.

7. The Doctor will note any deviation from the normal. In case of defective nutrition the cause must be sought, *e.g.*, chronic disease, influence of home conditions, amount and nature of food or sleep, excessive work out of school hours or any bad habits of the child. If the child shows evidence of parental neglect, a visit to the child's house is to be made and parents persuaded to pay more attention to the child.

8. The Doctor will note the general condition and cleanliness of the skin and particularly of the scalp; the presence of ringworm, scabies, etc.

No. 5220-68—Edn. 164-14-2, dated 24th March 1916.

Reference No.

9. Any evidence of strain on the heart or of rheumatic heart disease will be noted.
10. Under this head is noted any evidence of incipient tuberculosis, measurement of the chest at nipple line during deep inspiration and expiration
11. Under this head are noted any dental defects pertaining both to the temporary and permanent teeth, *e.g.*, caries inflamation of the gums, pus coming out of the roots of teeth, general cleanliness of teeth, offensive smell from the mouth, etc.
12. Condition of the tonsils, any adenoids, chronic nasal discharge, mouth breathing, etc., will be noted.
13. Any signs of enlargement will be noted.
14. Chronic aural discharge, signs of deafness, collection of wax in the ears, etc., will be noted.
15. Under this head will be noted external eye diseases, *e.g.*, blepharities, conjunctivities, inflammatory conditions of the cornea, etc., errors of refraction, *e.g.*, kind and degree of myopia will receive attention, the children being tested by Snellen's test letters; the Doctor will also see if there is any squint, etc.
16. Under this head the Inspector will note any evidence of the following :— Chorea, habit spasm, over-pressure leading to over-fatigue, headache, loss of sleep, bad temper, defects of articulation, lisping, stammering, etc.
17. The mental condition will be classified as (1) bright, (2) fair, (3) dull, (4) backward. Any mentally defective or imbecile children should not be allowed in ordinary schools.
18. Any enlargement of spleen or liver should be noted.
20. Under this head should be noted any recommendations for reduction of mental work or of physical exercise or any particular form of exercise suitable for the boy.

The school teachers should be examined medically. Any sign of tuberculosis in a teacher renders him unfit for his profession. Neurasthenia, migraine, loss of voice, laryngitis and dyspepsia from which teachers usually suffer, should be properly treated.

(3)

Letter No. 3243, dated 13th January 1915, from the Sanitary Commissioner with the Government of Mysore, to the Inspector-General of Education in Mysore.

With reference to your letter No. 9016—1415, dated the 26th November 1914, on the subject of the medical inspection of school children, I have the honor to state that Mr. Ramaswamaiya, in his note admirably sums up the methods of school inspection and its objects. The system is, I take it, designed to give a fairly complete view of the physical and mental condition of the children in so far as that affects their capacity for being educated. The ultimate aim and responsibilities, however, of Government or of the local social organisation, if such could be called into being, do not seem to be sufficiently exhaustively dealt with in the note.

2. It may be taken as a recognised fact that many children in school have some defect or another which seriously handicaps them and very often neither child, parent nor teacher suspects anything wrong until the doctor discovers it. In the course of routine inspection, defects and ailments of varied nature and magnitude are revealed. There may be found blind and deaf children, children who are crippled by paralysis or by Tuberculosis, children who are mentally deficient or are epileptic, who have seriously diseased heart and lungs or are suffering from disablements, such as spinal curvature, enlarged tonsils, etc. Now all these very seriously defective children should be adjudged unfit for ordinary schools. Should special schools be opened for the education of particular groups of children, taking account of their circumstances? Have the tuberculous, for instance, to have their own open air-schools or are they to be allowed to attend the ordinary schools to constitute a source of grave danger to the health of other children? Again, among remediable defects those of eye, ear, nose, throat, teeth, etc., are so numerous that the existing means of treatments in the local dispensaries are inadequate. How is it proposed to deal with such cases? It appears to me that in any comprehensive programme for the medical inspection of schools and school children, all these facts should be taken into account and duly provided for, as far as possible.

3. As regards the forms, etc., prescribed, I have one or two suggestions to make. Form C instead of being in counterfoil may be printed on stout card-board and preserved in the school as a permanent record for future reference, and for use at the next routine inspection. Each child inspected should have its own card.

It is laid down in the note that the examination of each child need not as a rule occupy more than a few minutes. I do not agree in this. If inspection is to be efficiently carried out not more than 20 or 30 children can be examined on any one day. It would be well if the teacher makes out beforehand a list of some 30 children and presents them before the Medical Officer on the appointed date. The remaining children should similarly be arranged in batches till the inspection of all the children in the school is completed.

4. In view of the fact that the discovery of defects or ailments in children has invariably to be followed up by a course of regular treatment in the Hospital, I do not think it would be conducive to efficiency to appoint an itinerant school Sub-Assistant Surgeon for each district. The local Sub-Assistant Surgeon may, in my opinion, continue to inspect the children in the school and subsequently treat them at the dispensary. As this arrangement necessarily involves heavy work and added responsibilities, suitable allowances on the scale

suggested on page 14 of the note might be given. I, however, note below the cost of entertaining a School Sub-Assistant Surgeon as proposed :—

	Rs.
1. Pay ...	... 50 plus 15 per mensem
2. Peon ...	... 7 per mensem
3. Contingencies ...	... 100 per annum
4. Travelling allowances	... 300 per annum

The Sub-Assistant Surgeon, if one is appointed, should be a man of experience and therefore of the rank of at least the 2nd grade.

(4)

Letter No. 13720-1—2246, dated 10th February 1915, from the Inspector-General of Education in Mysore, to the Senior Surgeon with the Government of Mysore.

With reference to your letter No. 3243, dated 13th January 1915, I have the honor to state that as a preliminary to the development of the scheme outlined by Mr. Ramaswamaiya, a first attempt at examining all the pupils attending the educational institutions at District Headquarters may be made in the early part of July next. It is also necessary that a series of lectures on health should be delivered to the teachers under training in the Normal Institutions at Mysore, Kolar, Tumkur and Shimoga. I find that the Government of Madras have already arranged for the medical examination of children in the schools situated within the Municipal limits of Madras. It may be presumed that the examination at each place may last for about twenty days and if you can spare the services of the required number of Medical Officers for the period, I shall address Government to sanction a sum of Rs. 1,000 for giving such remuneration to each Medical Officer as you may fix and for the tabulation of the results. In the light of these results, the scheme for the future may be elaborated.

Regarding the Health Lectures, I beg to know if arrangement can be made and what remuneration has to be offered at each of the four places Mysore, Shimoga, Tumkur and Kolar.

(5)

Letter No. 4024, dated 1st March 1915, from the Sanitary Commissioner with the Government of Mysore, to the Inspector-General of Education in Mysore.

In acknowledging receipt of your letter No. 13720-1—2246, dated the 10th ultimo, I have the honour to request you to be so good as to let me know the approximate number of pupils attending the Educational Institutions at each of the District Headquarters and the standard of educational qualifications prescribed for the teachers undergoing training in the Normal Institutions.

(6)

Letter No. 15800—2634, dated 22nd March 1915, from the Inspector-General of Education in Mysore, to the Sanitary Commissioner with the Government of Mysore

With reference to your letter No. 4024, dated the 1st March 1915, I have the honour to give below the approximate number of pupils attending the Educational Institutions at each of the District Headquarters. The standard of educational qualifications prescribed for teachers undergoing training in the District Normal Schools at Kolar, Shimoga and Tumkur is the Kannada Lower Secondary Examination, while in the Mysore Training College, the standard ranges from the Kannada Lower Secondary to the B.A. Degree :—

Station	Number of boys	Number of girls	Total
Bangalore City	6,616	2,895	9,511
Mysore City	6,205	1,809	8,014
Kolar	1,384	441	1,825
Tumkur	1,724	802	2,526
Hassan	735	522	1,257
Chikmagalur	821	310	1,131
Shimoga	1,000	393	1,393
Chitaldrug	909	206	1,115
Total ...	19,394	7,378	26,772

No. 5220-68—Edn. 164-14-2, dated 24th March 1916.

(7)

Letter No. 4735, dated 12th April 1915, from the Sanitary Commissioner with the Government of Mysore, to the Inspector-General of Education in Mysore.

With reference to your letter No. 15800—2634, dated the 22nd ultimo, I have the honour to state that in places where there are Health Officers or District Sanitary Officers, the medical examination of pupils will be conducted by them and where there are no such officers the District Medical and Sanitary Officer will be entrusted with the work. In the case of the Bangalore and Mysore Cities the Health Officers will be assisted in the work by the Medical Officers in charge of the Dispensaries in the various Municipal Divisions The Medical Examination of school girls is best undertaken by the local Lady Medical Officers. As regards remuneration I note that you propose to allot a sum of Rs. 1,000 for the Medical Examination of pupils, for the tabulation of the results and for the health lectures to be delivered to candidates in the Normal Schools. If the whole amount be utilised exclusively for the first of the three items, the average fee per boy or girl examined would work out at 7 1 pies. I am afraid this sum is much too inadequate and would propose the payment of at least one anna for each case examined For tabulation, a small clerical staff will have to be entertained temporarily and attached to your office. I presume that all the necessary registers and forms will be made available by your department.

2. In regard to the testing of the eyes and vision of pupils, I apprehend some practical difficulty It is likely that the inspection will reveal numerous cases which either for preliminary testing or for confirmation of result may have to be sent to the Minto Ophthalmic Hospital at Bangalore. Provision will have to be made for the cost of such secondary testing including the travelling expenses of pupils.

3 The course in hygiene for the teachers under training in the Normal Schools may consist of a series of fifteen lectures arranged under the following heads:— the human body, air, food, water, epidemic diseases and how to prevent them and modern sanitary methods in general. The District Medical Officer or during his absence, the Senior Medical Officer under him will deliver the lectures. I propose paying a remuneration of Rs. 5 per lecture.

No. 4362-410—A. & I. 182-15-1, DATED 6TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 4362-410—A. & I. 182-15-1, dated 6th March 1916.

With a view to afford facilities to Government servants acquiring or holding shares in joint stock or other companies formed for profit, the following instructions are laid down in modification of paragraph 8 of Rules of Conduct of Public Servants issued with Government Order No. G. 765-816—G. M. 392-14-2, dated the 19th July 1915.

1. Government servants may hold or acquire shares in a joint stock or other registered or incorporated company, including a mining or agricultural company, which has for its object the development of the resources of the country, subject to the proviso that they should not actively take part in the management of the company.

2. In the case of companies whose operations are confined to any local area, such as a taluk or a district, all officers employed within that area and drawing a monthly salary of Rs. 100 and upwards shall not take shares in such company without the sanction of Government. Such sanction may be accorded by the Head of the Department concerned to officers below the grade of Assistant Commissioners.

P. G. D'SOUZA,
Offg. Secy. to Govt., Depts. of Edn. & Agri.

To—The Heads of Departments.
The Deputy Commissioners of Districts.
The Secretary, Economic Conference.

No. 4632-80—A. & I. 82-15-6, DATED 14TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Co-operative Societies in the State for the year 1914-15, received with the Registrar's letter No. 2253. A., dated the 14th November 1915.

Order No. 4632-80—A. & I. 82-15-6, dated 14th March 1916.

1. *The Staff.*—With a view to cope with the increased work which has devolved on the department, due to the progress of the co-operative movement within the State, the staff under the control of the Registrar was increased from 15 Inspectors and 11 clerks in the previous year to 23 Inspectors and 18 clerks during the year under review. Under the new arrangement each Inspector has been given a definite charge usually consisting of 30 to 40 societies situated in two or three adjacent taluks. The Registrar was also empowered to appoint one Inspector for every 30 societies registered over and above 530 societies (the total number existing at the end of June 1914) and a clerk for every 60 such societies.

2. *General Progress.*—During the year, 224 new societies were registered and 29 wound up (as against 211 and 24 respectively during the previous year). The total number of societies at the end of the year was 725, of which 75 had not started work. Of these, 683 were credit societies, 38 purchase, sale and productive societies and 4 of other classes. Of societies with limited liability 17 were central, 39 agricultural and 85 non-agricultural, while of the societies with unlimited liability only 42 were non-agricultural.

There was an increase of 18 per cent in the total number of members and 43 per cent in the working capital.

The total amount of deposits during the year increased from Rs. 8,78,612 to Rs. 14,52,247, *i.e.*, by five lakhs and seventy-five thousand rupees.

3. *Total Transactions.*—The gross transactions of all the societies amounted to Rs. 1,31,13,546 representing an increase of 34 lakhs and seventy-five thousand rupees over those of the previous year. The net profits rose from Rs. 1,18,604 to Rs. 1,61,521. These figures indicate that the normal rate of progress was kept up fully during the year.

Loans.—The total amount of loans granted by the societies was Rs. 41,15,262, *i.e.*, about Rs. 9½ lakhs more than in the previous year. Of these loans, a little over half, *viz.* Rs. 24,10,819 were granted for productive purposes and less than one-third, *viz.*, Rs. 9,29,357 were given on personal security.

5. *The Spread of Co-operative Movement.*—The spread of the movement in the various districts may be gauged from the following comparative table :—

District	Population according to the census of 1911	Total number of societies	Total working capital available
			Rs.
1. Bangalore	8,48,173	136	11,70,365
2. Tumkur	7,35,346	134	5,33,267
3 Mysore	13,42,071	93	4,51,930
4. Kolar	7,80,153	72	3,57,772
5. Hassan	5,80,200	94	1,14,775 (share capital)
6. Kadur	3,38,457	32	94,228
7. Chitaldrug	5,64,243	64	89,533
8. Shimoga	5,16,716	96	64,577

There is much scope for the consolidation of existing societies in all the districts, but special measures are needed both in the way of increasing the number of societies and in improving their working in the Mysore, Shimoga and Chitaldrug Districts. It is hoped that these districts will receive special attention from the Registrar and his staff till the movement is placed on a proper basis. A beginning is reported to have been made in the direction of helping the indebted malnad raiyat and that with the assistance of the revenue officers 85 societies have already been started with 4,745 members and a working capital of Rs. 1,13,238.

6. *Special Features.*— Although credit and banking still continue to be the chief forms of co-operation within the State, there are signs that the movement is gradually spreading to other forms of enterprise as evidenced by the following organisations:—

(1) Lift Irrigation Co-operative Society at Yelladabagi.
(2) Two societies at Sorab and Sagar for helping sandalwood carvers.
(3) Two societies at Bannur and Maddur for rice-hulling and manufacture of jaggory.
(4) The Co-operative Lacquer Ware Factory at Channapatna, and
(5) Several Weavers' Co-operative Societies.

The two societies started last year for the amelioration of the Municipal employees in the Bangalore City were amalgamated into one. The number of members is 273 and the society is reported to be working satisfactorily.

With a view to help the weavers at Bangalore, who had great difficulty in securing yarn and other materials after the outbreak of the War, the Weavers' Co-operative Society in the Bangalore City obtained a cash credit of Rs. 25,000 from the Mysore Bank and purchased from its members cloths worth Rs. 33,000, selling them subsequently at a profit. These measures were of great help to the weavers at a critical stage of the industry in the City. The Co-operative Societies at Magadi, Mulbagal, Kunigal, Honnali and Kadur encouraged deposits by school children, and at the end of the year under review there were 931 minor depositors' accounts with a total deposit of Rs. 2,569 at their credit.

7. *Stores, Productive and other Societies.*—The number of stores societies increased from 14 to 15 and the members from 2,909 to 3,325. These institutions are reported to have purchased and sold stores of the value of about Rs. 1½ lakhs. The Registrar points out that the comparative failure of the societies to increase their transactions to a satisfactory extent is due to the difficulty of inducing men of business habits and integrity to undertake the management of such institutions. Government will be glad if the Registrar would take one or two such societies in hand himself and distribute the others among the Assistant and the Inspectors of the Department and make a special effort during the year to guide them on proper lines. The progress made in printing leaflets of hints and suggestions to members of such societies as suggested in the last year's review should be reported.

The number of Productive Societies, which at present consist chiefly of Weavers' Societies, increased from 16 to 19 and their membership from 800 to 950 in the year. They had a working capital of about Rs. 36,700 and purchased and disposed of goods of the value of about Rs. 1½ lakhs.

The work of the Building Co-operative Society, Bangalore City, was limited to the issue of 26 loans to the extent of Rs. 7,760; the total value of loans outstanding being Rs. 17,399.

Government are of opinion that both the Productive Societies and Building Societies referred to above have scope for much useful work within the State and until their usefulness is fully realised it behoves the Registrar to select a few societies and render help to them so that they may be worked as models.

8. *Reserve Funds and Resources.*— The reserve funds of the societies increased by about forty thousand four hundred rupees or from Rs. 56,239 to Rs. 96,669.

A loan of Rs. 500 was granted to one Weavers' Co-operative Society out of the sum of Rs. 2,000 placed at the Registrar's disposal by His Highness the Maharaja for financing rural Co-operative Societies. Out of this fund, a sum of Rs. 1,210 was outstanding at the end of the year.

No. 4632-80—A. & I. 82-15-6, dated 14th March 1916.

A loan of Rs. 7,200 was granted, out of the Rs. 15,000 set apart by Government for financing backward societies.

9. *Litigation.*—Twenty-six suits were pending at the beginning of the year and 225 were filed during the year. Of these, 61 were decreed, 70 were struck off or withdrawn, 100 were referred to arbitration and 20 were pending at the close of the year.

The increase in the number of suits and the difficulty in getting them settled by arbitration, stated to be due to proper men not coming forward in the villages to serve as arbitrators, are not satisfactory features in the movement and the Registrar should make special endeavours to discourage recourse to litigation and arrange to have the suits settled as far as possible by arbitration.

10. *Audit and Inspection.*—The accounts of 454 societies were thoroughly audited by the Departmental Staff and those of 160 were test audited; 372 societies were inspected more than once and 288 once during the year by the officers of the department.

Six of the Federal Banking Unions inspected 42 societies and audited the accounts of 50 societies affiliated to them.

11. *The Mysore Co-operative Societies Regulation and the Rules framed thereunder.*—The rules for the grant of loans to Co-operative Societies by Government were modified during the year. The question of amending the Regulation is under consideration.

12. *Miscellaneous.*—One Provincial Co-operative Conference, 2 District and 17 Taluk Conferences were held during the year.

The Committee appointed by the Government of India to investigate the condition of Co-operative Institutions in India visited Bangalore at the invitation of this Government and inspected a few societies.

Forty-three Village Improvement Committees were visited by Co-operative Inspectors and lectures were delivered on co-operation, sanitation and education and other subjects bearing on the improvement of villages.

The report should in future contain full information about the total number of Honorary Supervisors and Organisers employed during the year, the work done and the allowances drawn by them.

13. In conclusion Government are pleased to observe that, though much remains to be done in consolidating the societies already started, in improving the system of financing them and creating a proper co-operative spirit among the classes for whose benefit the movement is intended, there has been no lack of earnestness or vigour on the part of the Registrar or his staff in discharging their duties and that the department has been managed with great efficiency.

No. 4421-7 – A. & I. 134-15-2, DATED 6TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ –

Letter No 1343, dated 17th December 1915, from the Secretary, Economic Conference, submitting a recommendation of the Industries and Commerce Committee in regard to the grant of certain concessions to a private Syndicate proposed to be formed for starting a Tile Factory at Tumkur

Order No. 4421-7 A. & I. 134-15-2, dated 6th March 1916.

The concessions prayed for on behalf of the Syndicate are—

(1) the supply of fuel from the Devarayadurga Forest at three annas per cart load.

(2) the grant of six acres and ten guntas of Government waste land, bearing Survey No. 268, in the Tumkur village for the purpose of erecting Factory buildings, etc.,

(3) the supply at half the existing rates of 250 cubic feet of casuarina poles, 600 large bamboos, 1,500 small bamboos and 25 cart loads of thatching grass, and

(4) permission to quarry clay free of charge from the Waddarahalli tank.

2. The Industries and Commerce Committee recommend the grant of all the concessions, except the first, and suggest that, instead of the supply of fuel at half the seigniorage rates, the approximate money value of the proposed concession may be paid for a period of three years in the form of a subsidy. The Conservator of Forests is of the same opinion, and he and the Revenue Commissioner agree to the grant of the other concessions.

3. Government are accordingly pleased to sanction the grant to the Syndicate of the concessions recommended by the Industries and Commerce Committee. The casuarina poles, the bamboos and the thatching grass will be removed from such locality as may be selected by the District Forest Officer, Tumkur. A subsidy will be paid for a period of three years at the rate of twelve annas for every 1,000 tiles manufactured by the Syndicate, the cost being met from the budget of the Industries and Commerce Department. This will be approximately equivalent to the money value of half the seigniorage on the quantity of fuel required.

4. These concessions will be subject to the following conditions :—

(*a*) that the Syndicate keeps regular accounts of its transactions and makes such accounts available for inspection by the Deputy Commissioner, Tumkur District, or such other officer as may be deputed by him for the purpose,

(*b*) that, if the net profits of the Syndicate exceed 9 per cent in any year, the value of the concessions granted in that year should be reduced by the excess of the profits over 9 per cent of the capital.

(*c*) that, if at the end of three years the business is not continued, the lands granted for the erection of the Factory buildings should revert to Government, the buildings, etc., put up thereon being either taken over by Government on a fair valuation or being allowed to be demolished and materials removed by the Syndicate at the option of Government; and

(*d*) that, in case the Syndicate decides to go on with the business after three years, a fair upset value not exceeding Rs. 50 per acre should be recovered from the syndicate for the land which would be made over to them free of assessment.

5. These concessions will be in force only if the Factory is properly organised and worked. A half-yearly report on the working of the Factory and how far the concessions sanctioned have been utilised should be submitted to Government by the Deputy Commissioner and President of the District Committee, Tumkur, through the Industries and Commerce Committee.

Travelling Allowances to Inspectors of Co-operative Societies.

No. 4850-1—A. & I. 83-14-41, DATED 17TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ --

Government Order No. Fl. 5333-4—B. 23-10-2, dated the 27th April 1911, prescribing the marginally noted rates of travelling allowances to the Inspectors of Co-operative Societies.

Mileage—4 annas per mile
Daily allowance—1 Re. per day.
Railway fare—Double 2nd class.

2. Para 4 of Government Order No. 4001-2—A. & I. 83-14-19, dated the 15th April 1915, directing that the Inspectors of Co-operative Societies should not any longer be treated as Provincial officers for purposes of mileage for marches of less than 20 miles.

3. Letter No. 70, dated the 7—9th July 1915, from the Registrar of Co-operative Societies, stating that much hardship is being caused by the Government Order of the 15th April 1915 read above, and recommending that either the Inspectors' daily allowance may be enhanced from Re. 1 to Rs. 2, or they be allowed actual cart-hire at a rate not exceeding 2½ annas per mile in addition to the daily allowance now obtaining.

Order No. 4850-1—A. & I. 83-14-41, dated 17th March 1916.

After a careful consideration of the question, Government are satisfied that for the efficient working of the Department some concessions should be shown to these officers in the matter of their travelling allowances. Government are therefore pleased to direct that when the Inspectors travel less than 20 miles but more than 10 miles, they be allowed mileage at 2 annas a mile, in addition to their present daily allowance of Re. 1.

GENERAL AND REVENUE DEPARTMENTS.

Read—

1. Paragraph 7 of Government Order No. 6695-743—Agri. 107-12-13, dated 24th February 1914, requesting the Inspector-General of Education to co-operate with the Director of Agriculture in formulating a scheme for imparting agricultural education in rural schools

2. Government Order No R. 7567-614—Agri. 143-12-7, dated 26th March 1914, requesting the Director of Agriculture and the Inspector-General of Education in Mysore to submit proposals for the improvement of rural agricultural education in the State

3. Letters Nos. 741 and 742, dated 14th September 1915, from the Secretary, Education Committee, submitting proposals of the Committee in the matter.

4 Correspondence ending with letter No. 6728-810, dated 4th October 1915, from the Inspector-General of Education, submitting his proposals.

Printed as enclosures

Order No. 5065-79—Agri. 130-13-6, dated 22nd March 1916.

Government are pleased to approve generally of the proposals submitted by the Inspector-General of Education (most of which are concurred in by the Education Committee of the Economic Conference) and to sanction the following items:—

(*a*) The selection of 15 or 20 rural schools in villages centrally situated, by the Inspector-General of Education in consultation with the Deputy Commissioners of Districts and the Director of Agriculture for the introduction of agricultural Education.

(*b*) The appointment of 15 or 20 trained masters now available to be in charge of these schools.

(*c*) The curriculum of instruction will follow the lines of the syllabus drawn up by Doctor Coleman. (The pupils attending these schools should have passed the 3rd standard (vernacular).

(*d*) An expenditure of a sum of Rs. 100 for equipment of each school by the Inspector-General of Education.

(*e*) An expenditure of a sum of Rs. 20 by the Inspector-General of Education for each school for annual up-keep.

(*f*) A bonus of Rs. 20 to 50 for each teacher annually, on satisfactory work being shown (according to the recommendation of the Agriculture Department).

(*g*) A lump grant of Rs. 1,500 for purchasing lands in villages where no Government waste lands can be conveniently provided or where the leading citizens could not be persuaded to set apart a portion of their own lands for experimental work.

The purchase will be made by the Education officers with the help of the local Amildars.

II. The total cost of the scheme for the first year will be about Rs. 4,050 of which Rs. 3,000 will be for non-recurring expenditure and Rs. 1,050 recurring expenditure. It will be met by reappropriation from the budget of the Education Department for 1915-16. During the next year separate provision will be made in the budget under this head

No. 5065-79—AGRI. 130-13-6, DATED 22ND MARCH 1916.

III. The Chief Engineer is requested to draw up a plan and an estimate for the additional quarters required at the Hebbal Farm in consultation with the Director of Agriculture and the Inspector-General of Education. Pending the construction of additional quarters, the present arrangements for training the teachers may continue as sugested by the Inspector-General of Education.

IV. The cost of the scheme should be minimised as far as possible, by stimulating local aid to supply lands, implements, seeds and manure.

V. The Director of Agriculture is requested to keep himself in close touch with the work of the schools and to render them freely all possible aid from his Department.

VI. Government expect the Agricultural Committees, the District Committees and local Revenue Officers to co-operate with the Education Department in making the scheme a success.

VII. All receipts from lands attached to the school should be separately shown and credited to Government.

VIII. A report on the commencement and progress of the scheme should be submitted to Government by the Inspector-General of Education for the official year ending 30th June 1916, before the 1st September 1916.

Letter No. 6728-310, Enc. 7, dated 4th October 1915, from Rao Bahadur M. Shama Rao, Esq., M. A., Inspector-General of Education in Mysore, to P. G. D'Souza, Esq., B. A., B. L., Officiating Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture, Bangalore.

Inspector-General's letter No. 11475—1745, dated 4th March 1914.
Dr. Coleman's letter No 2436, dated 12th March 1914.
Do. No. 2674, dated 31st March 1914
Inspector-Generals letter No. 13631—2231, dated 9th February 1915.
Dr Coleman's letter No. 4267, dated 18th February 1915.
Do. No. 5385, dated 23rd April 1915.

With reference to para 7 of Government Order No. 6695-743—Agri. 107-12-13, dated 24th February 1914, regarding rural Agricultural Education, I have the honor to forward herewith copies of correspondence between Doctor Coleman, Director of Agriculture, and myself. In his Memo dated 31st March 1914, copy of which is enclosed, Doctor Coleman gives an outline of a scheme indicating the lines on which the Education and the Agricultural Departments can co-operate with each other for the advancement of agricultural instruction. I take it for granted that higher Agricultural Edudation is to be, as in British India, entirely under the direction and control of the Agricultural Department and the co-operation of the Education Department is to be limited to imparting elementary agricultural instruction in rural schools and to demonstrate its advantages in simple ways. To achieve the objects, Doctor Coleman proposes firstly that there should be a group of rural schools imparting Agricultural Education, from 5 to 10 in number to start with to be supervised by a Supervisor of the Agriculture Department, the instruction and demonstration being left to the masters of the schools; and secondly that the masters (24 in number) now undergoing annually training in Agricultural and Veterinary should be transferred to the Agricultural school at Hebbal and that they should receive Agricultural training there, where the conditions for such instruction are more favourable and more efficient than at Mysore.

I agree with these views of Dr. Coleman generally and beg to state that as far as the opening of Agricultural classes in selected rural schools is concerned, it is possible to make arrangements at once. Under the scheme for Agricultural and Veterinary Training of school masters sanctioned in Government Order No. 7086-7—Edn. 251-12-2, dated 5th March 1913, in April last, a first batch of 21 teachers completed their training and these are fairly competent to impart instruction in the principles of Agriculture such as the nature of different soils, irrigation and drainage, ploughing, sowing, manures, agricultural implements, domestic animals, etc., and all these teachers have a fairly good knowledge of Veterinary also. I think as an initial step for the first year, 15 rural schools in villages centrally situated may be selected by the Inspector-General in consultation with the Deputy Commissioners of Districts and the Director of Agriculture and that 15 trained masters now available may be placed in charge of them. The curriculum of instruction may be generally on the lines of the syllabus of the Elementary Course in Agriculture given on pages 69 to 71 of Dr. Coleman's Report on Agricultural Education as stated by him. (Extract appended.) For this purpose a plot of land about an acre in extent will be necessary for each school and this can only be arranged after the Government approve of the scheme in general. For equipment a sum of about Rs. 100 for each school will be needed, the following appliances being necessary as given in Dr. Coleman's official letter No. 5385, dated 23rd April 1915, addressed to me, copy of which is enclosed.

	Rs.
One plough with extra shares	20
Hand implements such as gudalies, mamutics, rakes, etc. ...	15
Small pots for raising seedlings	5
Jars for studying insect life	5
One hand lens for use of teachers	6
Insect cabinets	10
Miscellaneous glass ware for simple experiments	14
Seeds, manures, etc.	20
Total ...	95
or roughly ...	100

The required seeds and manures can be obtained free from either the Agricultural Department or from the people of the village. A sum of Rs. 20 will also be needed for each school for annual upkeep. Thus for the first year the total cost will be for 15 schools, 15 × 100 or Rs. 1,500 for equipment (non-recurring) and Rs. 15 × 20 or Rs. 300 for maintenance annually (recurring). A bonus of Rs. 50 for each teacher or Rs. 50 × 15 or Rs. 750 annually will also be needed. It may also become necessary to purchase lands in villages where no Government waste lands can be conveniently provided. A lump sum of Rs. 1,500

No. 5065-79—Agri. 130-13-6, dated 22nd March 1916.

may be needed to make such purchases Thus the aggregate cost for the first year may be taken to amount to Rs. 4,050, of which Rs. 3,000 will be non-recurring and Rs. 1,050 per year will be recurring. With regard to the provision to be made as required in para 7 of the Government Order under reply for teaching some of the rural industries auxiliary to agriculture such as carpentry, smithy, etc., the scheme of Practical Instruction sanctioned in Government Order No. 3440-9— Edn. 224-09-23, dated 9th September 1913, and now being introduced in selected schools will provide for their teaching and no extra cost will be needed in this connection, at any rate for the present.

The question of providing Supervisors from the Agricultural Department will, as stated by Dr. Coleman in his Memorandum, be a difficult one. But as he thinks that there will be no difficulty to find one or two at once, it should be easy for the Agricultural Department to arrange for the supervision of the Agricultural Classes to be started in 15 selected schools

As regards the second point that of training teachers in the Hebbal Farm, I do not think that there will be any difficulty to transfer the teachers from Mysore to Bangalore. Dr. Coleman however states (*vide* copy of his D. O. No. 504, dated 23rd August 1915 attached) that there is no accommodation at Hebbal for the boarding and lodging of masters and that quarters will have to be erected for them. Till quarters are provided, I believe the existing arrangement at Mysore will have to continue. When quarters are ready, masters may undergo Agricultural Training in the Hebbal Farm for about eight months in the year and for the remaining four months, mostly in the hot season when no Agricultural operations worth speaking of go on, the masters may undergo Veterinary training in the Veterinary Hospital at Bangalore, having their lodging and boarding in the Hostel attached to the Government Normal School in the Fort.

If Government are pleased to agree with these views, orders may kindly be issued at once for the erection of quarters at the Hebbal Farm for 20 masters of the Education Department and sanction may also be accorded to the opening of Agricultural classes in connection with 15 selected rural schools as proposed.

Letter No. 11475—1745, dated 4th March 1915, from the Inspector-General of Education, to the Director of Agriculture in Mysore

With reference to para 7 of Government Order No. R. 6695-743—Agri. 107-12-13, dated 24th February 1914, sanctioning the reorganization of the Department of Agriculture in Mysore, I have the honour to request that you will be so good as to let me know on what lines you need the co-operation of this Department.

Letter No. 2436, dated 12th March 1914, from the Director of Agriculture, to the Inspector-General of Education.

With reference to your letter No. 11475—1745 of the 4th instant, I have the honour to suggest that before any proposals are made, it would be advisable to have a meeting to discuss the matters referred to. I have the honour to request you, therefore, to inform me when it would be convenient for you to have me call at your office for a discussion of questions related to Agricultural Education in Rural Schools.

D. O. Letter No. 2674, dated 31st March 1914, from the Director of Agriculture in Mysore, to the Inspector-General of Education in Mysore.

With reference to our conversation on the subject of Elementary Science instruction in Rural Schools, I send herewith a memo containing my views on the subject.

MEMORANDUM ON ELEMENTARY SCIENCE INSTRUCTION IN RURAL SCHOOLS.

(By Dr. Coleman.)

1. The general plan which I believe should be adopted has been given in my Report on Agricultural Education, pages 57 and 58. It consists essentially of a system of co-operation between the Educational and Agricultural Departments, in which the Agricultural Department supplies supervising officers who will each be able to supervise the work in, say from 5 to 10 schools. After the work has got well under way, the number of schools visited by one supervisor may probably be greatly increased.

The question of supervision will, in my opinion, be the great difficulty in carrying out such a scheme successfully. It will be a matter of the greatest difficulty to get supervisors of the proper stamp and if we cannot obtain good men for the work, I fear we shall not be able to make the scheme a success. Government has sanctioned the appointment of twelve agricultural supervisors and I am at present looking out for men. I may possibly be able to get

one or two this year, but hardly expect to get more, until we can succeed in training up men for the work.

2. *Training of teachers.*—I am informed that at present teachers are being trained in Agriculture and Veterinary Science at the State Normal School in Mysore and that the instruction in these subjects extends over about one year. If the arrangement is feasible, from the stand point of the other subjects in which these teachers receive training, it would be much better to have them undergo six or eight months training in the Agricultural School, Bangalore. The instruction in Veterinary Science could also be given much more efficiently here than in Mysore. I would suggest that a class of from ten to twenty teachers be sent to Bangalore each year for training and that they be housed on the farm in quarters erected for the purpose. They could then be brought in to Bangalore for Veterinary instruction and any laboratory work that might be necessary. The facilities for agricultural training are much better in the Agricultural School than they can ever hope to be in Mysore. Instruction should of course be given in the vernacular as at present.

3. *Character of the training.*—The training should be on the general lines laid down in Appendix C, page 69 of my Report on Agricultural Education, copy of which is sent herewith. In addition a small amount of instruction on "Insect and other animal life" might also be given. The course as given in the report would have to be greatly modified to suit Mysore conditions, but the general plan is, I think, an exceedingly good one.

4. *Work in the schools.*—Two types of classes might be tried, (*a*) classes of instruction in the two highest forms of the regular course and (*b*) continuation classes for those who have already completed the regular school course.

No general course can be laid down that would be applicable to the whole State, as the teaching must vary with the local conditions. The instructions for carrying out the work in classes under (*a*) should be prepared by the Agricultural Department in the form of loose sheets which should be handed over to the teachers by the supervising officers. These sheets should of course first be submitted to the Educational Department for approval and suggestions as to alterations. Later on, if the work proves a success, a regular hand book of instructions could be prepared for the guidance of teachers, but this should not be done for several years till we can see some of the results of the experiment.

In the continuation classes, the instruction should be more practical in nature and might for a time at least be given by the Supervisors themselves. It should include such subjects as farm accounts, mensuration, etc., in addition to the more strictly agricultural instruction. In this latter, I would have the instruction confined to the chief crops of the neighbourhood, the use of improved implements, improvements in cultivation and manuring, etc.

5. *Facilities required.*—In the first place a small plot of ground for carrying on the practical work of common crops, and suitable vegetables and fruits should be provided. Also, a few hand tools and possibly an improved plough and cultivator should be supplied. In addition some boxes, bottles, etc., for the conducting of a few simple experiments on germination, etc., should be provided. In the case of continuation classes an attempt might be made to persuade parents to set apart a small amount of land on their holdings for practical work with improved varieties of crops, improved cultivating implements on the part of their sons.

6. *Correlation of studies in rural schools.*—There is, I believe, a Committee of the Educational Department considering the question of improving the text books for rural schools with special reference to the environment of the pupils. I believe that the Agricultural Department could be of considerable assistance in the preparation of such text books and would suggest that an officer of the Agricultural Department be included on the Committee.

7. *School plots.*—These are absolutely essential and work should not be begun in any school where a suitable plot of ground is not available. One of the first items of work for the supervisors should be to select suitable plots. Where the school itself has no suitable land about it, it should be possible to get a plot of land not too far from the school where the work could be carried on. I believe that if influential villagers are approached in the right way, it should be possible to induce them to put an acre or so of land at the disposal of the school for the purpose.

Bonuses to teachers and schools.—Where special work such as this is undertaken by teachers, I think it is but fair that they should receive some special remuneration or inducement to keep them at it. In Ontario, Canada, where this work has already reached considerable proportions, a teacher who has undergone training in agriculture and who carries on the work for one year to the satisfaction of the supervising officer receives a bonus of approximately one month's pay as reward. The school in which such work is carried on receives a similar bonus. In the case of the school, this bonus must be utilized for work in connection

No. 5065-72—Agri. 130-13-6, dated 22nd March 1916.

with Agricultural Education either in the purchase of books or implements or something of more or less permanent character. This scheme appears to me to be an excellent one and I do not see how any particular enthusiasm can be created among the teachers for this extra work which will be placed upon them unless some such arrangement is made.

The Agricultural Department could very well arrange to supply seeds and the few implements required either free or at a reduced rate at least at the commencement.

Letter No. 13631—2231, dated 9th February 1915, from the Inspector-General of Education in Mysore, to the Director of Agriculture in Mysore.

With reference to your letter No. 2674, dated 31st March 1914, I have the honour to state that I agree with you, in the main, on the lines on which you propose the imparting of instruction in Rural Science. I have herein made a few suggestions, as to which I request you will be so good as to send me your opinion. The sanction of Government will then be applied for.

The first step to be taken is to train the teachers. And I propose, therefore, to send every year sixteen teachers to you. They will spend eight months at Bangalore in studying Agriculture and Veterinary Science and the remainder at Mysore in picking up a knowledge of a few other subject useful for general village improvement. The Agricultural and Veterinary teachers at the Mysore Normal School will be transferred to Bangalore and placed respectively under your and the Veterinary Superintendent's orders to assist in the work of teaching.

The teachers under training will get a stipend of Rs. 15 a month.

It would be convenient to commence the course either in January or in June every year.

The question of the selection of the schools and the finding of the requisite plot of land may be taken up later on, when the teachers are ready for work. Meanwhile, I should feel highly obliged if you would be so good as to furnish me with an estimate of probable costs for equipping a village day school with the requisite appliances and implements for teaching this subject.

As for "Continuation" Schools, which you propose to place under the Agricultural Supervisors, I shall be glad to arrange for the school-house being placed at their disposal during the non-school hours.

Letter No. 4267, dated 18th February 1915, from the Director of Agriculture in Mysore, to the Inspector-General of Education in Mysore.

With reference to your letter No. 13631-2231 of the 9th instant, I have the honour to state that I am agreeable to the suggestions made therein. The course should commence in June each year and if the transfer is to be made during the present calendar year, it will be necessary to obtain Government sanction immediately so that the necessary arrangements for housing the teachers and giving them instruction can be made.

With reference to the probable cost of equipping village schools for teaching in rural science, I shall submit an estimate shortly.

Letter No. 5385, dated 23rd April 1915, from the Director of Agriculture in Mysore, to the Inspector-General of Education in Mysore.

With reference to your letter No. 15059—2688 of 26th March 1915, I have the honour to send herewith a provisional estimate of the requirements needed for starting elementary rural science instruction on the supposition that about one acre of land will be made available for the use of the pupils.

	Rs.
One plough with extra shares	20
Hand implements such as guddalies, mamuties, rakes, etc. ...	15
Small pots for raising seedlings	5
Jars for studying insect life	5
One hand lens for use of teacher	6
Insect cabinets	10
Miscellaneous glassware, etc., for simple experiments ...	14
Seeds, manures, etc.	20
	95 or

roughly rupees one hundred.

No. 5065-79—Agri. 130-13-6, dated 22nd March 1916.

With regard to the use of the plough, a pair of bullocks would have to be provided by the people of the village for about two days to do the ploughing of the land. For the rest of the ploughing season, the plough could be hired out to the people of the village at a rate of annas 2 or 3 per day. We are at present hiring out improved ploughs at annas 3 per day and the demand is considerable.

With regard to seeds and manures, the Agricultural Department could arrange to supply seeds free of charge as well as small quantities of manures. It should not be difficult to get in addition a supply of cattle manure sufficient for one acre free of cost from the village people. The actual net expense should thus work out at not much over Rs. 75 per school. When the school is once provided with needful equipments, the annual expenses of upkeep for this work should not amount to over Rs. 20 per school.

D. O. letter No. 504, dated 23rd August 1915, from the Director of Agriculture in Mysore, to the Inspector-General of Education in Mysore.

With reference to your D. O. No. 274 of the 21st instant, I have to state that there is no accommodation for boarding and lodging for the teachers referred to therein and that quarters will have to be erected for them as well as for short course students.

No. 5065-79—AGRI. 130-13-6, DATED 22ND MARCH 1916.

APPENDIX C*

SYLLABUS OF ELEMENTARY COURSE IN AGRICULTURE†

I.—Plant Production

No. 741, dated Bangalore, 14th September 1915, from the Secretary, Education Committee, to the Secretary to Government, Departments of Education and Agriculture, Bangalore.

I am directed to state that in connection with the question of giving agricultural instruction in elementary schools a subject on the programme of the Committee for the current year, a Sub-Committee composed of Dr. Coleman, Mr. C. Krishna Rao, and Mr. V. Subramanya Iyer, was appointed to consider the question and report upon it.

The recommendations of the Sub-Committee were discussed at the meeting of the Committee held on the 28th August 1915 and were approved with slight modifications.

The Committee recommend that a beginning in this direction may be made either in the Bangalore or the Tumkur District, that a group of 20 elementary schools in a compact area be selected by a Committee, that a competent teacher be employed in each of the selected schools and that an annual bonus be given him.

The scheme also contemplates the holding of an annual exhibition of products raised and the award of prizes to the most successful competitors.

In pursuance of the resolution passed at the meeting on the subject, I am to submit herewith for the orders of Government a copy of the scheme as approved by the Committee.

No. 5065-79—Agri. 130-13-6, dated 22nd March 1916.

APPENDIX B.

The Mysore Economic Conference, Education Committee.

The Sub-Committee appointed to consider and report on the question of Agricultural Education met at 8 A.M. on Tuesday the 11th August 1915, in the office of the Director of Agriculture.

Present.

Dr. L. C. Coleman, M.A., Ph.D.
C. Krishna Rao, Esq., B.A.
V. Subramanya Iyer, Esq., B.A.

In regard to the question of giving agricultural instruction in elementary schools it was considered that the following recommendations might be made:—

1. That in consideration of local facilities a beginning might be made in the Tumkur or Bangalore District.

2. That a number of elementary schools not exceeding 20 situated in a compact area but not necessarily in one taluk, be selected by a Committee consisting of the District Inspector of Education, District Economic Superintendent, and Agricultural Inspector, the selection to be approved by the Deputy Commissioner in consultation with the Director of Agriculture.

3. That arrangements be made to employ in each of the selected schools a teacher who has successfully undergone a course of agricultural training, the selection being made from among those who are reported to have taken a most intelligent interest in practical Agriculture.

4. That the agricultural work of the selected schools be carried on under the guidance of an Agricultural Supervisor appointed for the area under the general control of the Agricultural Department.

5. That agricultural instruction be confined to pupils that have passed the III vernacular standard.

6. That the scheme of agricultural work to be pursued in each school be issued by the Agricultural Department in consultation with the Inspector-General of Education.

7. That the tools, implements and other articles required for each school be supplied by the Education Department.

8. That each teacher entrusted with agricultural work be granted an annual bonus varying from Rs. 20 to Rs. 50 on a recommendation based on the result of periodical inspections conducted by the Agricultural Department.

9. That an annual exhibition of products raised be held at a central place and prizes awarded to the most successful exhibitors.

No. 742, dated Bangalore, 14th September 1915, from the Secretary, Education Committee, to the Secretary to Government, Departments of Education and Agriculture, Bangalore.

In connection with the subject of Agricultural Education allotted to the Committee for work this year, a Sub-Committee consisting of the Director of Agriculture, the Assistant to the Inspector-General of Education and the Secretary, Education Committee, was appointed to consider the question in all its aspects.

While submitting their recommendations on some of the allied subjects, the Sub-Committee sent in their views regarding the feasibility of starting vernacular schools for giving agricultural instruction to the children of raiyats and others intending to adopt agriculture as their chief occupation. The report of the Sub-Committee was considered at the meeting held in August and modified. The Committee are of opinion that one or two such schools may be opened in connection with experimental farms, that the course be one of four years and that provision for literary education in addition be made.

I am to submit herewith as resolved, for the orders of Government, a copy of the scheme as amended by the Committee.

APPENDIX C.

The Mysore Economic Conference, Education Committee.

The Sub-Committee appointed to consider and report on the question of Agricultural Education met at 8 A.M., on Tuesday the 11th August 1915, in the office of the Director of Agriculture.

Present.

Dr. L. C. Coleman, M.A., Ph.D.
C. Krishna Rao, Esq., B.A.
V. Subramanya Iyer, Esq., B.A.

No. 5065-79—AGRI. 130-13-6, DATED 22ND MARCH 1916.

In regard to the starting of vernacular schools for giving agricultural instruction to the children of raiyats and others intending to adopt agriculture as their chief occupation, it was considered that the following recommendations might be made :—

1. That early arrangements be made to open one or two vernacular agricultural schools in connection with experimental farms.

2. That admission to the school be confined to pupils that have passed the III standard.

3. That the course be one of four years and the provision be made for literary education in addition to instruction in agriculture, two hours each day being devoted to literary education.

4. That residential accommodation be provided for pupils who live at a distance.

Loans granted for Agricultural and Industrial Purposes.

No. 4953-7—A. & I. 56-15-62, DATED 21ST MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 2097-145—G. M. 55-12-239, dated 2nd September 1913, laying down rules to regulate the grant of loans for industrial and commercial purposes.

2. Government Order No. 3917-S—A. & I. 56-15-51, dated 9th February 1916, approving of the proposal of the Director of Industries and Commerce for the recovery of penal interest at the rate of 12½ per cent on overdue instalments, payable under the hire purchase system from the date of default, and requesting him to suggest the necessary amendments to the rules.

3. Letter No. 3090, dated 12th February 1916, from the Director pointing out that the order read above applies only to hire purchase agreements, that it is necessary to apply the provision *re* penal rate of interest to ordinary industrial takavi loans also and suggesting amendments to the rules as required.

Order No. 4953-7—A. & I. 56-15-62, dated 21st March 1916.

Government are pleased to approve of the Director's suggestion and to direct that the rules be amended as follows :—

(*a*) *For*

Rule 9.—"On every instalment which is not paid before the close of the revenue year in which payment falls due, interest at 6¼ per cent will be charged from the date on which payment ought to have been made.

In calculating interest under this rule a broken period of a month shall count as half a month or one month according as it is less or not less than fifteen days and a fraction of a rupee as half rupee or one rupee according as it is less or not less than 8 annas.

(*b*) *For*

Condition III (iii) of Form 3 attached to the Rules.

"If default in payments of annual instalments on account of the loan occurs, or if the aforesaid.....should contravene any of the conditions under which the loan is granted, the unpaid balance of the loan shall be recoverable as an arrear of land revenue."

Substitute.

Rule 9.—"On every instalment which is not paid on the due date the Director shall have power to recover interest at 12½ per cent per annum on the amount due from the date on which the payment ought to have been made.

In calculating interest under this rule, a broken period of a month shall count as half a month or one month according as it is less or not less than fifteen days and a fraction of a rupee as half rupee or one rupee according as it is less or not less than 8 annas.

Substitute.

Condition III (iii) of Form 3 attached to the Rules.

"If default in payments of annual instalments on account of the loan occurs, the Director shall have power to recover interest at 12½ per cent on the amount due from the date on which the payment ought to have been made. In calculating interest under this rule, a broken period of a month shall count as half a month or one month according as it is less or not less than fifteen days and a fraction of a rupee as half rupee or one rupee according as it is less or not less than 8 annas.

If the aforesaid.....should contravene any of the conditions under which the loan is granted, the unpaid balance of the loan shall be recoverable as an arrear of land revenue."

No. 4953-7- A. & I. 56-15-52, dated 21st March 1916.

(c) *For*

Clause 8 of Form 4, hire purchase agreement.

"8 If the hirer—

(*a*) shall make default in punctually paying any hire instalment or

(*b*) shall be adjudicated bankrupt or shall file a petition in insolvency or enter into any arrangement or composition with his creditors or

(*c*) shall execute or create any mortgage, incumbrance or charge of or upon the premises in or upon which the machinery may, for the time being, be, or give notice of his intention so to do as provided by the last preceding clause, or

(*d*) shall fail to observe and perform any of the agreements and conditions contained in this agreement and on his part to be observed and performed,

then, and in any such case, it shall be lawful for the Director to immediately put an end to the hiring, and for that purpose the hirer hereby authorises the Director or any one deputed by him to enter upon any premises in which the machinery may be for the time being, and to seize and take away the same."

Substitute

8 If the hirer shall make default in punctually paying any hire instalment, the Director may levy overdue interest on such instalment at 12½ per cent per annum from the date on which the instalment became due until the date of payment of the instalment and the accrued interest.

9. If the hirer—

(*a*) shall be adjudicated bankrupt or shall file a petition in insolvency or enter into any arrangement or composition with his creditors, or

(*b*) shall execute or create any mortgage, incumbrance or charge of or upon the premises in or upon which the machinery may, for the time being, be, or give notice of his intention so to do as provided by the last preceding clause, or

(*c*) shall fail to observe and perform any of the agreements and conditions contained in this agreement and on his part to be observed and performed,

then and in any such case, it shall be lawful for the Director to immediately put an end to the hiring and for that purpose the hirer hereby authorises the Director or any one deputed by him to enter upon any premises in which the machinery may be for the time being, and to seize and take away the same.

The subsequent clauses of Form 8 will be re-numbered 9, 10, 11 ....15.

No. 5271-5—A. & I. 146-15-2, DATED 24TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 7630-4—G. M. 67-13-222, dated the 19th March 1914, sanctioning the proposal of the Industries and Commerce Committee to award scholarships to deserving students to enable them to study industries, and calling for a definite scheme.

2. Letter No 1818, dated the 24th January 1916, from the Secretary, Mysore Economic Conference, submitting a scheme for the grant of such scholarships.

Order No. 5271-5—A. & I. 146-15-2, dated 24th March 1916.

The Committee are of opinion that, in addition to the scholarships now granted in the Education Department for industrial and technical training in and outside the State, a certain number of scholarships may be instituted for young men or artizans engaged in practical work in factories or workshops. They accordingly recommend the grant of the following scholarships, subject to the condition that they do not overlap those granted in the Education Department:—

(1) Three superior scholarships of the value of Rs. 50 each per mensem for providing practical training in factories and workshops to students who have obtained high technical training either in India or elsewhere.

(2) Thirty artizans' scholarships of three grades, *viz.*, Rs. 5, Rs. 7-8-0 and Rs. 10 each per mensem to artizans and others to enable them to acquire modern methods of work in established industries in any suitable workshop or factory.

2. Government are pleased to sanction the Committee's recommendation tentatively for a period of three years and to approve of the scholarships being awarded under the following rules:—

(i) The scholarships will be granted by the Industries and Commerce Committee and only to persons who are natives of Mysore either by birth or domicile.

No scholarship will be granted for training in technical schools.

(ii) Only such persons as are in the opinion of the Committee likely to earn a livelihood in the State by the pursuit of the industry, either by reason of their technical training or otherwise, will be eligible for the scholarships.

(iii) The term of each scholarship will ordinarily be one year, but the period may be extended from year to year up to three years at the option of the Committee in the case of promising candidates.

(iv) The continuance of the scholarships will depend on satisfactory reports of progress from the manager of the factory or the workshop.

(v) Any scholarship-holder that fails to complete his course of training or after completion of the course is not employed in any business in which the training is of use, shall, if required, be bound to refund half the aggregate amount paid to him in the shape of scholarships.

(vi) Either the whole or a part of the wages of the students under training earned in the workshop or factory, will be liable to be credited to Government at the option of the Committee.

No. 5271-5—A. & I. 146-15-2, DATED 24TH MARCH 1916.

3. The cost on account of the scheme will, during the current year, be met from savings in the budget of the Industries and Commerce Committee, necessary provision being made therefor in future in the budget of the Industries and Commerce Department.

4. A report on the working of the scheme should be submitted to Government at the end of one year.

READ—

Report on the working of the Agricultural Banks in the State during the year 1914-15, received with letter No. 49, dated 23rd October 1915, from the Inspector of Agricultural Banks.

2. Letter No. 349, dated 21st—23rd December 1915, from the Registrar of Co-operative Societies in Mysore and Inspector of Agricultural Banks, furnishing certain additional information on the subject.

Order No. 4533-43—A. & I. 101-15-4, dated 11th March 1916.

Recorded.

2. The total number of Agricultural Banks in the State is 59, out of which 4, *viz.*, those at Kolagumsi, Vittagondanakoppa, Turuvekere and Talya, have been finally and formally wound up.

The Bank at Palahalli in the Seringapatam Taluk and that at Hongenahalli in the Malur Taluk were the only working institutions during the year. These two Banks had an aggregate membership of 72 and a reserve fund of Rs. 8,722-11-0. All the rest have been transacting no business.

3. The Bank at Nanjangud which had purchased certain landed property from one of its members in satisfaction of a debt due by him is reported to have disposed of the land in auction for a sum of Rs. 1,250 agreeably to the directions contained in Government Order No. Fl. 1091-9—B. 51-08-2, dated 16th August 1909.

4. Five institutions discharged their dues in full to Government during the year under review, and at the end of June 1915 there were 13 Banks in arrears to Government, to the extent of Rs. 51,553-3-2.

Out of the 59 Banks, 46 have completely paid up the Government loan. Thirty-three of these Banks have accumulated surplus amounts to the extent of about Rs. 18,667-7-9 available for being utilised on some purpose of local public utility. The attention of the Deputy Commissioners of Districts is invited to Memo No. 4741-48—A. & I. 52-14-2, dated 8th May 1915, and they are requested to arrange for meetings of share-holders and members and to pass the necessary resolutions for utilising the surplus funds. A special report on the subject should be submitted by the 30th April 1916.

5. There are large arrears to be recovered in the Bangalore and Mysore Districts and this fact is attributed partly to want of co-operation on the part of the Revenue authorities. The attention of the Deputy Commissioners of the Bangalore, Mysore and Kolar Districts, in which such co-operation is most required, is once again invited to the directions issued in this respect in Government Order No. 2064-74—A. & I. 58-14-2, dated 19th December 1914, and they are requested to communicate with the Inspector of Agricultural Banks and arrange at once for all necessary steps to be taken and submit a report by the 30th of April 1916 as to the amounts recovered and the balance outstanding.

READ—

Letter No. 691, dated 27th September 1915, from the Secretary, Economic Conference, submitting a scheme drawn up by the Industries and Commerce Committee for the encouragement of merchants to travel abroad to acquire industrial and commercial knowledge, and recommending the grant of certain concessions.

2. Letter No. 749, dated 1st October 1915, from the same Officer on the subject.

Order No. 4592-4—A. & I. 90-15-3, dated 13th March 1916.

Government are pleased to approve of the scheme tentatively for a period of three years and to direct that the following concessions be offered to merchants who undertake to travel abroad:—

(1) Half the amount required will be granted free by Government, the other half being advanced as a loan at 4 per cent interest per annum on proper security,

(2) the loan should be repaid in five yearly instalments after the applicant's return,

(3) the total amount of the loan should not exceed Rs. 6,000, in each individual case,

(4) persons having sufficient knowledge of English and actually engaged in industries or commerce should be given preference, and

(5) if the person who receives a loan sends or furnishes information useful for promoting the economic or commercial interests of the State, further concessions at the discretion of Government may be shown to him after his return.

2. Subject to these general rules, each case will be decided on its merits.

3. The Industries and Commerce Committee is requested to arrange to provide intending applicants with information regarding the concessions likely to be granted and select candidates and forward their names to Government with full details regarding the concessions recommended, the object for which the voyage is undertaken, the period of the tour and the amount to be sanctioned in each case.

4. The Secretary, Economic Conference, is requested to obtain detailed proposals regarding the number of merchants who may be sent abroad this year, pointing out the source in the current year's budget of the Conference from which the cost of the scheme may be met and specifying the amount of funds to be provided in future years on this account. He should also arrange for the selection of suitable candidates before the end of May next.

5. A report on the working of the scheme will be included in the annual report of the Industries and Commerce Committee.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. 4577-90—M. F. 125-05, dated 20th April 1908, passing orders regarding the honours to be shown to the Swamigalu of the Sri Yethirajaswami Matha at Melkote in the French Rocks Sub-Taluk.

2. Petition Registered No. 123, dated 6th July 1908, from the Agent of the Sri Parakalaswami Matha, praying for a review of the above order.

Order No. 2103-6—Muz. 780-08-5, dated 10th March 1916.

The Parakala Matha takes objection to the remarks contained in para 8 of the Government Order read above and further adds that the honours which have now been granted by Government to the Sri Yethirajaswami Matha are inconsistent with the special privileges of the Sri Parakalaswami Matha.

2. In the light of the findings of the Committee appointed for investigation of the claims of the Sri Parakala Matha for Agra Tirtha honour in Vishnu temples, Government are of opinion that some of the statements made in Government Order No. 4577-90—M. F. 123-05, dated 20th April 1908, concerning the antiquity and status of the Yethiraja Matha require revision. But the honours ordered to be shown to the Swami of that Matha are such as may fairly be allowed to a Brahmin Mathadipathi of that standing. The grant of such honours would not, as stated in the said order, in the least affect the higher status and honours accorded to the Guru of the Sri Parakalaswami Matha.

3. Government are therefore pleased to confirm the said order, in so far as it concerns the grant of the honours to the Swami of the Yethiraja Matha.

No. 2163—Muz. 273-14-7, dated 17th March 1916.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. *of 1915-16.*

Appellant	*vs.*	Respondent
Rudramma		Lakshmidevamma.

Subject.

Archakship of Sri Tyara Malleswaraswami temple at Hiriyur.

Facts of the case:

The temple of Sri Tyara Malleswaraswami at Hiriyur is a Muzrai institution. One Suramallappa was the original holder of the Pujari office; and on his death his adopted son Veerachari succeeded and he died in 1910, leaving behind him a widow Rudramma, the present appellant and his adoptive mother Lakshmidevamma.

The Dharmadarsis of the temple allowed Nanjappa and Channappa, the natural brothers of the deceased Veerachari to officiate, whereupon Rudramma moved the Amildar to have the office registered in the name of the minor Chickeerappa adopted by her on the strength of an oral authority alleged to have been given by her husband, the duties being discharged by Gundappa, her brother, and the natural father of the minor. The Amildar passed an order on these lines and this was appealed against by Lakshmidevamma who claimed the office in her own right. Finally both the parties entered into a compromise and presented a mutchalika before the Amildar, that they had agreed to the registry of the office in the names of Chikeerappa and Channappa, the puja being attended to by rotation every year by Channappa and Gundappa during the minority of Chikeerappa. On the recommendation of the Amildar the Deputy Commissioner agreed to give effect to the compromise. Subsequently Rudramma repudiated the compromise on the score that it was extorted from her by the Amildar and prayed the Deputy Commissioner for the cancellation of his order and a decision on the merits of the case. On further enquiry the Deputy Commissioner held that the adoption has not been made out and that there was nothing to show that the consent to the compromise was obtained by force and directed that his previous order should be given effect to. Against this order Rudramma appealed to Government. The case was heard before Government on 23rd December 1915, the appellant being represented by Mr. T. Appu Rao, Advocate, and the respondent by Mr. C. Krishna Rao, Advocate.

Decision.

Both parties entered into a compromise, and according to it, an order was passed directing that the appellant and the respondent should each appoint a gumasta to do the work by turns. This has come into operation. The appellant wishes to get the exclusive right of her adopted son recognised. At the time of the rajinama, this adoption had not taken place as mentioned therein.

The appellant has given some evidence to prove adoption by her of Chickeeriah, but it is not sufficient to prove the adoption against the respondent who denies it.

As the case of adoption has been brought forward after the case had been decided as between the appellant and respondent, it need not be enquired into at present. A petition may be filed again in the name of the minor, and if adoption is proved this rajinama will not be binding on him. There is no need to interfere with the Deputy Commissioner's order at this stage. The appeal is therefore dismissed.

The adopted son may either get a decree of the Civil Court or if so advised, file a claim under the Muzrai Regulation before a Muzrai Officer to get his claim recognised.

No. 2163—Muz. 273-14-7, dated 17th March 1916.

Memo No. 2163—Muz. 273-14-7, dated 17th March 1916.

Copy of the above is forwarded to the Deputy Commissioner, Chitaldrug District, returning the vernacular records received with his letter No. 461, dated 6th April 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 271, dated 31st December 1915, from the Deputy Commissioner, Kolar District, stating that the Sri Ranganathaswami temple at Rangasthala in the Chikballapur Taluk is an important institution noted for its antiquity and as it has no funds to maintain it in good condition, the Dharmadarsis and the Taluk and District Board members propose the levy of fees at the marginally noted rates on cattle and shops that assemble during the temple jatra in the month of December of every year and utilize the realizations for the improvement of the temple and providing the necessary water-supply during the jatra; and recommending sanction to the proposal.

	Rs.	a.	p.
(1) For every head of bullock ...	... 0	1	0
(2) Do calf ...	... 0	0	6
(3) Big shops, viz., vessels and cloth shops	... 1	0	0
(4) Ordinary shops	.. 0	8	0
(5) Minor stalls such as flowers, betel leaves, etc	... 0	4	0

Order No. 2300-1—Muz. 385-15-2, dated 27th March 1916.

The levy of fees on cattle and shops at the rates recommended by the Deputy Commissioner is sanctioned as an experimental measure for a period of two years.

2. The Deputy Commissioner is requested to submit a report at the end of the period on the effect of the levy upon the popularity of the jatra and the additional income brought to the temple.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No 51, dated the 13th September 1915, from the Superintendent, Government Museum, submitting for the approval of Government, a set of draft rules for the preservation and periodical destruction of records of the Government Museum.

Order No. 40—E. A. G., dated 20th March 1916.

The classification of papers proposed by the Superintendent is revised mainly with a view to simplification. The rules as approved are printed as appendix to to this order.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Superintendent, Government Museum

Exd.—C R

No. 40—E. A. G., dated 20th March 1916.

Rules for the Preservation and Destruct on of Records in the Government Museum.

The Records of the Museum shall consist of—

1. Correspondence, and
2. Registers.

These should be divided into—

(i) Current and

(ii) Old.

All those papers and registers that are being dealt with in the current year should be termed 'Current' and all those of previous years should be called 'Old'.

All the current papers should be arranged chronologically the latest being at the top and the oldest at the bottom in open file boards and classified according to their subjects.

Preservation —At the end of each official year the papers of each file which have to be preserved should be stitched together after weeding out all the obsolete and useless papers. Each such stitched file should be provided with a thick outer cover and a facing sheet of contents. The stitched file should then be placed along with similar files of previous years the whole being tied up in bundles of convenient size. Each such bundle shall be complete in itself and shall contain all the papers bearing on a single subject and should show on the outside the subject matter of the records and the date of earliest and the latest papers contained therein.

An index for permanently preserved records should be maintained.

Destruction.—A list of records which require to be destroyed should be prepared. The list should be examined by the Superintendent who after satisfying himself that the records are not marked for destruction too early, pass orders thereon. The records should then be properly torn and burnt or sold as the Superintendent may decide.

The following records should be preserved for the periods noted against them:—

A. Permanent.

Standing Orders, Government Orders and other communications relating to the management of the Museum.

Correspondence relating to departmental schemes.

Do do office accommodation.

Do do pension.

Descriptive notes and pamphlets on individual or collective exhibits.

Memos or orders of appointments or promotion.

Papers containing information with regard to identification of specimens, etc.

Administration reports.

From and To registers.

General Exhibit register.

Sectionwar register.

Library register.

Stock register of furniture.

Acquittance roll.

Schedule of establishment.

Specifications of inventions.

Service registers to be preserved until claimed by the officer concerned; otherwise to be destroyed at the end of three years after the resignation, dismissal or retirement of the official.

B. For five years.

Papers relating to exhibitions, rendering assistance to visitors and supplying information, etc.

Attendance register.

Stationery register.

Contingent register and papers connected with contingent expenses.

Visitors' abstract register.

Local Delivery Book.

No. 40—E. A. G., dated 20th March 1916.

Tappal book.

General visitors' book.

Library visitors' book.

Budget estimates and papers relating thereto.

Statements of fresh men entertained.

Statements of promotion given.

Stationery indents.

Orders *re* reappropriations.

Sanctions of Government for travelling allowance, leave, etc.

Correspondence relating to Library.

C. For one year.

Periodical reports and returns in miscellaneous matters.

Enquiries on miscellaneous matters and replies thereto.

Orders, reports, petitions, books, statements, etc., which obviously appear to be of no permanent interest.

Statements of dismissals.

Do of retirements.

Casual leave applications and memos.

Reminders from Government.

Reminders to Government.

Covering letters of periodical returns.

Acknowledgment of books and other publications.

No. 48—E. A. G., DATED 18TH MARCH 1916.

READ—

Correspondence ending with letter No 1140, dated the 15th November 1915, from the Superintendent, Government Press, submitting a revised list of questions for the inspection of the Press office.

Order No. 48—E. A. G., dated 18th March 1916.

The proposed form of inspection questions is approved with certain additions as printed in the appendix to this order. The Superintendent will, as proposed, inspect the Press office once a year in January or February and report the result to Government within a month after the close of the inspection.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Superintendent, Government Press.

Exd.—C R.

No. 48– E. A. G., dated 18th March 1916.

MEMO OF QUESTIONS FOR THE INSPECTION OF THE OFFICE OF THE SUPERINTENDENT, GOVERNMENT PRESS.

1. Name of Inspecting Officer with designation.....

2. Duration of inspection { Date commenced..... / Date concluded.. .....

3. Previous inspection { Date..... / Name of Inspecting Officer.....

QUESTIONS.

1. General.

1. Is the accommodation for the Press sufficient and suitable? Are the rooms and premises kept clean?

2. Is an attendance register in use? Who checks the register daily?

3. How many branches are there in the Press, and what is the staff of each branch?

4. What are the qualifications of each permanent member of the staff of each branch, and are they suitable and sufficient?

2. Service Registers, List of Establishment, etc.

5. Is an up-to-date list of establishment both clerical and menial maintained?

6. Is a record of qualifications and services of the ministerial officers maintained up-to-date?

7. Is a service register maintained for every permanent official and brought up-to-date? Are these registers arranged in order and kept in the records in a separate box? Who keeps the key of the box?

8. Is an Office Order Book maintained? Are orders of leave, punishment, etc., regularly recorded and given effect to?

9. Is a register of applications for appointments maintained, and are selections made therefrom?

10. Are all appointments made in accordance with rules pertaining to the Department?

3. Distribution of Work.

11. Is a record of distribution of work among the several clerks in the Office Branch

maintained? Is the work assigned to each official sufficient without being excessive?

12. Is a turn book maintained for distribution of work among the compositors? Are instructions to keep this book in order followed strictly?

4. Arrear Lists.

13. Is a list of work pending in the Press prepared and submitted by the 5th of the month following?

14. Is this list scrutinised carefully by the ministerial head of the office and necessary action taken promptly?

A copy of the latest list may be appended?

5. Reports and Returns.

15. Is a statement of the periodical reports and returns due to Government prepared and maintained up-to-date? How many and which returns were overdue at the time of inspection?

6. Inventory.

16. Is a register of furniture, plant and materials in the Press maintained and submitted to Government within the due date? Are all articles entered therein together with details as to the cost and date of purchase of each? Is a note made in the register of all articles lost or which have become unserviceable? Is the furniture adequate to the needs of the office or more than necessary? What is the condition of furniture kept?

7 Stationery and Forms.

17. In whose custody is the office stationery? Are the stock and issue registers regularly maintained? Are they submitted monthly for the inspection of the officer in charge? Is a verification by stock-taking done once a year?

18. Is a register of periodical issue of stationery maintained as per Stationery Rules? Are old and unserviceable articles sold by public auction and the proceeds credited to Government? (*vide.*, Rule 9. of the Stationery Rules.)

8. File of Standing Orders.

19. Is a complete set of the standing orders of Government relating to the working of the Press maintained? Is it complete and up-to-date? Is it provided with a table of contents and index?

9. Corresponding Registers.

20. Are "To" and "From" registers properly maintained with cross references regularly marked?

21. Are a peon book and a tappal book maintained?

10. Cash and contingencies.

22. Are the following registers maintained?

(1) Cash Book, (2) General Ledger, (3) Contingent Register, and (4) Order Book for contingent charges.

23. What is the amount of permanent advance held by the office? Is an account of it correctly kept? What is the balance on hand? Is it forthcoming?

24. (*a*) Is there any money on hand awaiting remittance to the Treasury? Details may be furnished.

(*b*) Are there any long standing advances made out of the office imprest awaiting adjustment? Details may be furnished.

25. Are all the charges incurred on account of contingencies entered in the contingent register from day to day? Are totals struck at the end of the month? The necessity for any unusual charges may be scrutinised.

26. Are all contingent charges incurred under the authority, sanction of higher officers being obtained where necessary?

27. Is the abstract contingent bill drawn at the end of each month in the manner laid down in Article 83 of the Civil Account Code, and the initials of the head of office obtained?

28. Is the expenditure kept within the budget grant?

29. Are the detailed contingent bills of each month submitted with vouchers regularly by the 1st week of the succeeding month as required by para 210 of the Mysore Treasury Manual? Are all disallowances promptly deducted from the succeeding contingent bills?

Is the account of service postage labels correctly written up? Who keeps them and where? Does the stock on hand agree with the book balance?

30. Are salary bills prepared with reference to the attendance register, leave register and office order book? Are drafts of the pay bills maintained?

31. Is an acquittance roll maintained? Are all salaries drawn duly disbursed and proper receipts

taken therein? Is a stamped receipt obtained for payments of over Rs. 20. Is the register examined every month by the head of office?

32. Are the bills and payments posted in the Cash Book?

33. Is undisbursed pay short-drawn invariably in the pay bill of the next month?

34. Is necessary sanction obtained for drawing the pay or allowances of incumbents of appointments requiring sanction of the higher authorities?

35. Are all sums drawn on travelling allowance bills disbursed and acquittance taken?

36. Are drafts of the office travelling allowance bills maintained in a register? Is there any undisbursed travelling allowance kept on hand? Are the rules laid down in Government Order No. Fl. 2187-235—S. & A. 53-15-4, dated 19th November 1915, regarding undisbursed travelling allowance duly observed?

Have personal claims of officers to pay allowances and increments been discharged without delay? If any are delayed what is the cause for the same?

37. Are pension applications prepared and submitted in time as required by Government Order No. Fl. 7315-55—S. & A. 484-08-1, dated 7th May 1909?

38. How many cases are pending and why?

11. Records.

39. The rules, if any, under which the records are arranged may be quoted. If no such rules exist, the system of arrangement followed (subject-war or chronological, etc., may be briefly explained.

Are all the records of the office kept in proper order and condition?

41. Are rules framed for regulating the periodical destruction of unserviceable records observed, and have all time-expired papers been eliminated according to such rules?

12. Composing Department.

42. Is a work register maintained and kept up-to-date shewing the date of receipt of work and the date of sending the forms to the machine room?

43 Is the composing room kept clean, cases without pie, materials in their proper places and so on?

44 Are the valuation vouchers sent into the office branch within the prescribed time?

45 Are the hour account memos properly scrutinised and the amount claimed checked in accordance with the nature of work done?

46 Are there any complaints in the matter of the receipt of wages by the men?

47. Are all confidential papers received in the Press dealt with satisfactorily? Have there been any complaints in dealing with these?

48 Is a complete file of all standing matter properly kept? Are rules regarding the distribution of standing matter observed?

13. Type Store.

49 Is the type store-keeper keeping the type and material in his charge satisfactorily? Is he issuing all material upon an indent initialled by the Chief Foreman or other officer?

50. Is the matter for distribution kept properly arranged and issued regularly?

51 How many boys are under his care and are they all attending the general education class? How many have picked up the composing work?

14 Gazette.

52 Is the register of receipts of all works received for publication in the Gazette maintained up-to date with all the particulars re the department from which it is received, the number of issues in which it has to be published, the number of spare copies required for the department and the part of the Gazette in which the matter has to appear, duly noted?

53. Are private advertisements published after careful scrutiny and are all monies therefor recovered in advance and credited to the Treasury before they are published?

54 Is the *Mysore Gazette* being issued punctually to time? Have there been any instances of delay?

15 Reading Department.

55 Is the outturn register showing the daily receipt of work for reading maintained up to-date with the number of pages received for 1st, 2nd or final reading and the number of pages received and the arrears left over for the day?

56. Have there been any glaring instances of bad reading entailing punishment of the readers?

57. Is the number of readers and examiners adequate, and are their general qualifications for reading satisfactory?

16. Press and Machine Department.

58. Are the general registers of the Machine Room kept up-to-date? Is the register showing the daily receipt of work in the Machine Room and its distribution properly maintained so as to facilitate ready reference?

59. Have there been any complaints as regards the distribution of work among the machine men by the Printing Foreman?

60. Are all the machines kept clean and in working order? Have there been any serious breakages?

61. Does the Roller-Caster keep all the machines and presses well supplied with good rollers?

62. In how many cases, repairs had to be done in the Public Works Workshop for the machines? Has a properly signed requisition been sent in each case? And what is the total amount of such repairs up-to-date?

17. Gate.

63. At what time the Gate is opened and closed? Are the watchmen looking after the safe custody of things in the Press satisfactorily?

64. Are the workmen searched at the gate by the Gate keeper? Has any detection of thefts been brought to notice?

18. Binding Branch.

65. Are the registers in the Bindery kept up-to-date? Is the daily record of work maintained properly and submitted to the Superintendent daily?

66. Is the Indent Register showing the quantity of materials required for every binding book prepared properly in the counter-foil book and submitted to the higher officers before being sent to stores for compliance? Do the figures in the stores issue book tally with those in the indent register?

67. Are the machines in the Bindery kept in working order?

19. The Foundry.

68. Are the registers maintained in the Foundry kept up-to-date? Are the machines, etc., kept in working order?

69. Are type, leads, stereos, etc., cast in the Foundry delivered to the store-keeper regularly and his signature taken?

20. General Stores.

70. Are the registers maintained in the stores kept properly posted up? Are the articles received from other departments or purchased or supplied by contractors according to the indents passed? Are their quality and quantity correct?

71. Has the store-keeper kept the accounts for materials issued to the different departments correctly?

72. Is the store-keeper giving a receipt for all stores, etc., received and is this receipt in duplicate?

73 Are all articles intended for the use of the Press delivered into the stores in the first instance and checked there and re-issued on indents thereafter?

21. Paper Room.

74. Are the stock and issue registers in the Paper Room maintained up-to-date and correctly?

22. Office Branch.

75. Into how many sections is the office divided, and what is the function of each?

76. Are payments to the permanent and Piece-work establishments made on the 2nd and 16th of each month as per rules in force?

77. Is the work register posted up-to-date and maintained in the order? What is the number of works received up-to-date of inspection?

78 Is an overtime register maintained and checked so that all overtime claims are authorized? Is an abstract of the same prepared and submitted to Government for sanction on or before the 10th of each month?

79. Is the Compositors' line account register maintained in order? Are the line account vouchers checked and their correct money values ascertained and entered in this register against the name of each compositor?

80. Is the machine men's wages register kept all right? Are the values of vouchers correctly ascertained and posted in this register?

81. Is the register of binding work executed in the Press maintained in order? Is a finished copy of the bound book brought to office, and are necessary entries caused to be made in the register showing description of binding, number of copies

bound and so on? Are the wages due calculated as per standard rates and entered?

82. Is the net cost price of each job executed at the Press arrived at and entered in the Valuation Register?

83. Is the value of work turned out for each department ascertained, and a statement submitted to the Comptroller as required?

84. Are all monies received on account of subscriptions to the *Mysore Gazette* remitted to the Treasury and acknowledgments obtained?

85. What is thenumber of subscribers to the English and Kannarese Gazettes respectively?

86. How many publications were received for registration?

87. What is the number of maps, plans, charts or diagrams drawn by the Draughtsman? Is his register maintained up-to-date?

23 Miscellaneous.

88. Is an inspection minute book maintained and written up as laid down in para 4 of Government Order No. 10370-918—E. A. 43-14-1, dated 10th April 1915.

89. Extent to which points noted for action at previous inspections have been attended to.

90. Any irregularities or informalities observed in the course of inspection, whether connected with the printed questions or not and suggestions if any for improving the working of the office.

Famine Relief Works Programme.

No. 429-41—P. W. 2139-51, DATED 6TH MARCH 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

The following review by the Revenue Commissioner in Mysore of the programmes of Famine Relief Works for the year 1915, received with his letter No. 2392, dated the 9th August 1915 :—

Dates of receipt of programmes —The dates on which the programmes of the several districts were received in this office are given below :—

	Public Works Programme.	Village Works Programme.
Bangalore ...	23rd April 1915	30th June 1915
Kolar ...	24th March 1915	24th March 1915
Tumkur ...	7th April 1915	7th April 1915
Mysore ...	15th April 1915	20th April 1915
Hassan ...	15th April 1915	17th April 1915
Shimoga ...	1st June 1915	9th July 1915
Kadur ...	6th March 1915	6th March 1915
Chitaldrug ...	6th March 1915	13th March 1915

It will be seen from the above that none of the programmes (Public Works or Village Works) was received within the prescribed time, *viz.*, 1st March 1915. The programmes for the Kolar, Kadur and Chitaldrug Districts were the earliest to be received in this office and the latest were the programmes of the Shimoga and Bangalore Districts. The Village Works Programme of the Shimoga District was received on 9th July 1915, there being a delay of over four months in its submission.

Defects in the programmes.—The following are some of the defects noticed in the preparation of the programmes :—

(*a*) *Public Works.*—Serial No. 42 in the Kolar District, which is a sanctioned work, has been wrongly classified as III (*b*), while No. 72, an emergency programme, has been classified as III (*a*). Serial Nos. 75 and 134, which are included among sanctioned works, have been wrongly classified as IV and IV (*d*). Serial No. 162, which is classified as III (a), has been included under emergency programmes. There are errors of multiplication in Forms III and IV of the Kolar District. The programmes for the Kadur District include construction and repair of buildings. This is not in accordance with Section 22 (*e*) of the Famine Code. The Districts of Bangalore, Tumkur, Mysore, Shimoga, Kadur and Chitaldrug have not furnished districtwar abstracts of works.

(*b*) *Village works.*—The works shown against the Taluks of Bangalore, Dodballapur, Anekal, Devanhalli and Magadi have been omitted to be classified. Entries have been made in column 10 (names of persons ready to share financial responsibility) against certain Government works in the programmes of the Mulbagal, Bagepalli and Goribidnur Taluks. It is not clear whether the persons mentioned therein have promised to share financial responsibility. If they have not done so, the entries are incorrect. In the programmes of the Tumkur and Kadur Districts, similar entries have been made against column 10. This also seems to be incorrect. No entries have been made in the remarks column of the programmes of the Mysore and Hassan Districts and for certain taluks of the Shimoga District. Form III for the Shimoga District has not been received.

Summary of the programmes.—The total number of projects of all kinds in the Public and Village Works is 7,079 of an estimated aggregate cost of Rs. 2,72,36,979. Of this, the portion available for relief is estimated at Rs. 1,87,41,423 providing employment for

No. 429-41—P. W. 2139-51, DATED 6TH MARCH 1916.

28,11,21,345 units of labour. Particulars of the several classes of projec's are given in the following statement:—

Classification of projects			Number	Total estimates	Amount available for relief workers	Units
1			2	3	4	5
				Rs.	Rs.	
Public Works	Part I Large works	Sanctioned ..	36	82,92,773	41,18,366	6,17,75,490
		Emergency ..	32	51,59,361	38,52,460	5,77,71,900
	Part II Small works	Sanctioned ..	377	35,01,968	19,91,936	2,98,79,040
		Emergency ...	718	53,50,082	38,16,869	5,77,03,035
Village Works	A Class.					
	Part I	Government works	762	8,07 370	8,07 370	1,21,10 550
	Part II	Private aided works	58	1,53,300	1,53,300	22,99,500
	Part III	Private unaided works.	... ...	... .	....	... ..
	B Class.					
	Part I	Government works.	4,682	36,83,262	36,81,262	5,52,18,930
	Part II	Private aided works.	378	2,62,010	2,62,010	39,30,150
	Part III	Private unaided works.	6	26,850	26,850	4,02,750
	Total ..	Sanctioned ..	1,233	1,27,55,111	70,70,972	10,60,64,580
		Emergency ..	5,846	1,44,81,568	1,16,70,451	17,50,56,765
		Grand Total .	7,079	2,72,36,979	1,87,11,423	28,11,21,345

Description of works.—A detailed classification of the projects with the units of labour provided for under each head is given below:—

Description of projects	Public Works		Village Works		Total	
	No	Units in thousands	No.	Units in thousands	No.	Units in thousands
1	2	3	4	5	6	7

Number of persons to be provided for and the adequacy of the programmes.—Under Section 20 of the Mysore Famine Code, provision has to be made for the relief of 7,46,646 persons for six months, *i.e.*, for 13,43,96,280 units. On an examination of the figures given in the following statement, it will be observed that the provision under sanctioned Public Works is very poor in the Kolar, Hassan and Chitaldrug Districts, that the provision made

No. 429-41—P. W. 2139-51, DATED 6TH MARCH 1916.

in the Bangalore and Tumkur Districts falls short of the requirements and that in the other districts, *viz.*, Mysore, Shimoga and Kadur, the provision may be considered to be adequate.

The total absence of "A" class works in the Tumkur District and the poor provision made in the Bangalore and Mysore Districts under Village Works are rather unsatisfactory. The Deputy Commissioners concerned should endeavour to get more projects prepared and get them sanctioned. It will be seen from the statement given below that sanctioned programmes provide for 78 per cent of the total number of units and that taking both the sanctioned and emergency programmes together, ample provision has been made in all the districts.

District	Number of persons to be provided for for six months (Section 20 of the Mysore Famine Code)	Corresponding number of units (figure in column 2×180)	Percentage (column 3=100) of units actually provided for in the sanctioned programme under			Percentage (column 3=100) of units provided for in both the sanctioned and emergency programmes under

Persons available for famine duty.—The following statement shows the number of persons (official and non-official) available for famine duty in the several districts:—

Bangalore	... 690
Kolar	... 390
Tumkur	... 1,367
Mysore	... 160
Hassan	... 216
Shimoga	... 606
Kadur	... 161
Chitaldrug	... 137
Total	... 3,727

Order No 429-41—P. W. 2139-51, dated 6th March 1916.

Recorded.

2. Government regret to observe that none of the programmes was received within the prescribed time, *viz.*, 1st March 1915. It is very unsatisfactory that there should have been a delay of four months in the submission of the Village Works Programmes of the Shimoga and Bangalore Districts.

3. All the programmes except those of the Chitaldrug District (both Public Works and Village Works) and the Hassan District (Public Works only) are found to be either inaccurate or defective, showing that sufficient care has not been taken in their preparation. The attention of the officers concerned should be drawn individually to the errors and omissions for which they are responsible.

4. The attention of the Executive Engineers of the respective Divisions should be called to the deficiency pointed out under sanctioned Public Works in the Districts of Kolar, Hassan, Chitaldrug, Bangalore and Tumkur. The Superintending Engineers should see that every endeavour is made to bring under sanction as many works as possible.

No. 429-41—P. W. 2139-51, DATED 6TH MARCH 1916.

The total absence of "A" class of Village Works in the Tumkur District is most unsatisfactory. The Deputy Commissioner should give his serious attention to this matter at once and remedy the defect which is being pointed out year after year. The Deputy Commissioners of the Bangalore and Mysore Districts should also take the needful steps towards adding more works to their sanctioned lists. The Revenue Commissioner will arrange to get a periodical report from these officers as to the progress made by them in this direction.

5. The inspection reports of Superintending Engineers on the reserves of tools and plant, prescribed in Section 32 of the Famine Code, have not been received. They should see that they are punctually submitted in future.

6. A copy of the abstract statement (Form III) of the Famine Relief Programmes for the year under review is appended for information.

KARPUR SHRINIVASRAO,
Secy. to Govt., P. W. Department.

To—The Revenue Commissioner with the Famine Relief Programmes.
The Deputy Commissioners of Districts.
The Superintending Engineers of Circles.
The Secretary to Government, Revenue Department.
The Secretary to Government, General Department.

Allowance to Officers on Survey Duty in the Railway Department.

No. 2408-11 –Ry. F. 190-15-16, dated 4th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ—

Government Order No. 1857-61—Ry. F. 190-14-15, dated 2nd March 1915, sanctioning the continuance of an allowance of Rs. 100 per mensem to all Executive Engineers and of Rs 50 to all Sub-Divisional Officers (with the exception of Mr. R. N. Mirza) employed in the State Railway Construction Department till the end of June 1916.

2. Letter No. 10503, dated 26—28th October 1915, from the Engineer-in-Chief, State Railway Construction Department, requesting sanction to the continuance of the local allowance of Rs 50 sanctioned for the Sub-Divisional Officers in the above Government Order to Mr. B. R. Garudachar, Sub-Assistant Engineer, while employed on the Mysore-Coorg Railway Survey.

3. Note No. 373, dated 8—10th January 1916, from the Secretary for Railways, explaining that the survey work is as arduous as construction work and soliciting sanction to the above as well as to the grant of similar allowances to officers transferred from the Construction Division to the Survey Division with the exception of Mr. R. N. Mirza

Order No. 2408-11- Ry. F. 190-15-16, dated 4th March 1916.

The Government of His Highness the Maharaja of Mysore are pleased to accord sanction—

(i) to the continuance of Sub-Divisional Officer's allowance of Rs. 50 per mensem to Mr. B. R. Garudachar, while employed on the Mysore-Coorg Railway Survey, and

(ii) to the grant of similar allowances to officers transferred from Railway Construction to Railway Survey, with the exception of M. R. N. Mirza.

READ—

Note No. 81, dated 7—9th August 1915, from the Secretary for Railways, submitting for orders an estimate amounting to Rs. 3,400, for the survey of the proposed tramway between Mysore and Kakankote.

Order No. 2412-14—Ry. F. 146-15-16, dated 4th March 1916.

The accompanying estimate amounting to Rs. 3,400 for the survey of the Mysore-Kakankote Tramway is sanctioned.

2. The expenditure may be met from Rs. 7,000 provided for the purpose in the current year's budget.

3. The Engineer-in-Chief, State Railway Construction Department, is requested to make arrangements for the survey being carried out expeditiously so that the construction may be put in hand early in the interests of the Forest Department.

No 2635-37—Ry. F. 233-15-16, dated 28th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ—

Correspondence ending with letter No. 514, dated the 17th January 1916, from the Engineer-in-Chief, Mysore State Railway Construction Department, submitting for the approval of Government a set of rules for the destruction of records and registers of the department.

Order No. 2635-37—Ry. F. 233-15-16, dated 28th March 1916.

The rules now proposed are an adaptation of those given in paragraphs 567-569 and 950-952, respectively, of the Open Line (Vol. I) and Construction Codes of State Railways in British India. The rules are approved and printed together with the lists referred to therein as appendix to this order.

K. KRISHNAIENGAR,
Offg. Secy. to Govt. for Railways.

To—The Secretary to Government, General Department.
The Engineer-in-Chief, State Railway Construction Department.
The Comptroller, Public Works and Railway Branch.

Exd.—C. R.

No. 2635-37- Ry. F. 233-15-16, dated 28th March 1916.

RULES FOR PERIODICAL DESTRUCTION OF RECORDS IN THE RAILWAY DEPARTMENT.

All official records and books are the property of State and must be carefully preserved unless their destruction be sanctioned by superior authority. The Engineer-in-Chief for Construction or the Agent for the Open Lines is the authority to sanction the destruction of such records as may be considered undoubtedly useless, and in ordering the destruction of such records, great care should be exercised that it is confined to such as are valueless. Unnecessary and useless records should not be accumulated.

2. Records which appertain to the Accounts Branch should not be destroyed without the consent of the Comptroller of the Public Works and Railway Branch.

3. The following should on no account be destroyed :—

(i) Records connected with expenditure which is within the Statute of limitation.
(ii) Records connected with expenditure of works not completed although beyond the period of limitation.
(iii) Records connected with claims to service and personal matters connected with persons in service.
(iv) Cash book of disbursing Officers.
(v) Standard type plans and drawings.
(vi) Completion drawings of works
(vii) Certificates of lorries and trollies.
(viii) Certificates of service granted to staff who left service.
(ix) Land plans.

4. A list showing the period after which the various description of records in standard forms relating to open line and construction may be destroyed is given in the Appendix A attached hereto. This is more or less a copy of the accompaniment to Accountant-General's Circular No. XXI of 1897 and all forms are in general use on the Mysore State Railways.

5. Another list, Appendix B, shewing the period after which the various description of records relating to construction and open lines not included in Appendix A may be destroyed is also attached.

6. Once a year, therefore the Manager or the Head Clerk of each office, should submit a list of such files as are useless in his opinion and which require to be destroyed to the Head of his Office and his orders as to their destruction or otherwise obtained. A list of records so destroyed as also other records destroyed under the rules in paras *supra*, should be made and recorded permanently under the signature of a Gazetted Officer each time their destruction is ordered.

Bangalore,
15th January 1916.

C. DOVE WILSON,
Engineer-in-Chief, State Railway Construction.

No. 2635-37—Ry. F. 232-15-16, dated 28th March 1916.

Appendix A.—List showing the period after which the various description of records relating to open line and construction may be destroyed.

Detailed Estimate amounting to Rs. 14,90,384 for the Construction of the Kolar-Chikballapur Railway.

No. 2654-56—Ry. F. 66-15-16, dated 29th March 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ—

Government Order No. 1144-50—Ry. F. 66-14-15, dated the 30th November 1914, sanctioning an abstract estimate amounting to Rs. 14,90,384 for the construction of the Kolar-Chikballapur Railway.

2. Note No. 506, dated the 8th March 1916, from the Secretary for Railways, Government of Mysore, submitting for sanction a detailed estimate for the Railway working up to the same amount, together with a modified abstract.

Order No. 2654-56—Ry. F. 66-15-16, dated 29th March 1916.

The accompanying detailed estimate and the revised abstract amounting to Rs. 14,90,384 for the construction of the Kolar-Chikballapur Railway are sanctioned.

K. KRISHNAIENGAR,
Offg. Secretary for Railways,
Government of Mysore.

To—The Secretary to Government, Financial Department.
The Comptroller, Public Works and Railway Branch (through the Financial Department).
The Engineer-in-Chief, State Railway Construction Department.

Exd.—C. R.

38	J 3931—Cts 232-15-2 ...	30	The Compiler, *Mysore Gazette*.	Notifies the following temporary promotions of District and Sessions Judges:—

No.	Name	From class	To class	Remarks
1	Mr. Mir Humza Hussain, B.A., B.L.	II	I	During the absence of Mr. R. B. Plumer, Bar-at-Law, on privilege leave for two months and two weeks from the 3rd January 1916.
2	Mr. B. S. Krishnaswami Iyengar, B.A., B.L.	III	II	From the 3rd January to the 1st March 1916, *vice* Mr. Mir Humza Hussain temporarily Promoted to the 1st class.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
39	J 3932 ...	30	The Registr., Ch. Court	Forwards copy of the preceding.
40	J 3933—Cts 210-15-2 ...	31	The Rev. Comr. in Mysore.	With regard to the proposal of the Deputy Commissioner, Tumkur District, that either the Patel or the Shanbhog or both may be directed to help the execution of the decrees passed by the Village Munsiff, states that provision has been made in Section 9 of the Regulation, VII of 1913, for the execution by the village servant of all orders passed by the Village Munsiff who can himself direct the village servant and that the intervention of the Patel or the Shanbhog is therefore unnecessary.
41	J 3938-9—Cts 246-15-1 ...	31	The Regtr., Chief Court and the Dy. Comr., Mysore Dt.	With reference to Subject No. 260 of the Proceedings of the Representative Assembly of 1915 and the reply of Government thereto in the matter of the establishment of a Munsiff's Court at Hunsur, states that Government agree with the Judges of the Chief Court and consider that no change is necessary in the existing jurisdiction.
42	J 3949—Cts 242-15-2 ...	31	The Regr., Ch. Court of Mysore.	Sanctions the discontinuance of certain monthly returns being submitted to the Chief Court and the introduction of revised quarterly returns.
43	J 3948—Cts 215-15-2 ...	31	Nandavara Shamachar Agent, Sri Akshobhya-thirtha Swami Matt, Kudli, Shimoga Tk.	States that there are not sufficient grounds to grant exemption from personal appearance in Civil Courts to the Swamigalu of the said Matt, as his predecessors did not enjoy any such privilege.
